Be My Angel c1995 _____ Death Row Reflections Morgan Herring IV

Here before your astral-shod feet lies a torn
shattered, abused and life-weary soul

Take me! unto thy merciiful fold

Give me! the light of empyrean rebirth
to my darkness-bound spirit

Speak to me! with the balm-laden psalms
of the mystically divine

Heal me! Carry me! to another dimension
and time

Bathe me! Cleanse me! of my bloody
sin-filled bodily shell

Save me! from my trek towards hell

Guide me! to a place of peace and love

Assign me! to a redemptive star

Fill me! with wisdom most sublime

Bless me! with an outpouring of abundant grace

Restore my name! to the eternal scroll

For to you, my angel, I surrender
my heart, mind and immortal soul!

Be my angel!

Condemned 2 Death

Little do you understand
The infantile wounds are present
Within the psyche of this man
Let me show you where they began

Imprinted psychosomatically upon me in the
Embryonic stage
When my mother was on the receiving
End of various boyfriends'
Physically and emotionally abusive rage.
Thereby scarring my tabula rasa at
A most crucially vulnerable age.

When she sought and bought relief
During her pregnancy of things that
Were chemically detrimental to the
Neural architecture growing
Within the cerebral cells of
Gestating baby me.

Now, maybe you see, why the man
Of me reacts so disturbingly violent
It's all in the evolutionary cellular
Indelibility of what long ago happened
Before my birth arrival in this
Society.

It is said way before me by someone
In antiquity "The child is the parent
Of the adult."
To which in modernity I reply
"Today's actions and misdeeds spring forth
From long ago planted good or bad seeds."

Therefore I plead when juries of fate
Deliberate with all due and deliberate
Speed.
Do most probingly search the accused
Life down past his or her roots, and

The Advocate

The Roar of the vengeance-filled bloodlusting
mob
Cows the accused, depraved, scorned
Abused, rejected, despised demented simpleton
All their Hidden wrongs and proclivities have
The perfect de facto venue to assuage their
Deeply covert self-loathing, Hatred and shame
Of having a dark forbidden side.
So in the open they now issue self-righteous
Cries. But in their Hearts is Lies

One rises between the hypocrite driven
Mob
The Advocate for the Hapless
Accused, and states a disservice to the victim
And just logic and proper Rule of Law, we shall
Persue if we heed the passions of this Crowd
And not test and exam by process Due, the
Facts of this matter and see if it lays upon
The State of mind and hands of my client as TRUE!

Think before You Move

@ 2016 mind matrix L.L.C.
Wm. MorganHerring Iv

Think before you move
To whom do you got something to prove
Think seven times before you speak
Nine times before you move
Cause once it's said or done you can't take it back
So gather your facts, be Right and Exact.
Then you can commit the Act.
Think it out very seriously, movin Hastily, cause your fate may
Be the Pen-i-ten-tia-ry!
Be Real Smooth
Think Before you move
That's the way you always end up being the one Who Rules
Your mind is the sharpest tool
More precious than any Jewel
Or more deadly than a Nine
Full of Infinite designs
To Whom do you got Anything to Prove?
Think Rethink before you move
The supreme instrument in da' Hussle
Is the mind that dictates How and When
To use da' muscles
So if you want to be Livin' Large and Successful-lee
Stop and Think, Plan it All out Total-lee
Think before you move!

Sister's Time

copyright 2004 Death Row Reflections
William MorganHerring

Playing Catch Me If You Can
with my baby sister
a little too rough,
must remember,
when so young, they're still as tender
as angel's fluff
I sweep her into my arms
with a hearty roar
as I carry her through the door
We are both laughing and spilling
autumn leaves upon the kitchen floor.
Mom calls You two get ready for dinner
and we comply.
Dad, Gail, Nookie and I,
Oh! and Alex the Doberman too.
Now we're an ideal family.
Pass the biscuits, where's the peas?
Thank you, you're welcome, and Grace is said
before we begin with all of these.
Family dinner table chit-chat all around,
Dad doesn't say too much,
nod's his head with a smile or disapproving frown.
Alex stretches, yawns, and lays back down.
Mom/Gail takes her customary sip of dinner wine
not specifically to aide digestion,
but rather to help her unwind.
Dinner's done.
Sis goes to her room, friends
calling her on her phone.
Me and Dad, smoke a healthy joint
he makes a few observational points
of how things are business-wise coming along.

