To: Dennis Sobin, Publisher

Greetings and happy new years. Mr. Dennis Sobin I am writing you in the regards of your book publishing program. I have written another poetry book in my G.E.D class. The name of it is called: What Do You Think? My book has 126 pages. I am requesting your consideration in the publication of my new book of What Do You Think? I want you to know that I am thankful for your consideration and your book program. I read your letter heard about why you were lock up. I am sorry that the injustice of the court system took your freedom away from you and all those you love, and made you look like a real criminal. It is a lot of innocent inmates locked up like you. So every chance I get I will write or speak out at the injustice that is handed down to people from the court system and ODRC system of hell. I am happy to see that you allow it to make you a better person and stronger and much wiser then bitter. You are someone to look up to. Anyhow, I do plan to write more books, so that I can become a stronger writer and entertainer. I don’t know where this may take me in life, but I want to make it big someday somehow. I plan to make movies someday once I get out. Did you ever write make a movie on your life? I know your letter head said that someone wanted to make a movie on your life. How many books have you wrote and published? Did you publish your own books? I enclosed an envelope with my book.

Thank you for your time and consideration this request matter. Please at your convenience let me know the outcome of this request. Thank you Sir.

Introduction

02/01/2017

I am currently incarcerated here at the Correctional Reception Center. This is my third written and published book of non-fiction poetry of my direct experiences at different time periods of my life. My book, What Do You Think will be written and published this year, of 2017 in the USA. I am from Cincinnati, OH. All three of my published books are dedicated to my most wonderful children in the world, and my loving heavenly father. My hopes, and my intentions are that my children and my readers will be inspired to become artists; finding their own voice and format, just as I have. In the future I will be writing more books in the hopes that they will inspire others in some kind of way. This book focuses a lot on my direct experiences in prison and my thoughts toward GOD about my personal experiences in my life and in the free world when I was out there. The names of the kind of poetry I write in all my poetry published books are called, spoken word poetry. I want to first thank my book publisher Director: Dennis Sobin for publishing my books and giving me a chance to reach others with my experiences, and to inspire others with my poetry books. Also I want to thank the John F. Kennedy center of Arts, from prison to the stage. I want to also thank my G.E.D school teacher Mr. Wheeler and Ms. Edgington the school administrator here at C.R.C for first believing in me and pushing me so hard in school and allowing me to discover my potential, that I can write my own books and receive my G.E.D at the same time. Also I would like to thank my tutor and my editor in the school, Chance Thomas. My books were written in my G.E.D school here in C.R.C Prison in Orient Ohio. Please feel free to download any of my books at www.PrisonFoundation.org for free, enjoy. The names of my other two published books are: Direct Experiences Straight From the Heart and Walking in My Shoes. Read this book Jeremiah, it’s for you from your father that loves you with all my heart. Son walk in my shoes in a good way; write books like me some day, reach out to people with GOD’s kind of love. Daddy will leave his legacy be bid for his children. Love you, Jeremiah.

ODRC Inmates Outrage at My Achievements

Author: Jarvis Lee Harris

Who do you think you are?

You have some nerve being outraged with this soon to be star.

For GOD didn’t bring me this far, just to let others keep me from being a star.

So I ask, is it you, or ODRC hateful inmates who seeks to keep me from being a star, not alone going far.

So I ask you inmate haters, how are you going to be outraged at me for making it this far, coming straight from prison to the stage just waiting to become someone’s star?

With my published books being selected by and through J. F. Kennedy center on their front and center stage, on September, 3 2016.

If you think about it, I should be the one who is outraged at all the insane jealousy and outrage. I rather keep my mind on the stage coming from prison to stage, then to feed into your outrage.

I don’t have time to hold on to anyone’s rage, for it will only blind me and keep me from moving far to and beyond the stage.

You need to be humble and give me some praise, know I won’t rephrase my words that I made it to the stage without your kind of mind set that will keep me from the stage, and bettering myself in every way.

When I came to you for your support about my achievements, you all laugh and had nothing good to say, but that I won’t make it, and just quick be for I am let down.

You are the ones who let me down, now who is the clown?

I did what you all thought I couldn’t do. It doesn’t end there, for I am taking this far, all the way until I become someone’s star.

Your attitude shows who you really are.

I would be a fool to let you keep me from being a future movie and book star.

Are you kidding?

How dare you try to destroy my hopes and dreams?

I forgive, but if you want to make it far or become someone’s star, you have to stop hating, and get a mindset that you are going far even beyond your walrus’ dreams.

Let no one not even you, destroy your present or future, dreams, even if no one care to support your dreams and achievements, or believe in your abilities.
I am calling you into believing in yourself when all the odds is against you and none supports your efforts, or goals but hate on you from every side that you look.

All I have to say is, I am so grateful and humble-minded toward GOD and my Plusher Dennis Sobin,

For believing in me and my abilities to achieve, and GOD who has made all success possible by and through him and his faithfulness.

Noting can keep you from being a star or going far, but you alone.

All I am saying become someone’s star. You can do it, for in my eyes you are a star, even if you came from prison to the stage. So I say please, don’t hate or be outrage at my positivity.
ODRC staff love to give inmates unreasonable demands, fearful tactics

Author: Jarvis Lee Harris version (c)

ODRC staff love's to give inmates unreasonable dirt orders, demands and tactics, likes humiliating strip searches, such as exposing inmate's private areas, making them spread their butt cheeks and cough.

Oh how humiliation that is for us inmates.

Then they love to tell us you shouldn't come to prison if you don’t like the humiliation, so get your ass against the wall and spread our legs while they take their hands and take their time to grope every part of our bodies, digging their hands hard up in our private areas like in the anal area.

They really like to take the back of our pants and pull them so far to where they make us feel like we should wear our pants like Steve Urkle.

What is reasonable about those kinds of demands?

They really to take their forearms and presses them against our back and necks to show dominance toward inmates who are productive, especially those inmates who wants' nothing but to stay out the way and go home safe.

ODRC staff has a lot of incompetent and unstable staff who gets away with just about any crime that exist.

ODRC staff has a union backing them up in all there wrongs for years.

They can have their way with inmates and do as the please, right or wrong.

Inmates file informal complain and staff cover for one another.

They intercept our kites, so justice cannot be done for the inmates or resolved.

They make our reasonable complains disappear.

They play mind games just because they can.

They abuse their authority without mercy, and zero regale toward ODRC polices or the life or safe of inmates in its care.

The court system does the same things with their inmates in their care.

Are you willing to care and fight justice for us inmates in ODRC care?

Staff loves to make us inmates feel like a bug smashed to the wall to their amusement.

They will use words that really make us feel you're a pile of poop that they have walked through.

As a man, who likes do the next right thing, doesn’t want to be submissive to abuse that that add to their job or demands.

9 Harris
Their favorite lines are, I'm just doing my job.

I as an inmate follow ORDC rules, yet I am still abuse in the way you say I am just doing my job.

It is a lot of inmates lock up for the same things you do to inmates in your care.

Hell I know you just don't care.

You tell us this while we are in your care.

I am doing right by your rules, yet I am still subjected to your every day humiliating demands and shear tactics. ODRC and the court system of hell is one of the biggest bullies in the whole world.

You deprive the innocent of their last and just for all.

You destroy lives and spate families sometimes forever right in the court of law.

ODRC on the other hand working with the court system in there wrongs.

Both systems are equal in there corruption.

You make a lot of money off of making people an inmate.

Inmates don't have to be out of order to the ODRC rules for staff do there wrongs against the souls of inmates.

The love to over react and find ways to intimidate inmates with their tactics of hatred that they hold dearly close to their hearts.

They are known for creating hostel and unsafe environment within ODRC prisons alone with some inmates who doesn't care or fear nothing.

ODRC staff love to gross us with their hands in a sexual matter.

It has a way of making us inmates feel they are raping us and making us feel uncomfortable to what they are doing to us in the name of we are just doing our job.

But in society this is looked at as a criminal act also known G.S.I (gross sexual imposition).

I've been locked up since 2009 I've became an inmate ODRC consider a model productive inmate.

Yet am treated as trash, and I am not worth anything but disrespect.

No matter how I have changed for the good ODRC staff keeps there foot on my neck.

But I refuse to look back or go back.

I am in prison growing up in to a real man; no matter what ODRC try to do unto my soul in their care.

Every day ODRC make up unwritten rules that violate their own policies and they unreasonably ask us inmates to as they say.

10 Harris
So if you ever find yourself in prison or jail in the court of law, you will soon see the injustice at its worse.

Don't subject yourself to this corrupt system of injustice.

They put the innocent in prison and do care.

Separating the innocent from their families and destroying whatever reputation they may have had in the free world.

The court system can know you are innocent and when the defended fight to prove his or her innocence the court system will fight the defendant and try to keep them from proving their innocent right in the court of law.

So where is the justice in that society?

These are or can become your love ones someday.

On the other hand, ODRC staff is committing acts of G.S.1 criminal acts of injustice on all levels in the name of security and I am just doing my job.

To wrong doesn't make it right.

I got that, but justice does need to be severed the right way within the law of justice.

Inmates need to be treated as a human not as an inmate.

ODRC has failed us and society as a whole.

ODCR job is not to violate or manipulate the law even their own polices to harm inmates in there care just because they can, and cover it up and get away with there every day wrongs.

Please society I am calling you into caring.

Help us.

Innocent or not we should never have to be abuse in every matter angst the law and ODRC polices .Innocent people are wrongfully being placed in prison.

Look at that, if nothing else I say.

Please care because ODRC alone with the court system refuse to care.

That is all the reasons you society should care a reach out and help us against the injustice, for it does exist behind these prison walls every day here.

Inmates/ODRC Staff Members Demand Respect

Author: Jarvis Lee Harris

ODRC inmates alone with their staff always demanding the upmost respect by each other, yet to do so by one another in most cases.

They always make those big statements like...if you want respect then you have to give it first.

If they keep waiting on each other then, it may not every happen.

These two parties want respect, but don't want to give it back or be the, first ones who will be willing to set that positive example of respect for the other party.

Playing who go first. It is a solution to every life’s issue.

Some are, as simple as this, do unto others as you would want them to do back to you without waiting on the other party to be that positive example these are the words of Jesus.

Other words live by example.

Don't start doing this after the other party.

You beat them to it first that way you would be the first one who set the example first.

Who don't want to live by example?

Is it you?

If yes, what kind of example do you want to set?

Do you want to keep being that stubborn person?

Most people feel vulnerable when they are humble towards others first.

Then after learning respect will not be given back just as it was given.

It never feels good to be on the side of one who didn't receive respect back.

Don't act like you cannot relate to my words.

All I have to say is I am so sorry for being that person in my past, that waited for another to give respect to me before I give it back.

Back then I was much younger, and I didn’t always give respect back to others when they first gave it back to me.

So I humbly ask forgiveness to all I didn’t give respect to in my past.
ODRC Staff, Do you know how to do The Right Thing?

Author: Jarvis Lee Harris

Version (A)

ODRC staff members please start doing right by your inmates you rule over in your prison walls.

I say please start doing right, and not wrong.

ODRC you have become corrupt and bitter for many years toward inmates, even toward your own staff, not alone your system of hell, you have lost your morality and your integrity.

You are corrupt and you get away with just about any crime you commit against inmates in your care, especially assaults on every level and even wrongful deaths.

I guess you want me to keep what you do to inmates on the down low and just shut up and mind my own business. I refuse to plead the 5th and remain silent.

You can keep my 5th amendment right in this case of injustice on all levels.

No longer will I remain silent on this matter of injustice which in the end never turns into justice. Who is really the real criminal?

Even when the courts find you, ODRC, in the wrong for multiple violations of injustice, sometimes you are handed down sanctions or the inmates or their families are rewarded money for your crimes.

You would think this will make you stop the injustice in your prisons and jails, yet you fail to do so because you just don't care.

Well I care, that is why I share with the world that you just refuse to care about people that you call inmates or trash.

The world has a right to know what is happening to us inmates behind these prison walls of hell.

So that is why I will tell all about this hell.

How long will you keep getting law suits placed on you?

And paying money out to the court for crimes and law violations when you do get found guilty?

You remain on the same path of destruction and hatred that you have for inmates.

We are people, just like you are.

We are someone's son, father, uncle, brother, cousin, sister or aunt.

13 Harris
You've murdered inmates, you beat the life out of us, and verbally abuse us, then you let us go free right back out in to the world and tell us to be good and never come back.

The truth is that some of you need to be placed in prison as an inmate to experience the same humiliation us inmates have endured by some of your ODRC staff members who just refuse to care.

You need to see how we feel and experience our pain and every day suffering.

To me, I believe that it is wrong for any wrong to be done to anyone and justice never comes out of it.

For ODRC will not stop until you reap what you do to others in your care.

How long will you stay silent and keep doing your wrong off record so you won't be found out?

We inmates know all about the injustice that is handed down to us inmates.

All I am asking you, ODRC staff members, please stop doing your wrong.

For my heavenly father states in his word, that all people will reap what they've sown.

So I ask what do you want to reap from GOD in your wrong doings toward inmates in your care.

I am an inmate who is reaping for my wrongs in prison.

ODRC, get back to doing what is just and right in your prisons and then you will reap the good of your good doing toward inmates.

Stop sending hurt and brokenhearted inmates home hating your staff.

You should want inmates to have a mind set to respect your ODRC staff members.

It is in all people free or locked up, to be hurt or upset with anyone of who wrongfully violated them, just as you do toward us inmates behind prison walls.

Even the courts know you keep doing wrong, that is why sometimes the court finds you in the wrong, yet you keep doing all your wrong you don't do right you will only do wrong in the end.

I am calling for peace, do the right thing, and do your jobs without violating ODRC rules, Federal, State, or constitutional laws. This in the end will benefit ODRC staff members and inmates in your care.

So why not do unto others that you will want them to do back to you.

No one is above the law, but GOD almighty.

We inmates know all about the injustice that is handed down to us inmates.

All I am asking you ODRC staff members please stop doing your wrong.

For my heavenly father, states ...in his word that all people will rep what they sow so I ask what do you want do rep from GOD in your wrong doings toward inmates in your care?

Just do the right thing.
ODRC Inmates Can Be So Wicked Within These Prison Walls

Matthew 7: 1“Judge not, that you be not judged.”

Author: Jarvis Lee Harris

ODRC staff members and Inmates can be so wicked, vicious, malicious, hateful, unloving, and cruel in every kind of way toward other inmates.

Especially toward the inmates who are living a productive, positive lifestyle within these prison walls of hell.

Inmates love to lie, terrorize and tell on each other and show others that they don’t care by committing acts of terror against all those inmates that do care.

Inmates love to steal from one another; they seek out one another for harm and hurt.

Inmates are some of the worst kind of people that I have ever known.

We as inmates know from firsthand experience how it feels to be judged harshly and sentenced to prison innocent or not and put away from society.

Yet we as inmates are in the wrong by doing our wrong unmerciful acts toward one another.

But we are the first ones who will quickly point out another inmate’s mistakes and cases to other inmates, condemning them and judging them as if they are a nobody and knowing, without any regards or mercy, that this could put another inmate’s life at risk.

We always say forget the next inmate.

Inmates are worst than prosecutors, judges, and the victims of our case who all help put us away in prison.

We hate one another’s existence.

We make all kinds of weapons like shanks to take each other out of this life forever.

All for what?

We extort the innocent inmates who just want to do their time and stay out the way and go home unharmed.

We hate when ODRC staff members violate any of our rights.

We hate when we are mistreated or judge especially wrongfully by ODRC staff.

Yet we do the very same acts of injustice to other inmates that ODRC staff does to us within these prison walls of hell and terror.
Does anyone care to show that they care about this every day terror?

After years of living within these prison walls of despair and wicked inmates that refuse to change for the better, my soul is vexed and longs to be free from this environment of injustice that comes from inmates and ODRC staff members.

When is the injustice that we do to one another along with ODRC staff members going to stop within these prison walls?

When will we stop being judgmental and hating one another within these prison walls of hell and despair?

Who doesn’t want mercy?

The good book states, God shows mercy to those who show mercy back to others.

We as inmates are in the same situation and we need to help one another out and stop committing acts of injustice against other inmates that seem to be different or unlike ourselves or have a case that is unbelievable.

The courts have people in place to already judge your fate and outcome of your case and your future.

So how can another inmate point at another inmate and judge that inmate for what that inmate is convicted of.

For we know there are some inmates that are fully innocent in court and the ODRC prison system, yet we inmates judge other inmates without considering how corrupt ODRC prisons and court system are and has been toward inmates who have been wrongfully convicted under the law.

All inmates are not guilty just because he or she is convicted in the court of law.

The law states...the accused is innocent until proven guilty in the court of law.

That sounds good, but that is not the case, with a lot of convicted inmates around the world.

The state knowingly and willingly violate and convict people and send that inmate to prison, separating that inmate from his or her freedom, family, friends and a happy life in the free world.

On the other hand, you have other inmate pointing fingers at other innocent inmates who have been convicted.

All inmates are not innocent.

But that is never another inmates place or role to point a condemning finger at that guilty or not guilty inmate.

For, they are severing their time for their crime.

Let’s judge ourselves and how we live and think and dwell on this earth.

18 Harris
The good book  Matthew chapter 7: 1-2 states, "Judge not for the same way you look or judge another is the same way GOD will judge you and look at you in the same matter."

Let's get it together, ODRC staff members and inmates in the prison system around the world.

Only judge you, and then maybe you will not be judged by another.

ODRC staff has been known to look up other inmates cases, and if they don't like that inmates case, or that inmate then they will tell other inmates about it and cause those inmates all kinds of hard times, even putting that inmates life at risk and not caring about the outcome of that inmates safety.

Other inmates has been killed because of this same reason, but kept on the down low and the world never knows the truth unless they become an inmate.

For it is us in mates that live and know all the truth about prison life

So ODRC staff is just as much to blame in this.

This poem is dedicated to those inmates that like to judge other inmates and seek there hurt alone with ODRC consent.

Who has the right to give anyone the consent to do harm to any inmate or not?
ODRC Inmates Seek To Destroy Other Inmates in Prison

(1) John 5:17...All unrighteousness is sin no matter who you are

Author: Jarvis Lee Harris

ODRC inmates seek to kill, shank, lie, snitch, steal, and destroy one another within these prison walls of hell and terror, diaper.