William MorganHerring

-7-

We're interrupted by the telephone.
It's the call I must heed.
As if she's telepathic
I look up and my baby sister's there
with a wide eyed innocently inquisitive stare.
Can she tell that I must be departing
from this time of family harmony?
She asks "Are you staying, Vonnie? I hope you are."
Something in the way she says it
let's me know she already knows my answer
which makes me feel like I'm being
eaten by a hauntingly unshakable cancer.
With sadness-filled eyes and softly whispered
plea she asks "Why do you always do this
to me... come for a while then go away?"
I silently drop my eyes and head, with a forlorn sigh.
She bravely holds back the welling tears
which makes my soul weary body go a little slack.
What dare I say?
With her heart she senses the truth anyway,
"Promise me you'll call or write"
while on her tiptoes my cheek she reaches up to kiss.
Then she takes my hand
thereby further piercing my already wounded heart anew
when she radiantly declares with love filled, tear dripping eyes
"I'll miss you."
She says a voice trembling "goodnight" to me and Dad,
turns and proceeds back to her bedroom
like a last remaining ray of resilient sunshine as darkness
rushes in.
I'll forever remember and treasure this sight,
she turns and blows me an "I love you" hand to heart
to lips to kiss.

I wait until I think she's cried herself to sleep.
I enter her bedroom and kneel at her bedside,
give her forehead a gentle kiss,
then say over her my farewell prayer.

"Please watch over and protect her, O' Creator.
Keep her safe and strong.
Let her always feel a spiritual Grace guiding her
to choose Right over Wrong.
Help her to one day fully understand,
Yes! I am her only Bloodkin Brother from a woman and man,
but by the Holy Brotherhood she'll never be without
a Guiding Hand.
That within my humble body
resides a most anciently, immemorially, anointed soul,
that is beyond the limiting boundaries of space or time,
eternally on call 25/8, to serve Humankind."

"Amen!"

Cellular Cycle

Time is now 0600 Hrs.

The high intensity fluorescent lights are activated though I've been awake since approx. 0400 or 0500 Hrs., in my steel framed bed.

I switch on radio 680am WPTF for weather report, throw back the covers, stand my 6ft. 1 in., aging osteo-arthritic-laden frame up to the slender 4.5 inch wide by 54 inches long window and check the sky, "visual weathercheck," slip on shower slippers and make morning meditational chant:

*"I give thanks and praise to thee, Oh Creator
for finding me worthy of thy wondrous creation!..."*

Now the mundane rituals start anew.

Treasures of Life

Time shared
Together
The trusting of us
Holding hands
Talking with our eyes and hearts
Taking passionately mystic treks
In the temple of each other
Teaching our children what lies ahead
Telling them "I love you"
Tearing away the facade of defensive uncertainty
Yielding to each other in nakedly submissive
Innocence and truth
Thoughts of times, things.... tears

Hopes and dreams
That we have and will
Continue to share
Like sentimental heirlooms
I place these in the TREASURE box
Of my mind
Which I lock with my heart
From which I'll access them
For periodic recollection and reflection
Reaffirming my course and direction
Towards achieving more of
The TREASURES of LIFE

BECAUSE OF YOU

By William Morganherring 13 August 2015

© Death Row Reflections

A Glimmer of hopefilled light

Pierced my dark overcast clouds of morose depression

Because of You

Taking the time to let me find a quiet, gentle refuge within

Your soothing words of experience-laden meditation and verification

A ray of Gracious and forgiving guidance was shone upon

Me with Radiance filled possibilities

If I but struggle to live and give

Life a chance I would pull through

Because there stands others Just Like

You!