Yet we are told by each other to live by a prison code and never to snitch if another inmate put you through hell and despair, even to your own death you better not tell.

Among other inmates we have a: don't know nothing and don't snitch you know nothing inmate code.

They say that I will kill you and mean it take all your personal property, but don’t tell even if you are an innocent inmate and have done no wrong to anyone in prison.

Inmates seek out to extort bad and innocent inmates; they get bullied on and sometimes get killed by these kinds of inmates who don’t care.

Racism is running rampant in ODRC prisons of hell with no one here to show they care. Every day is welcome to my hell.

Some ODRC racist staff that are hiding behind the scene on the down low, who waits patiently on every opportunity to execute racism in the name of ODRC policies and state law and with federal system backing them in their wrongs.
ODRC buddy system is corrupt in their wrongs

Author: Jarvis Lee Harris

ODRC buddy system of hell is always in the wrong for there every day wrongs, with unit managers covering up other staff unlimited violations with no regards to ODRC polices, with the case managers on the side doing unbelievable evil, and abusing their authority and taking pleasure in doing wrong, against the souls of inmates who just want to go home.

Who doesn’t want to go home?

Every inmate don’t want to keep doing wrong, not alone any harm.

For you go home every day, and come back to work and take all your frustrations out on inmates.

Your personal home issues becomes your drawing force and reason you violate ODRC polices of rules of conduct without mercy against inmates that are not in the wrong, even if we do wrong, it is never your job to be evil or do your wrong, because it is against ODRC rules of conduct.

You’re just in the wrong. I know you just don’t care.

You tell us, the reasons you do your wrong, just because you can, which is a clear picture you know you are in the wrong.

But you are the ones in authority.

You are the ones whoun-honorably hold the title rehabilitation and corrections.

How are you going to correct us inmates when you need correction yourselves?

There is no professionalism you show toward inmates in your care, yet you are called corrections.

How ironic.

You’re rehabilitation is build up on corruption and your foundation eventually will weaken and fall by your wrongs.

For any foundation that is not found strongand doing right by all, it will eventually fall when a strong win comes along; for it wasn’t found on a strong foundation.

Your buddy system is the reason your system is falling and drawing in your own corruption.

You do the math and science on not having a strong foundation.

You don’t have to do wrong to inmates just to be strong.

So I ask you ODRC, why do you oppress or be unfair, unreasonable, and physically abusing your own inmates beyond recognition in your care?
Why do you come to work hostile and falling deep in love with doing your wrongs toward inmates who just don’t want to be in the wrong.

All we want is to just go home safe and stop doing others wrong, not alone any harm.

Your buddy system keeps inmates from receiving medical care or just anything we are rightfully in tiled to in your care.

But I know you will always fail to show you care.

You murdered my friend, in your care and cover it up and said he killed himself.

You took my best friend away from me and all his love ones forever, and my heart forever broken over his wrongful death.

He never harm a soul and he was a non-violent person, yet you use violent in the name of ODRC police and I am just doing my job.

Taking inmate’s life isn’t anyone’s job, unless they were on death roll.

You sentenced my friend to death without the support or consent of any court system.

It was misuse of force that took his life.

But you all cover it up in the name of; I am just doing my job and the inmate was the one in the wrong, he took his own life.

You know that is a lie.

It is people in the free world who are lock up for murder, yet the court system doesn’t see it as someone just doing their job.

So why should any call it in ODRC system a license to kill without repercussions behind their actions? ODRC isn’t above the law.

But they might as well be, for they get away with just about every criminal offense and ODRC violations. I know you just want me to close my mouth about your wrongs, for you don’t have a problem with telling others of inmate’s wrongs especially when they are not found in the wrong.

You need to be held accountable for your every day wrongs.

I can only thank GOD that he allowed me to live one more day to tell others of this every day hell, for it is not many in ODRC that care to the point they bring justice to the injustice even your members.

They say we are not here to care.

So why work in ODRC prisons to create a buddy system that only in the end will corrupt your whole system and all your knew members and devastate all inmates in your care?
You may not ever care, but if you do your job according to ODRC the right way, it will destroy the very root of all your corruption and your buddy system.

But in the end; it will violate every law and everything that is good and just for all.

ODRC buddy system needs to be terminated from all ODRC system forever.

You violate inmate’s rights beyond murder.

You go against your own if they help another inmate out against your own wrongs.

You also use your own polices to lie as well tell the truth on inmates in your conduce reports.

Your actions and lack thereof could and have ruined any inmate’s chances of getting out by the court system or the portal board when then file motions.

Who do you think you are, playing with real human beings lives, with just a wave of a pen?

Your buddy system even stops inmates mail from making it out of the intuition or to any place impose a threat against your wrongs ODRC.

You never want to be found out.

You are a master and a professional in covering up all your wrongs.

I can’t wait to go home revel all your wrongs.

That is if you even let me go home.

We inmates know ODRC work with the corrupt court system of hell.

You convene the innocent in the court system of law than send them to ODRC prison, then ODRC turns right around and do the same things to their own inmates in your care.

So I ask when is the injustice of your two buddy systems going to stop.

You may say I am being disrespectful by telling the truth on you for your wrong.

Hell if you weren’t in the wrong, then I could tell on one of your ongoing wrongs.
ODRC staff humiliates inmates in its care.

Author: Jarvis Lee Harris

Why do your ODRC members faithfully go out their way to humiliate inmates in therecare?

I ask because I am someone who cares.

You humiliate inmates without a care; in the name of, “I am just doing my job.”

Doing my evil job led me to prison.

Are you any better than me ODRC?

I am one who speaks directly to you every day wrongs.

I can relate doing others so wrong, for I have done so many wrongs.

Now I am so sorry for all those wrongs.

I decided to stop doing anyone wrong, not alone anymore harm.

So I ask you ODRC why do any wrong?

So I ask, why you deny inmates proper care, for we’re all inmates know others die in your care, all because you just didn’t take the time out to care.

Your heart is so hard, heartless, and black and cold.

What you do within your prison walls is so inhumane and insane.

Why do you cause so much pain against the souls of your own staff and inmates in your care?

You impose and jeopardize the safety and immediately direct threats to your own system of security in all your prisons, when you allow your members to keep working for you knowing they will or has killed, harassing abuse other inmates on all levels without mercy or limited’s on the side, violating all your polices, and go as far as criminal crimes?

You hold on to law and police brokers for years as ODRC members.

You are the one who keep ODRC prisons in a disaster and in a state of ongoing corruption.

There will never be an end to this, until; it is an end to you.

Even the world hears of this and does nothing about this cry.

No one hears the vice of an inmate in ODRC care, until it is too late to show you do care.

Why care once I am gone forever when you can show your love and care while I am alive.

Your voice may keep us inmates alive.
Someone must take stand, to show ODRC that you care.

Justice is long overdue.

So I ask you ODRC, how many more years you are going to keep being in the wrong against your own inmates who is fighting the court system just to go home.

You go home every day knowing that I just did another inmate so wrong, but I don’t care because I am about to go home.

You forget, that we are the ones allow you to go home to all your love ones every day in one peace.

But you cannot honestly say that about us inmates in your care?

You don’t know what feels is like to be lock up all alone, with your staff trying to keep us inmates from going home to our love ones.

For they just want us to come home can only hope that GOD keeps me safe from all your wrongs.

Yes, I am going to tell others of all your wrongs, now and when I do go home.

The only time you use ODRC polices is when it is in your favor to write animate false conduce report.

Your actions can determine any chanceof animate’s chance of going home once they seek the courts an approval, they turn around and say you got a conduct report you can’t go home all I have to say is where is the justice in it all?
One Word Form GOD Can Change Your Life Forever

Isaiah 55:11...GOD's word return back not void

Author: Jarvis Lee Harris

I come to the realization right here in prison, with the Lord in my life, that hearing from GOD, and receiving one word from GOD has in fact changed my life forever I will never be the same.

By having this experience in my life, it made me realize that my life will never be the same.

I say hearing one word from GOD like I did can and will change you from the inside out in your life if you allow GOD to do what seems to be imposable for you in your life.

One word from GOD can change your life forever, just as it did for me.

I will never be the same again, for he lives within me, and he changed me from within with his word.

So how long will you continue in not receiving a word from GOD in your life?

GOD like faith only comes by hearing the word of our heavily Father

. The good book of Isaiah 55:11 states...So shall my words that go forth out of my mouth, it shall not return back unto me void, but it shall accomplish that which I sent it out do unto you, for it shall prosper you in all you do.

Don't you think it is about time to receive a word and some answers for your life, from our heavily Father?

So I ask of you, what are you going to do?

All I have to say is thank you GOD for giving me opportunities to hear and receive your word for my life.

For GOD is the living word.
Outside Of This love, it's No love.

Author: Jarvis Lee Harris

For I never really knew love until GOD taught it to me, so I can show it to others in my life and around the world.

So all I am saying you can change if you want to.

God's kind of love change me find the inside out.

Change start from within.

Thank you GOD for the change you made in me and in the lives of others through me.

The change others see in you can change others lives, and give them hope, all because they see change in you.

Let no one tell you, that you cannot change and you are the same.

I was told that same thing, in the past.

But don't believe that lie. If that was true, then I wouldn't be change today in my life, or be able to tell you that you can change.

For I am that living change that you don't believe in.

Thank you GOD for bringing your best of change out of me.

For without you, I know I couldn't change.

What is it going to take to change you?

Change you must, or die you will?
Every Time I Close My Eyes My love

Author: Jarvis Lee Harris

Every time I close my eyes, I do nothing but think of you.

Please know this is true, for my heart is only dear and loyal to you.

You're my hearts only desire.

Every day of your life I want you to feel and know that I love you for who you really are, not so much of what your past looked like or how bad you’ve been in life.

For I love all of you no matter what all you use to do.

I can only hope you will come to loving all of me and all of my imperfections.

You are so precious to me in every way and I praise your very existence.

I worship the ground you walk and stand on.

I love every molecule and every essence of your being.

I even accept all your shortcomings just as my own.

My love for you is stronger than evil itself.

It is stronger than betrayal embraced with pain, tears, sadness and wrong doings on any level.

My love for you can stand in the most trying times that exist in this world.

My love for you is final, it is unrecoverable and unshakable when life’s hard times come knocking on our door to test our love for one another my love for you still remains strong and firm.

What about your love for me?

Your unfaithfulness, your hatred, your unreasonableness, and your stubbornness can not change or alter my unconditional love for you.

I look to you and only you for all I need and want in life that will satisfy and complete my soul.

We already been though hell and back with lots of tragedy.

Yet I am the only one who is left standing alone after the storms have pasted.

So all I can do now is close my eyes and think of you, for I am still to this very day still in love with you.

But at the same time life goes on with you or without you.

You cannot make anyone love you or stay with you through it all in the good or the best.

28 Harris
It has to be that person along staying and standing with you from their heart.

When you do find that person, you found a winner and a good thing.

You cannot help who you may love.
Absence of Your Love for Me

Author: Jarvis Lee Harris

1 Corinthians 13:18...charity is love, it never fails

The absence of my families love for me has devastated and shattered my whole world over the years.

Since I've been born into this world, my family expects me to believe, with all of my heart, that they really love me very much because they've told me so over the years out there in the free world.

There have been no signs or evidence coming from my family, that they love me as their own blood.

What could I have done so bad to not receive their love or cares and concerns?

There's nothing, but the absence of their love for me and my well being on every level, this goes deeper than I could ever express by words.

I can feel the consistent excruciating pain in my soul, even as an infant which comes from the absence of my families love.

I searched for love in women, drugs, street life, TV shows, sex, friends, school, food, and other things.

It was always a constant struggle to build up my self-esteem and love search.

To fill the void of the absence of love in my life.

My family shows their hatred and dislike in many ways towards me and my children by letting them also go to the foster home just like it was done to me.

How can any family member ever abandon a child of their own blood line?

(The heartless self centered human being that can't even love themselves because love is not selfish).

Also, they contributed to all my short comings some kind of way, and they display

(1) Betrayal after another throughout the years even when I was in the streets

(2) Family members and friends would come up to me and tell me what the other family members were saying things to me that was hurtful which caused me to retaliate against them.

When I confronted them in the past about the wrongs that they have done to me.

They pretend like they were innocent of the wrongs they have done to me, and they all said it was just in my imagination.

(3) All the slander, the back biting against me with other people even with my own family members, they even went as far as helping me to destroy my own marriage, which I needed no help during which I was
doing fine with myself; Girlfriends, neighbors, and my children. My family spoke against me of hatred things that others were saying about me rather it was true or false, doesn’t make it right it crushed my world so I became resentful with unresolved issues and I found myself being revengeful on those who have wronged me and I felt myself doing the same thing that they have done to me.

All of this started when I was a child even before I was put into foster care system of hell.

(4) They start getting my family to double team and turn their back against me everywhere I looked, was betrayal.

They’re never there when I am drowning in my cup of despair, terror, hopelessness, sorrow, and etc.

My short comings on all levels or in those vulnerable fatal moments and times in my life; when I needed them the most too just be there for me, just to show they cared.

For I believe that the outcome of my choices, and short comings could have been different if my family’s love wouldn’t have been absent.

Not making any excuses of my own behavior but living without love is unhealthy and is almost impossible to survive without the love and care of others that I loved and they don’t care.

My family definition of love is unhealthy.

Who wouldn’t want this kind of tender love and care?

I have brought so much pain to my own life along with the women I once loved at one time, along with my blood family caused most of my worst unresolved issues, brokenness, tragedies, and traumatized moments in my life along with the foster care system of hell.

Why should I tell you all when I know you all never show that you care?

But pretend and act like you care with lips service.

Where is your natural human love and affection for me family members?

I have been down seven years no letters, from family, nor did any family even dare to come and visit me or send me any new address or new phone numbers from home?

So that I may get in touch with family even at my request when I was into touch years ago? Yet you say you love me.

When I went to prison you pretend to love my children, and that you were going to stop the judge from placing my children in the foster care system of hell, just as I was left and abandoned and casted into the foster care of hell.

So were my children.

Yet you showed me that you all never did care by placing me into the foster care system, talking about how much you really cared about me but never was there to show it only to be the cause of it.
For example: You see a child starving to death and nobody’s there to care for the child but you turned your back on that child, leaving them starving to death contradicting yourself to the fact that you stated!

That you love that child, yet it was in your power and control to help that child any way but instead you didn’t come to the aid of that child, and left that child to defend itself and you act as if you done nothing wrong.

Yet you say you love that child.

As it is, I put my own children though hell by coming to this jail.

So who is left to show they care, that my children and I are left in this hell with no one to show their love and care?

What is love if it is not made available to others to view or embraces toward those you say you really love?

Unconditional love is always made available to others if you find the right person to show it. Which cannot be earned nor does it look back on your past short comings to determine if it will show others you love them or not.

GOD is love and there is nothing greater than love.

Who wouldn’t want letters from family members from home, love ones or visits, birthday cards or just to have someone show me or tell me they care by family?

But family excuses for not being there for me while I am in the pen, or in the free world, is they are busy.

I have been locked up since 2009 with almost zero contact with my family.

Yet you always say I love Jarvis.

Where is the love beyond your lips service?

The good book states… that faith without works is dead; I say love without works is dead.

Why be dead when you can be alive making your love plan and clear and obvious to those that you say you love.

If you only tell others you love them, but fail to show and prove your love to those you say you love just as my family, you rob them of your, love and, acceptance, and most of all, a peace of mind.

This can cause that love one to go through from feeling unloved, unwanted, rejected, not a proved of, or struggle with unresolved issues, low self-seem and it can go as far as acting out in uncivilized ways and dangerous and destructive ways that can lead to prisons jails even death, just as it has happen to me.

No one should ever have that empty void of love missing in their life from all those that declare they love you so much like family.

Love is plan and clear to see.
Even a new born baby can feel and see and know when love is and isn’t present in their life and their surroundings.

I am 42 years old now, so I am left with the reality and absent of my family love in every area of my life.

No one can truly survive without love and maintain in a healthy matter.

You never serve me your love only your distance.

This family always set around and point out all my faults to others and run down my name in the ground as if I am no kin of this family or just a nobody even if it is true or not don’t make it right.

Here I sit in looking out the window of my prison cell looking at all other inmates with a life time of short comings, yet there family is still there and except them.

They receive visits all years around phone calls from home, letters, e-mails, and a constant reassurance and a reminder that there family members love them greatly and that they are never forgotten by them.

This is true love in my eyes.

Love that never exists or never shown isn’t, love at all.

Keep in mind, if others fail to love you or fail to be there for you, just know that you can learn how to love yourself through it all.

Never stop loving yourself.

Or act out in an abusive matter when you are face with the reality that no one is there or just refuse to show they care anything about you or your well being.

It is not fun to be on the side of …no one cares anything about you.

All I ever wanted from my family is their love nothing more or less.

Other say the only way this could happen is that you have to done wrong to your family.

That is not always the cause with me.

I came out the foster care system of hell at the age (9) years old, and the family has been this same way since I’ve known this family even to each other heartless.

Family is supposed to love you sincerely but not out of obligation, only out of unconditional love.

I receive letters of love, care, e-mails and visits, from church people that never knew me from the outside world, yet they love me as their family in the Lord.

So I have this unconditional love from complete strangers, and receive zero love from my own blood family members.

33 Harris
Now I am happy because I have people who love me like as if I was there family, but there is still that incomplete absents of love and that constant longing in my heart and soul that only my true family and GOD can fulfill in my life and in my heart.

So all I want to know is where is your love for me all these years?

Who doesn't deserve not to be loved by family?

All I have to say is that, I love all of my family but they shoe no love for me or my existed.

I act out in criminal ways for years due to the absent of love in my life.

It is time to break this system of feeling unloved and hopelessness.

I extend my deepest apology and regrets to all of harm thru all of my life including the victims of my case, there family, my family, myself, and tax payers.

For me acting out in a criminal matter, due to the lack effort of love in my life.

This is where GOD comes in at.

I realize now only GOD and my family alone can satisfy my soul and stop all my loneliness, my broken heart shattered world that came from the very roots of absent of love.