Who said "there's nothing you can't do?: Live, breathe, strive/survive

Believe, you can and will achieve!" I'm here have no fear

The legions of the cosmos will aide you if you but

Stay conscious and true

All this was shared by, through and to me

From a Goddess of Pure spirit and all that's

True

Because of you

So to the untold multitudes of You!

I surrender an eternal

Thank You!

For coming to my rescue!

I AM BLACK
WM, Morganherring IV

I am black The prime cosmic foundation
Of all Matter, Antimatter
I am black 85% of all cosmological existence
Infinity expanding, all commanding, impenetrable
Triple blackness, super density extinguishing Yotta Zettatrillions
Of universes into nanocosmic clusters upon the thumbnail
Sliver of a teaspoon of spatial dimensionality.
I am black, the background that makes all colors visible, without which
All others would be invisible.

I am black!

Through my light you see the truest and longest of sight
Blacklight!

I am black, the all pervasive prime causational
Cosmic primo genus of all existence.

It begins, it continues and ends with black!

I AM THE ALMIGHTY BLACK !!!

Creator, grant me the ability to respect and still love those that unjustly lie and despise me, for no matter what I say or do they will hate me. The peaceful contentment to help the small few that do APPRECIATE my efforts, and the consciousness to immediately know the difference and move on".

Power to Create
William MorganHerring

For days thoughts, ideas and schemes
Have rapidly careened around in the
Confines of my mind

But being that my situation was YRCC¹
German-cell solitary isolation
Which allowed me neither clothes, pencil nor pen

They all remained within till I came to
Realize

I then and there began to mantra-like repeatedly
Recite till I had them memorized.

Still they were as an unopened prize
For to be really fully actualized
I had to get out of here

And begin to share so others
Can visualize what lies within
Is often conveyed with voice, pencil or pen

In all its basicity, before internet, cellphone
Typewriter and telegrams, the way the days were made better was
By handwritten pen or pencil marked letter

Sitting in the west

Watching the sunrise east

Consuming predawn breakfast gourmet feast

Not a care

For I am joined by an exquisitely erudite lady most fair

I'm so zonally there

somebody gag me / I resist

The overwhelming surge of an

Urge

To jump up on a table

And pull a CAG-KNEE

It's not a dream and scream

Top o' da World, Ma!

So Mrs. Cindy Sheehan, remember

3 plus thousand that look down from

Heaven as you whimper and cry I

Ask think about the unselfish

Fellows of 911

Yeah I felt real sad, then got mad

'Cause with a beautiful, intelligent

Lady I did enjoy a powerful sunrise

Breakfast at this famous restaurant

That's no more!

You

When you first appeared before my
World weary eyes
I beheld the etheric soul light of
An infinity of ancient noble goddesses within

You

When your body moved
I heard the rhythmic pulse of
Tribal drums thumping life into
The very atmosphere that enveloped

You

When you spoke
I felt the soothingly melodic
Whispers of the nocturnal winds
Rushing against my body

You calmed me

When we touched a high, wide, deep and strong
Unclimbable volcanic mountain was caused
Spilling forth feverishly scorching orgasmic
Lava, richly impregnating terra firma with
The evolutionary seeds of OUR infinity of congress.

It begins.....It ends.....with only

Mental Wonderings #39
Wm. MorganHerring 1V

Can one with wisdom and might
Change wrong to right?
Why do we see so far in the darkness of night?
Yet long so for the blindly limited vision of sunlight.
What I'd like to know
Is why what I hear on the radio
Is oftimes called a "show"?
Women are supposedly the "weaker sex"
But chromosomally man is "x-y and woman
Is double "x-X". XX
So does genetics refute this myth
Decreed by patriarchs to you and me.
Why am I considered as a "Black"
And you as a "White"
But others are given a label befitting
Their ethnicity.
Asians aren't called yellows
East and native indians aren't called
Categorically Browns or Reds
So tell me who put this exclusively
Unfitting color scheme into Africans
And Caucasian's heads.
Just some mental wonderings of my mind.

I FORGIVE YOU

Wm. MorganHerring IV

I forgive you world for being so cold, cruel and confusing.
I forgive you Doctor of my birth for the violent introduction
to this life you gave my innocently numb ass! and sterile mind.
I forgive you Mother, for the sometimes extremely abusive
"Tough Love" you dealt our.
I forgive you AmeriKKKa, for the subjugation, indoctrination,
cultural castration, disinformation, miseducation you fiendishly
imposed upon me, the post-plantation, pseudo mancipation,
psychotronic industrialization, mass materialization, socio-economic
enslavement you continue to subject us to.
I forgive you CIA, Mafia, for the covert and overt feeding
of the Black and Latino communities with Guns and Drugs
to further escalate our self-inflicted Genocide Rate.
I forgive the Capitalist Eurocentric derived imperialistic
supremacist minded system of domination, that environmentally
caused my Mother to be a semi-literate, shoplifting, welfare
receiving, weekend hustling liquor house whore!
I forgive you "unknown" biological father, that never gave me
Your name, presence, support or even an idea of what it is
to be a Father.
Most of all I forgive myself, for I've been carrying
around all these years, a mind clouded and blinded with hate,
vengeance and anger driven violence laden misery. Which has
kept me in a mental, physical and most definitely spiritual
captivity. Now I'm free ' cause I forgive even me!

PRISON PARADOX
A GLIMPSE OF SCHROEDINGER'S CAT

Wm. MorganHerring IV

I looked in the polished stainless steel
wall mounted mirror, as I drew the cloth across
my wet face.
For a fraction of a second I didn't see a
reflection of my own countenance
but rather that of a black faced-yellow eyed cat!
Now just imagine that!
A most perplexing circumstance considering I've had
nearly ten years free of any intoxicating substance.
Was it a subconsciously motivated signal to my
Consciousness? To what end.....
if such what does the image of a cat no less portend
something from my past upon which I should dwell
before my existence was reduced to a solitary
Concrete box of ten by twelve, with two death sentences
which cause me to dance an infernal syzygyan type tango
in a nebulously numbing necroneural netherworld
of societal stasis
whereby sheer innately immutable macrocosmic force or
my iconoclastic hypermetaphysical soul
I refuse to succumb and let life pass me by
I shall constantly engage all that which is beyond my
constructed confines
embedding my existence into their memory
thereby resoundingly disputing the theory of being
Neither dead or alive
As so theoretized as an observationally deterministic fact
Yes! Of course, now it's clear what I glimpsed was an
instance of Schroedinger's cat
as a reflection of my being held here
in a seemingly forgotten nanopixel of space and time
in my ten by twelve prison cell!

- 24 -

William MorganHerring

- 25 -

Death Is Lurking

With frigidly paralyzing stealth
Death creeps across the concrete prison floor
With obnoxiously anticipatory voraciousness it waits
Just beyond the cell doors
Nay! Shall I even dare to tremble inside.
For there's nary a place upon which to hide
Death is lurking
Never will it find me shirking
For with aloof pride and a grandly
Noble stride
I will meet and greet Death
For naught comes to any dreams of
Death being defeated
Death is lurking
As a sublime conveyor to a portal of
SUPERNAL EMPYREANIC INFINITY
Death... the Immutable TRANSFIGURATIVE
Acutalizer
Never will it find any fear within me
For Death is merely a complimentary
Companion don't you see?
Willingly Death I shall embrace
Loosening my soul from the confines of time and
space