In Jesus name Amen I rest in his love!
African Descent People, Please Wake up from the Dead, We’ve Lost Our Way

In the beginning: one race one speech: Tower of Babel

*Genesis 11:4-5-6-7-8-9*

*Author: Jarvis Lee Harris:*

As an inmate, especially being an African American, I am forced into witnessing and living in and around racist groups of inmates who have won the favor of some ODRC staff members in every department of the prison system of hell.

They get all of the good and highest paid jobs right here in prison.

They are given a smooth stay throughout their whole incarceration, so who can I tell about this prison hell, and who cares about all I will mention?

Most African Americans are taught to hate themselves as little toddlers by their misguided parents, TV shows, their peers at school, street life, and by people throughout their lives.

We are self-destructive. We despise and hate ourselves as we faithfully destroy our own neighborhoods without any regrets or regards.

We treat our own neighborhoods like trashcans; as a landfill jungle with toxic waste that we create, yet we keep doing the same insane things and expecting different results in every way.

We raise our children around dangerous people, places, and things, infested with drugs and crime out of your ass.

We are the ones who are doing these injustices to ourselves, as well as other racist groups who secretly hide behind the scenes, promote their wrongs against us as a people, and control my people like a puppet on a string.

Yet we always are complaining about what the white man is doing and has done to us people of the African descent for hundreds of years.

We as a people fail to look at what we have done too our neighborhoods, fellow man and our families, which is a direct result of our own misguided thinking and ways, like black on black crime, abusing our own woman on all levels, or just any woman in general.

Like selling all kinds of drugs within our own neighborhoods to our own beautiful black women even to our own mother and other family members, especially the pregnant ones and ourselves without any mercy or care that they are baring an unborn child or destroying us as a people.

Yet, we keep talking about the white man did this or that to us as a group of people.
My brothers and sisters of African descent, where is your Godly roots of love for all people from all lifestyles let alone your own?

We have lost our way due to all the years of oppression, disaster, tragedy, self-centeredness, hatred, and persecution, impose upon us as a people along with us failing to learn from our past so that we can overcome these traumatizing experiences in our lives.

It is a known fact, that if you don’t learn from the past you are most likely will repeat it, some kind of way in your life or in the lives of others you come to know.

We as a people have been known to be God-fearing people with forgiving hearts against racist brutality against African Americans throughout their history under the most intense persecution and hatred known to man and black people.

We as a people need to stop killing ourselves in every way stop being racist toward our own and not along other people from other lifestyles and walks of life, we are becoming a rare breed due to this reality and fact.

We can start beating racism by getting a proper education while we are in prison.

For, racist groups want to see us as a people fail and be destroyed, just as we do towards ourselves.

They want us to keep murdering ourselves, why do that, when we can just love one another and help one another in every way.

They want us to keep coming to prison and murdering one another one by one and be at war with one another and divided on every level.

They want us to keep selling drugs to our own people, and to our children.

So that we might destroy our health in the hopes, that it will bring us to our own death and destruction.

Let us as a people rise to the top but in a positive matter and wise up and stop-giving racist groups the satisfaction of seeing us; as a people, destroy ourselves alone with our own roots and existence in every kind of way in the ODRC prisons, jails, and out there in the free world.

Some of us as a people are still living a life of crime right here in prison and refusing to rehabilitate themselves and pick up the shattered pieces of their world.

It is only one human race that is called all nationalities of people from all walks of life.

No nationalities of people have any say so as to what origin they will come out of.

The Bible states…. a kingdom divided against itself cannot stand, just as we as one race cannot stand against ourselves but only will be divided just as we are right now.

Together we stand divided we fall.
Who in their right mind wants to be divided when we can stand strong together as one race of people under God almighty without any division, just as it was from the beginning of the world?

In the book of Genesis of the holy Bible states.... it was at one time one speech for one race, and that was on one accord with one another at one time in history.

At some point, it was only one human race or origin became spaced around the whole earth and no longer did they understand one another just as some of us human beings do to this very day in our time.

So now I say no more war, violence, or senseless crimes against any race of people staring with us as African decent people since we are considered a forbidden fruit from all those who hate and despise the very roots of our own existence of African descent.

We as a people have great potential to be all we can be on earth.

We have to make our wrongs rights, and stop abusing each other, especially our beautiful women.

We sell drugs to other black woman; we make them desperate and perform acts of bestiality for entertainment and out of the desperation, they hope to receive drugs from the black man.

All we ever do is set back and say to each other, is fuck the next man, if they are stupid enough to keep making money for me by buying and help salving my drugs or degrade themselves and even go as far to sell their bodies for the drugs.

I am going to keep doing it, even if I wittiness it destroying humanity even families, and even my own community.

So what, I am making that money!

Come on, we know it is so wrong to do or live as if we are uncivilized people without any ethical morals for our fellow man ourselves or humanity.

We need to look deep within and search for who we really are and what we can become individually and as a people of greatness and of great meaningful purpose that benefits and serve all people of all lifestyles.

Who in their right mind, wouldn't want to love, respect, dignify, and honor their fellow man?

Hate, racism, and criminal behavior is never the way or the means to a happy life for any race of people.

What makes us all human and the same is that we all make big and little mistakes.

We all are striving for the ultimate goal, which is to survive, exists, be happy, make a family, and create everything we want or what life has to offer us.

People are all the same when we really look at our biology.

Hate has no limits just as love is unconditional.

Love sees no color barriers; it does not even see any difference of heritage or nationality.
When it comes down to it, as human beings, we possess within our hearts a great ability to love all people farther than the heavens above if we really want to.

It is so easy to love people we all know and are familiar with, like family, friends co-workers. In the book of Gen. of the Bible, it states... at one time it was only one speech one human race at the time of Babel then God came down to disperse humans around the earth.

We are all one human race.

It is not a color problem; it is only a human problem which is universal.

So I dare anyone to show they care and start helping me spread this message of love and reach out to all people and be inspiring, healthy, and nurturing, toward other people know matter whom they may be.

For we are all people with the same common life issues, even though, sometimes we do not act as if we are human beings.

Why stay ignorant to our spirituality, self-identity, dead in every way, lost and hopeless with no since of direction?

We cannot walk around and pretend that racism does not exist in the world even in our own time.

It is time for universal human change in our error in our thinking and how we live and treat all nationalities.

Please leave all roots of bitterness, un-forgiveness, hurtful past, hatred, racist views, and disrespectful views of other people from your way of life.

Do not adopt hatred in your heart or teach children or others to do so.

In the end of doing so, it will only help destroy humanity and prevent us all from truly being free and divide as one race, the only kind of humanity on the face of this earth.

Know that it is good and bad in everyone; let the good hero in you prevail.

Let us get it together and stop all the hatred, animosity, hostility, and violence of any kind, with racism towards any human being on earth.

Please, I am calling for world peace.

Keep in mind without GOD there is no true love or peace with one another on earth.

For GOD is nothing but peace, love, and the original author of all things, that will complete and satisfy our human’s souls.

True satisfaction is not hate.

It is love, for GOD is love and without Him there is no true love, so let’s love one another or learn how to.
All lives should matter at least I believe it does.

This poem is dedicated to the human race, not just for the African descent people around the world.

It is for all who are dwelling under the Heavens above.
All I Am Saying Is, I See Love in Me for You

You're Author of love, <3

Author: Of love Jarvis Lee Harris

My beautiful and lovely black queen, I have learned over these years that some people take years just to say, I love you or I am falling in love with you or they care.

Let me share with you that I care.

For I am never scared to tell you I care.

This is rare for some, just to show that they care, not along tell someone they care.

I do care.

Some say a person cannot tell another that they love them until they become friends and get to know one another.

We are friends no doubt about it, and I believe I know enough to say I love you from my heart.

I am excited about you being in my life and I never want our friendship to end, even after I get out the pen.

So keep in mind that this time will soon come to an end.

I already know that I love you deep within my soul just as I love myself.

I can only love you just as I love myself.

My soul loves your soul; it loves every molecule and every essence of your being.

When I found you I found a winner to my end of the road. How about you?

I can really thank God for you being in my life, and for your existence.

Much was missing from my life it was you, until you came along and saved the day and my life. I no longer feel empty in my soul and heart in any area of my life in.

Your presence was so needed in my life. I can only hope that I was needed in your life as well.

My heart was lonely and longing for a soul mate and a good friend that I can love forever and hold dear and for a life time.

Something in my soul tells me that your love is here to stay, and that we are destined soul mates. You, from this day on, are my present and future.

Since you came along I found in myself that much more humble than I have ever been in my life.

Thank you for giving me hope at love, for I never been in love in my past.

I love the way you smile, walk, the way you look, and our friendship.

I want our love and friendship to grow even when I come home to you and only you.

My life is an open book to you to read clearly.

I may not have my freedom to do as I will with you right now, but I do have a big heart that you can have only if you will share and give me your back.

All I have to say now is I love you!

Adversity Can Become Your Friend

Proverbs 4:23...keep your heart from out of it is all issue of life

Author: Jarvis Lee Harris

Make a heart commitment to grow from, not just go through, adversity.

Please make a heart commitment to trust GOD to use pain to purify you, not penalize you.

You may be in the middle of adversity today.