C2017 Mind Matrix

Wm. MorganHerring IV

The breeding ground of all planetary evolutionary life forms
From single cell organisms to whole terrestrial compound complex
Organism and life forms, that crawled upon the shores of the land mass
Morphed into ambulatory upright mobility, bearing a liquid core of 60-70%
Mass as proof of their primordial essence. The Global feeding
Grounds of the populous, its uncharted depths still unexplored, unseen
and unknown. The universal planetary amniotic birthing fluid of life, WATER
H₂O. Let it flow, bring vibrant, thriving vitality to reality
Female pre birthing harbinger, the breaking of water, the forthcoming
birth. The cosmic search sign for explanatory existence of life
WATER, OCEANS upon Oceans of liquids of various molecular
Make up undulating upon the planesphere, balancing the cycles of
The ecosystem and atmosphere, ever flowing, renewing, restoring
What was a season taken away, sand from the shore, reset once
More upon a more distant locale. Herculean waves of Leviathan
FORCE tossing might ocean vessels as though they were mere
Baubles tidal waves, tsunamis, the mighty fury of the
OCEANS at the height of its tempest or the gentle reflective
Upon a calm OCEAN night of the Heavenly Canopy above
The VAST MIRROR OF A CALM OCEAN sheen. A
Powerfully hypnotic scene of unity SKY and
OCEAN AT PEACE.

THE PRISON PHILOSOPHY ^{RR}
 William MorganHerring IV

~~206 Oct 1944~~: The Uniqueness of American styled evolving Democracy is it's unlimited opportunity, to be, do whatsoever suits you or inspires your mind's desire. The only limit upon what one can achieve is set only by themselves and what they believe.

~~207 Oct 1944~~: The practice of Democracy is older that the Greeks, for Ancient Egypt, Asia and Africa had those representatives or councils that govern with Majority Consultive Consent of the people. Who if displeased appealed up the chains of power to the Emperor's Court, Pharaoh's council and Tribal Chief after all else These civil-izations predate the Greeks by several thousand years.

~~208 Oct 1944~~: " With the forces of spiritual, moral, ethical and legal righteousness on your side coupled to undeterred patience, unshakeable optimism and indomitable courage failure will never be a part of your life."

~~209 Oct 1944~~ W O M A N
 I F A N A
 S N D T

 O R
 M E

~~210 Oct 1944~~: "First learn to recognize who and what you are, be it good or negative traits. Then accept yourself inspite of how and what others may think of you. Finally don't change a damn thing about yourself unless you truly want to, not because others want you to".

~~211 Oct 1944~~: As uttered by Wu-Shih-Tzu "If you use patience and perseverance You will never experience defeat only setbacks delays or more frustrations to your plans. Success is open to the persistent."

~~William Morris~~: "The evolution of institutional bred dissemination of knowledge is seen in a vast collection of universities, colleges, and trade and basic elementary schools educational systems. Yet the very genus of embryonic pedagogic discourses began in the dialogues amongst philosophical (thinkers) persons and their colleagues through thought provoking questioning, that caused one to parse their very facet of thought as well as action, record, review and remembrances of every single component that made up the whole activity under question. Thus was the birth of "Learning" an Inner examination of oneself. Thusly over the entrance to the Temples of Knowledge In Egypt of Antiquity was the inscription upon Arching Entrance "KNOW YOURSELF ALL WHO ENTER"."

~~William Morris~~: "The past has faded, the future is a mystery to me. Each day I live by Following my fantasy,"

~~William Morris~~: "Live by the Code of Telling the Truth, for each time you tell a lie You die."

~~William Morris~~: "My love is so powerfully unbreakable, even if you were to spit upon me, tell me to drop dead, throw feces in my face, physically attack and batter me, it would only make me forgive you and pass it off as something was bothering you so deeply that you used your Only Brother as a means to vent and purge your frustrations."

~~William Morris~~: "I have experienced in Life the Surest Elixir to Elicit the TRUTH from a person is "ANGER" and "INTOXICATION" but when combined you'll receive the Rawest, most Abominably devastatingly deep seated feeling and thoughts of a Person you Thought you Knew,"

~~William Morris~~: "I laugh at these puny men as they attempt to make laws (abstract barriers) over or towards conduct motivated by the Human Heart's Emotion to Express Love to and with it's own choice. Love is a Law Supremely Unto it's own Self."

EXPRESSIONS

Wm. MorganHerring IV

To breathe and expunge all that is held within
To cry when it hurts, laugh when it gives comfort
To express these emotions, is true growth
To accept what one can not change,
To change what one must this is mature
Acceptance and the beginning of your growth
Tomorrow is yet here, today is present deal
With the reality of here and now. And face
Tomorrow when it comes upon you.
Torture and mayhem face them boldly
Just as you would joy and gladness
For your manner of dealing with these expressions
Are all from within the mind and body of Y-O-U!
What truly matters is how you accept and deal
With these **EXPRESSIONS!**

"It is a seemingly pervasive practice of institutionalism and its factums to pounce quickly when their order, rules or provinces are infringed , but once they have transgressed unjustly and oft times in violation of their own state policy and procedures, they're everso tediously deliberative to erect a myriad of administrative make weights to hope make a compliant give up pursuing settlement of the matter".

DEATH IS MY BITCH!
Wm. MorganHerring IV

When I was told Mom's death was suicide
first everything froze inside
then a flash of heat hit a nerve within my brain
raked by emotions with blazing flames and my body
incessantly pulsing with adrenal fueled pain
A single non-stop 25/8 question pounding, hounding me;
Why Ma? Why Ma? Why Ma? Why Ma? Why Ma?
Why Ma? Why Ma? Why Ma? Why Ma? Why Ma?
Why Mmaa?!!! No answers came, so on a campaign
to shut out the questioning refrain I vociferously with
wistful vengeance filled motivated savagery indulged
and never reached satiation no matter the carnal debauchery.
Her name Naomi (Hebrew, "sweet delight") and she saw deep
within my itch of demonic pitch, you want to fuck me to death
and make death your bitch! Fire then ice/ until then nice
life then death! When which will appear I haven't a clue,
for both emanate strongly from deep within you, yourself
you want death, so you can make it pay for what was taken
away and can never be replaced by any other Death's
Been Your Bitch since 21 March 1974 when it closed it's
door of life. Mother gone you made death your bitch
wife and whore for evermore!

Love versus Hate ©2019

The WARM LOVING MOTHERLY Embrace
OCCASSIONALLY followed by the brutal Slap or punch
The LOVING Kiss upon my cheek
From the SELTSAME Lips that LOUDLY CURSES me.

I WAS NOT

Wm. MorganHerring IV

I was not born a killer or murderer
Society taught me as I grew
From the moment the hand slapped my
Semilifeless body into a (unbeknown then)
Conscious and constant journey of violence
And pain.....Isn't that strange
I was not born an alcoholic or drug addict
Family holiday gatherings, television, movies
Friends and trends I thought were "groovy"
Taught me.

I was not born a "Little Nigger"
A coca-cola bottle filled with urine
From white teenagers in a passing
Car in Wilson, North Carolina
Smashing against the side of my head
Taught me that.

I was not born violent
Family strife, the shotgun for defending home,
The quickly drawn butcher knife, when mom
Wanted her "boyfriend" to leave her alone,
Uncle Sam in Vietnam with Walter Cronkite
Every night. Roadrunner and Bugs Bunny
Wiley E. Coyote getting smashed time and time
Again seemed so funny way back then. Cowboys
That were quick to shoot and fight, combat, Rat Patrol
Put the Bloodlust in my eyes. I was not born for this
You've sentenced me to die.

THE LONELY MAN

Wm. MorganHerring IV

Here he stands the lonely man

He is an only man

Why no tears are in this eye

Even though he clearly shows he's a lonely man

Not a word is spoken, not a smile broken

For no one is joking with

The lonely man.

Proud and strong he stands

Face to the sun, not fearing anyone

Who can understand... THE LONELY MAN

Time does span, but he can bring it back

To a single point of fact

But he'll never let it slack

For he's the only man, the lonely man

The truth has his hand upon a timeless

Plan....That's why he's taken a stand

And is now the lonely man!