If this is you and you know this is you, please let go and let GOD give you the wisdom, strength, courage to accept adversity instead of running from it.

As I think back years ago in my marriage there were great seasons of adversity, my marriage became stronger from the result of adversity.

In prison where I am now is a lot of adversity...What does adversity look like in your lifetoday?

Adversity is helping me grow up and mature in the Lord since I been in the pen.

Every day GOD gives me hope in adversity, I take adversity of every opportunity to become the best I can be in my life today.

Don't allow adversity to send you to prison, or control, or destroy your life, or love ones or anyone in your life, not along someone you don't even know.

You can face adversity head on without going backwards in your life.

I been on both sides of the streets I understand both sides, good or bad.

So with GOD helping hands in every area of my life.

I find within myself, that I am an overcome, and adversity is now my friend that challenged me to bring out the best in me.

What about you?
A song changed my soul, and mind.

Author: Jarvis Lee Harris

Once upon of time, I heard this song on the radio.

It sound like it was from angels in heaven.

A song that moved me within all of my being.

This song changed my soul and mind, for I will never be the same again.

This song touched the very roots and hard core of my soul.

This song changed me from the inside out.

And that is no doubt.

I mean change my life.

This song chose me, to minister to and it took me to a place that I never been within.

I say this made me cry, and that is no lie.

It gave me joy that I couldn’t seem to find.

It gave me an outlet that I never could find.

It freed my soul from all destruction.

It even made me sing back in unity to its song.

This song related to my souls every need.

It took my soul to a higher level within me.

It understood my well being.

It helped me see the good in everything, even in the bad.

It softens my heart where it was hardened.

So today in your life, what has your song done for you?
Most beautiful butterfly don’t you even cry, let’s fly

Author: Jarvis Lee Harris

Most beautiful butterfly, butterfly.

Why don’t you fly, instead of crying as one who isn’t beautiful as the blue sky?

I wish I could fly above the sky, as beautiful as the birds in the sky.

In my eyes you are just as beautiful as the rainbow in the sky, even without the rain.

I refuse to sit around and let you cry.

So my beautiful butterfly, let’s go and fly above God’s blue sky, for there is no need to cry for I am right here cheering you on and now asking you to come on and fly so high that no one notices you used to cry, all because you thought you wasn’t beautiful as any other wings in the sky, Please know that is a lie.

Come on and teach me how you fly.

For I already know I don’t have to be more or less beautiful then others in the sky, just to fly.

My butterfly let me teach you how to be brave and strong, at the same time you teach me how to fly.

You are the most beautiful wings that ever flew in GOD’s blue sky.

That is no lie.

So I ask of you my butterfly, why be sad when you can be glad knowing you are so beautiful in my eyes, let alone the heavens in the sky?

Please never again refuse to fly, just because another thinks you are the ugliness in the sky which is a lie.

I want us to go and be free as the birds in the sky just as equal in beautiful as any wings in the sky.

Everyone is so beautiful in their own way.

You never have to fit in or look like another, just to be as beautiful as you are.

You just believe and know in your heart you are always just as beautiful as any other in the sky, or any where you may find yourself be at in life.

In my eyes you are so beautiful my butterfly.
Mind Your Own

Author: Jarvis Lee Harris

1 Peter 4:15 ...let none of you suffer as a busybody in others men's matters

I was once told, years ago to mind your own.

I was so young back then, and loved to be in others business instead of my own.

Then I found myself all alone just because I didn't know how to mind my own.

But now I realize not minding my own is the reason I am alone.

Who wants to be alone?

And now I have no other choice but to mind my own, because no one is around for me to be all up in their own.

I thank God I finally learned my lesson.

I don't want to be alone.

All I have to say is that I am sorry for not minding my own.

So please mind your own business, you will be better off.

Or would you like to find yourself alone?

Just as I was left alone for not minding my own?

You have your own business to tend to and I have my own.

It was never meant for anyone to be in others business but your own.

Now I am about to go home and get on the phone and mind my own.

As I end this remember to mind your own.

Or you just may find yourself alone.

1 Corinthians 13:11...when I was a child I spoke and act as a child and understood and though as a child, but when I became a man I put away my childish ways.

Please mind your own.
May Yahweh impart this unto your destiny?

Author: Jarvis Lee Harris

May your heavenly father impart faith in your soul and his wisdom in every area of your life Jarvis.

May Yahweh bless you with his kind of love toward all in your heart, but first for him.

May he bless you with discomfort at easy answers, half truths, and superficial relationships so that you may lie deep within your heart.

May Yahweh bless you with anger, at injustice, oppression, and exploration of people, so you may work for justice, freedom, and peace and above all love for others.

For there is no greater love than Yahweh and you laying your life down for a stranger, even a friend for the cause against injustice if it came down to it.

May Yahweh bless you in every way and with tears to shed for those who suffer pain just as you have and, rejection, hunger, and war so you may reach out your hand to comfort them and turn their pain into joy and the same hope your heavenly father has given you.

May he bless you with enough courage to believe that you Jarvis can make a big difference in the world, so that you can do what others claim can't be done to bring kindness to a dying world and to all our children and the poor.

In the good book of Jeremiah 1:5 it states... Before I formed thee in the belly I knew thee and before thou comest forth out of the womb I sanctified thee and, ordained thee a prophet unto the nations.

This is God's will and purpose for your life Jarvis Lee Harris.

Now walk in it.

Go into the world and be a blessing to all in the name of Jesus.

Shalom-peace unto you.
I was the one who brought your wife and children back to you when there isn’t any way that it couldn’t have happened, when you were out there in the world.

I am GOD Almighty who can do all things but fail you.

Nothing is too hard for me and nothing is impossible for me.

But all things are possible for you but, only through me.

All your hurts, failures, addictions, disappointments, and tragedies of all kinds I brought you through it all so I can use you for a greater purpose... It is the people that needs to know all about me through your pain and experiences so that they will come to know who I am and who I made you become.

You’ve had to go through the fire trials of your life so you can fully understand the pain and tragedies of others so that you can help bring them out through me.

Then only then will they know that I am who I am and that I am GOD Almighty that has healed thee and one who brought you out of all your pain, suffering, tragedies of all sorts, disasters, and your ungodly life.

It was me that healed your broken heart that others caused.

I only broke your heart to fix you within.

Others do it to destroy you in every way that they can.

Yes I allowed your life to go the way it does, because in the end I knew, someday you would turn back to me from the direct result of all your sufferings’ I’m making your life’s purpose to benefit millions of people around the world from all walks of life You belong to me and I belong to you my son Jarvis.

Now I didn’t want to watch you suffer as you have in the past, but by knowing this, I knew it would have brought you back to me.

If I would have stopped your pain and tragedies it wouldn’t have brought you back into trusting my ways in the end.

I am GOD that knows all things from the beginning to the end. If I would have intervened and stopped all you’ve had to endure, you wouldn’t have loved me as you do now.

Jarvis... Father you spoke well. Your words were so refreshing to my soul.

Now I was blind and now I can see how foolish I was to believe you wasn’t there or didn’t care.

My heavenly father I deeply apologize for carrying the spirit of error on me all these years.

You are forgiven my son.

I am the, I AM; GOD Almighty, who speaks to you through my son: Jarvis Lee Harris on this day.

I am the GOD who will always bring you through and out of it all.

Go away. Just like I did. Right here in person.

You will never know how real God is until you become real to him. Then you will see your loneliness.
All I have to say is thank you for your spoken smile.

Your smile spoke words to me that I am valuable, wanted, needed, and worthwhile in your eyes.

So I said to my soul, "Kindness, humbleness, it's even dear to speak in my life and mind. Peace be still."

Say your smile spoke words to me yesterday, when you walked by and said hi.

No, I am not lying.

Your smile spoke words to me that everything is going to be just fine, just as you are so fine.

I say your smile spoke words to me that exceeded my soul and mind set in a higher level above cloud 9.

You.

I say your smile made me see how the good in me will have greater impact in this world even forward as the blue ocean waves, even when I didn't believe in me on one else.

Your smile gave me hope that was long gone. I say your smile told me that you believe in me just as deep.

I say your smile brighten up every area of my life.

I said jealousy are really somebody in my eyes.

Your smile spoke to me yesterday, and many other days.
All I have to say is good bye and there is no need to come miming back into my life, talking about it or not. For every day is that day when there is no one there.

But it is all good.

I don't like the fact that you wasn't around to say hi or by.

I won't get this done why.

Oh how I was so wrong back then.

I prayed to you many years ago and I felt like down by you.

I hesitated you without really knowing you.

I went astray from you oh GOD for many years.
Stop doubting him.

What about you?

For I have found in my life, that God is faithful and just, and he always does what he says he will do.

Please don't be like I was double minded towards God.

Believe all of God or nothing at all.

Back then, I was this person because I was never one way I changed like the wind back then.

The good book states, "The double minded person is unstable in all his ways."

I cannot please God. Let not that person think he will receive anything from the God.

The good book states... James 1:6-7-8, "Let him ask in faith without wavering, for he who wavereth is a double-minded man, unstable in all his ways."

So you can spend it on your pleasures.

The good book in James 4:1-2 says, "You ask, God for things and receive because you ask in an unwise manner to do for you.

Don't be like I was double minded and wondering about what you prayed for as if you don't believe God in what you ask of doubting him and wondering about what you prayed for as if you don't believe God in what you ask of. Don't make the same mistakes. I did by asking God for something in prayer and at the same time.

The good book states in Philippians 4:13, "I can do all things through Christ who strengthens me."

You can work on the impossible and make all things possible for anyone in this world.

You are all knowing, all seeing, you have all powers.

You can do all things but fail anyone.

If in nothing you cannot do.

You are a wonderful, most marvelous God.

Here I make my amends to you oh God.

If I would have known you back then I wouldn't double or any other wrong I've done to you.

Daddy, I almost forgot. You past away back in 2010 but even then, you refused to make it right.

Daddy, I ask once again why do you refuse to show me and my children that you care when you had all our friends and our children will remind you someday, that you weren't there, not alone, show any of your care. You can learn without them but make sure that they are there showing them all of your care, for in the end, it will mean the world.

I need you to show me how to be a good father to my children.

Author: Jarvis Lee Harris

I am fed up oh GOD, oh GOD.

My heart is burden and heavy at times in ODRC system prison of hell.

Today I am fed up with all the injustice that I’ve seen and heard about in prison, and around the free world.

I feel all alone seeking justice within this injustice prison system of despair.

There is no love for one another in this prison world I am in.

Haters running reap.

Trouble makers get away with all their wrongs and ODRC knows of all this wrong.

My soul is humble yet fed up with the day to day injustice I see by ODRC staff and inmates.

I cannot find anyone who will be willing to fight the injustice with justice for all.

Why do I stand alone, when others say they want the same justice that my soul seeks alone?

Isaiah 54:17...No weapon that formed against me shall prosper

For no weapon formed against me shall prosper because I now trust in a GOD who can do all things but fail you.

For he alone has been my defender throughout my life, even when I wasn’t aware of him being in my life.

Thank you oh GOD for really being there for me and doing for me what I cannot for myself.

I now look back and see the mighty hand of GOD working in my life so many times back then.

But then I rarely saw you back then defending me against this old evil world.

You evil wicked inmates and some ODRC staff members may just want to rethink again about, seeking to destroy my soul and my very existent.

For my GOD is my help and my shield from all your evil you try to bring my way.

For my GOD will return all your evil back to you, just as you sent it my way.

For my GOD will take what you meant for my hurt and turn it around for my good.

We all shall rep what we sew in our lives.

So I am going to get out the way and let GOD defend me against your evil plots.

When you are a child of the living GOD you cannot think you can just walk on his children.

For my GOD will not just sit back and do nothing to you.

You better rethink that again.

God will fight against those who first fight against me when my heart seeks nothing but love and peace no harm.

My GOD shall fight those who fight against me for GOD is all for me not against me as you are.

I Do Have a Heart that's the key

Author: Jarvis Lee Harris

I always wanted to express my good heart to the world to view.

What about you?

So come and look within and you will find my heart within.

Come and count to ten, then you will know how to win the key to my heart that is my most wonderful children in this universe, my own.

No one can win the key to my heart if they don't have a heart for my children.

My heart cries out for them all, since I been in the pen doing this ten.

When will I find someone who has a heart equal to my heart?

Is it you?

All I have to say is that I do have a heart.

All you have to do is just looking within once and unlocked the door to my heart.

If you love my children then you can have the key to my heart.

For some it takes food to give their key to their heart to someone or material grain.

For me are my children.

No longer can convention words can still my key to my heart.

How about you?
It Has Been Good Times with My Children

Author: Jarvis Lee Harris

It has been some good times in my life also.

Like, the first time all my children were born into this world.

I was, and still is to this day, the happiest father that ever lived in this world.

Some of my happiest times and moments in my life was with my most wonderful sons and daughters in the world.

Spending equity time with my children was always better than spending time with anyone else in this life.

I love being a father to my children.

This also includes my step children.

I have always been known to love all my children and take good care of them all and spend time with them.

Taking them to the store, walking them to the park, taking them to church with me to show the whole world my children was that was some fun.

We sit at home and look at TV together as a family.

That’s so cool.

Taking my children to the store and buying them what they want sometimes made my day, also to see their little faces light up when they get what they want at the store.

Just to see my children being free to be a child, something I wasn’t allowed to do, coming up as a child.

I know how import it is to have happy times with your children and to spent hat equity time with them all.

Taking my children to school and picking them up.

Doing home work with them.

These are the fun times we take for granted with our children.

Please stop taking our children for granted.

Spend time with your children and tell them all well shoe them your love.

For this is all a child seek from us is our time and your love.

For they will someday remind us of the good times you all had as well as the bad times.

So all daddy has to say to his sons and daughters, is thank you for all the good times.

Some say, our children are the ones who are supposed to thank the parents.

Daddy is thanking you all first.
But either way is fine for me.

I thank GOD for all the good times with my children, I am so sorry for my absence in all of your life right now.

I finally returned back to my first love.

That is you oh GOD.

I am back in love with you.

I have had enough of this hateful world.

I am coming back to you.

I am so sorry I left out of true fellowship with you.

Oh how miserable I have been without you.

I cannot get enough of your love, when all I get or see is your kind of love.

GOD I am so happy that you captured my heart, and you brought me back to you.

You gave me open arms when I didn’t deserve it.

There is no one in this universe like you.

I am in prison and free within my soul since I came back running to you in your arms.

Thank you for allowing me to return back to my first love, that is you Jesus Christ.

I am so happy I found you right here in prison, and I am so passionate about loving you back my heavenly father. Now my heart is turning back to you.

So backsliders return back to your first love, for GOD is married to the backsliders. So GOD is calling you all back to him that left their first love.

For it has been GOD tugging at your heart all these years trying to get you to return back to him.

For GOD is a gentleman and he doesn’t force himself on no one’s come to GOD just as you are. It doesn’t define you no matter if you are pool, rich, or what kind of Past you had or how bad you been in life.

Your past doesn’t make you who you will be come in the Lord in the eyes of our heavenly father.
It is obvious your love and hands are on my life right here in C.R.C prison.

Author: Jarvis Lee Harris

I am so grateful that you have made it obvious that your hands have a grasp on my life, and in my soul and in my heart right here C.R.C in prison.

Yes, I say right here in prison.

There have been many times in prison that harm has come my way like a hurricane ripping through a city.

Yet you oh GOD intervened and didn't allow this to destroy me, but past by.

You didn't allow me to get out of control it was you who kept me safe in and out the storms. It is so obvious you love me oh heavily father above.

Many years ago, I wouldn't have believe in you or see your mercy in my life.

Even when there is an injustice right here in ODRC prison you have kept your hand on my life.

It is not always obvious I see your hand on my life. It was you who cause and allow others to see the unseen and your hands and mercy on their lives.

You are my justice in the midst of this unjust prison system of hell.

Most people are living and unjust life here in prison, but you most loving father never change.

You always stay just toward all people where they are in prison or out in the free world.

All I have to say is I am thankful you have made it clear and so obvious you love my soul even in prison.
I cast a man to the ground today

Author: Jarvis Lee Harris

Here I sit after 8 years away from home, just hoping and wishing I was home, yet I am in my cell all alone.

I never harmed one soul, until I met you and you came along, with your continuous bully hand and disrespect against my humble soul.

What can I say, I allowed you to get the best of me.

I am fed up, yet I am not proud to harm.

I say today I cast a man to the ground with a right hook, there he fall and hit the ground like an earthquake that shook the ground.

I say today I cast one man to the ground it left me with a broken heart knowing I cast a man to the ground with only one round now he is the one who looks like the clown.

I am glad I wasn’t the one who hit the ground.

Now I stand here fed up with his wrongs.

Why didn’t he just leave me alone?

For I never wanted to do him any harm, not alone wrong.

I say I cast a man to the ground, I try to walk away, but you force me into one round not knowing that you would be the one cast to the ground wishing that you never force me into one round.

You clown.

Now in this one round, you are left daze, shook up and seeing your own stars and scares from this right hook to the jaw that took you down.

Others were standing around laughing and cheering me on. Saying, Jarvis you took all the fight out of him.

But in my heart, I was sorry for casting you to the ground.

So please, keep in mind, to never let anyone push you so far that you cast them to the ground with any rounds.

Now I learn from this one round, once he hit the ground.

Violence is not the way.
Humble yourself, and then you will never have to cast anyone to the ground, talking about, I cast a man to the ground with only one round now who is the clown.

I say please cast no one to the ground.

Let peace be still.

Don't be a clown.

Jewish greetings, Shalom means peace unto you.
I like to Be There for People In Need

Proverbs 21:13...Hear the cry of the poor

Author: Jarvis Lee Harris

I like to be there for other people who stand in the need.

I know directly and exactly how it feels to be in desperate need and want without having any way to help yourself and fulfill your needs as well as your wants.

Like basic needs and wants, like water, food, clothes shelf and more.

I understand the struggle because I was that living struggle at one time in my life.

So I never forget where I came from or out of, or where I am at now in my life.

I have a heart for all those who are in need.

So please never turn your back on anyone that you know are in the need.

For we all sometimes have times in our lives when we are or get in need.

You may have two jobs and still don’t have enough money to pay your bills.

This can happen to anyone, working or not, or have a place to stay or not.

Open your heart remembers where you came from, or someone you know of or someone you don’t know, but heard of.

Help a little is a lot of help.

You may be someone who always had it all and don’t understand how it feels to be in need.

Please help out.

You don’t have to walk in these shoes to help out others.

All I am asking of you is to hear the cry of the poor and look for ways to make a big difference in someone else life, in doing so you will help yourself and rep what you show out to others.

It shall return back to you.

Have you ever been in need or want and needed someone to help you until you can do better?

Just think about how blessed you will become come by having compassion on others and
It Was Me Oh Lord who took your life on the Cross

Isaiah 53:2-9... He was wounded for our iniquities

Author: Jarvis Lee Harris

It was me oh most loving, kind GOD that took your life on the cross when you willingly laid your life down for me and for the sins and transgressions of this hateful world we live in.

In the good book of Isaiah 53:2-12 it states... Jesus was wounded for our transgression, he was bruised for our iniquities; the chastisement for our peace was up on him, and by his stripes we are healed.

Jesus was without sin.

He was lied on continually by the very ones who falsely bear witness and by the ones who he willingly laid his life down for and loved dearly.

Yet I am the one, who persecuted you, and made you carry your cross.

It was me who bear false witness against your innocent soul.

Witness against your innocent soul, for you never done anything to anyone.

It was me who fit you and pushed your bear on your face it was me who blind your eyes, and laugh and say can you prophesize who hit you?

It was me oh loving GOD who plotted your destruction on every level.

It was you that loved me even to your own death.

It was me who betrayed you in my life in every way I could.

Jesus it was no sin found in you or fault.

You have never harmed a soul.

Yet I wrong you most of my life.

Oh how wrong my soul has been.

Where do I began to say how deeply sorry my soul is for seeking out your life and being apart taker in your death, even walking with you with your cross without giving you a hand and being unloving toward you.

It was me oh loving GOD who done this evil to you.

It is me who stand in the need of your forgiveness alone with this lost world.

Please stop persecuting Jesus and being against as I once was.

60 Harris
For, he cares for you.

He will forgive you if you, just ask for it, and give your all to him, which is your heart, mind, soul, and bobby.

What do you have to lose?
I am falling in love With You, How About You?

Author: Jarvis Lee Harris

My love, I am falling in love with the very essence and molecule of your being and soul.

I see all the good and greatness in you.

Please let me show you how true and dear I would be to you.

I want no other, but you.

Oh my love how deep it goes, that my soul is falling in love with you.

How about you?

It won't be to long before I come home and then you will never have to be alone.

Don't you get tired talking on the phone waiting for me to come home?

Baby you got me, therefore you will never find yourself alone, even on the phone.

This is why I can't wait to come home.

Being in prison sometimes makes me feel alone, until you came along.

Every time I close my eyes I can do nothing but think of you and, realize how blessed I am to know you and to have you in my life for good.

I want you to feel free and safe and secure with me in everything.

My heart feels safe in your care.

I just wanted to take some time out of my day, just to let you know that I care, and am falling in love with you in this short time we've known each other.

My love for you is stronger than evil itself.

It is stronger than betrayal embraced with pain, tears and sadness.

My kind of love will not fail you nor will I.

How can I be sure of this?

Love is greater than anything.

Love never fails.

For God is love.
He is the one who has been showing me how to love.

I didn't always know how or who to love.

All I know now is I am falling in love with you, and only you.

You are so sexy in every way.

I have never told a woman that I love her or that I am falling in love with them.

You are a real woman in every way.

I have the most respect for a real woman.

You are all I think of in prison.

Thoughts of you make my days a lot smoother here; you make me feel brand new and stronger than I was before you came along.

All I have to say to you, my love, is that I am not ashamed to tell you or show you that I am falling in love with you.

Keep my words close to your heart and please embrace them with your kind of love.

I love you my beautiful black queen.
I was once left drowning in my cup of tears of pain

Author: Jarvis Lee Harris

I was once left drowning in my cup of tears of pain by my so called love ones, family, and friends, along with myself and my own stupidity and failures.

At this time of my despair, and, brokenness, along with my hopelessness, you came running to rescue me out of love for my soul and out of my final end and moments.

At least I thought it was my final end, for I had no strength in my soul to carry on or endure anymore of this heartless cruel hateful world.

I was without any hope and no sense of direction other than destruction.

But at some point, some kind of way, I gave my hope and faith to this world without consciously knowing I did.

But in my state of ignorance you, Oh loving GOD, extended your mercy, when no one would on my lost soul.

For there is no end to your love, mercy's and kindness.

You reach out to my soul and snatch me out of the cup of sorrow of death with no return without your rescue.

Dealing with prison life, with inmates and ODRC staff can sometimes be a challenge by its self.

But it is only because of you Oh loving Heavenly Father, I am making it and have came this far.

I want to thank you for being the family that refuses to be there for me while I am in prison.

Thank you for being my mail and letters that others refuse to write me in prison.

Thank you for being my cup of enough.

Thank you for taking all my tears away from me in prison.

Thank you for giving me a new life with a new beginning, with new people who are a blessing to my soul, and me being that same blessing to them.

All I have to say is thank you for being that cup of enough and taking away that cup of death out of my life forever.

Because of you oh GOD I am no longer drowning in my cup of tears of pain.
It was only you oh GOD in prison

Author: Jarvis Lee Harris

I say it was you oh Lord that took my hatred away from me forever, yes, right here in prison, you’ve done this good, loving thing to my soul.

I say it was you, who healed my broken heart, and replaced it with your kind of love and, joy.

It was you oh GOD.

I say it was you who gave me a heart of mercy and compassion toward others whether they deserve it or not.

For, there were many of times I ask GOD and others for mercy like the Judge that sentenced me to prison, to have mercy on my lost soul.

Yet I didn’t deserve it nor did I live in mercy toward some people in my life.

Yet GOD spared me anyhow for his name’s sake Jesus.

I say it was you oh loving GOD that sent correction and diction into my life.

It was you, who brought comfort to my soul.

I say it was you, who seen, and gave me great purpose and used for my life to bless others and service others.

Thank you oh loving, oh loving, God for putting the best of you in me and in my heart.

For now it is you who rest in my soul, so others can see your best resting in my soul.

You see your best in me when others only see the worst in me and see me as one who belongs in a trash can.

It is you who can take trash that others throw away and make it beautiful and birth greatness out of it.

So trash still has its use, and still can be used for greatness, and goodness in your life, or in the lives of others.

It was you who put faith in my heart that helped me make it through hard times and the good times.

How can I not praise you and have a grateful heart towards you?

It was you oh who took my unforgiving heart and taught me who forgive.

It was you that I gave my all and my life and my past to.

Thank you for now being my past, present, and future.

65 Harris
It was you who took my life out of nuttiness and made a miracle out of it.

All I have to say is I am so thankful it was you and only you, oh loving GOD.

It was you who comfort my soul every day I am away from my most wonderful children in the world.

It is the hardest thing I have had to face every day not being there for my children and showing them a fathers love, tenderness and caring ways.

But in some way, and some how you strengthen me and help me carry on and through the pain.

It is you who loves my soul and my very existence on this earth.

You are all I need; you are enough in my life.

All I have to say is thank you for being; it was only you in prison.
I may be an outcast to you or this world

Author: Jarvis Lee Harris

In your eyes I may be an outcast or don't deserve to exist.

I may be forgotten forever, by some but, loved by many and not forsaken by GOD, but most indefinitely loved by him unconditional.

I may be trash to you, but to GOD I am recyclable goods.

You may just hate all of me, but GOD loves all of me.

You may seek to destroy my soul, but GOD seeks to bless my soul.

I may not deserve any of GOD's blessings nor do you.

But GOD blesses my soul anyhow.

If you really think about it, who do?

You love to look, listen, gossip, and point out all my faults to the world especially to those I love cherish and adore.

You say hurtful, heart breaking, degrading, vicious, and malicious things true or not against my regretful humble soul.

But my heavily father speaks well of me no matter what I done good or bad.

Who has never done anything wrong in their lives and would do anything to take it back if they could?

Who is without sin cast the first stone at my regretful, humble, loving, soul?

What does your wrongs look like in your own life?

At the end of the day, you know in your hearts and minds you have done wrong some kind of way or somehow in your life that you regret and would do anything to take it all back if you could.

But others keep pointing out your shortcomings to others and won't let your past rest.

In the eyes of GOD I am no outcast, nor are you.

For every person that made me an outcast in their hearts and minds, I find it to be more of a blessing, not a cure anymore.

For, I don't want anyone in my life that sees me as an outcast, instead of a blessing.

For we all have a past that cannot be redone or changed.
At the same time we don’t have to repeat our past either in a negative matter we once done in our past. All I am saying to you is, replace outcast thoughts with love. Hate the sin one has done, not the person.

Let us pick up the pick of our shade world and know in your hearts and minds that GOD will place new people, place and things in your life that will see your past as our heavenly father does, and look at who you have become now, more so of what you done.

Negative people who see you as an outcast just don’t understand that people can change for the better for the rest of their lives, but they will never be able to take back or redo their past.

No amounts of money can change your past, no amounts of regrets can change the past, and love cannot even change your past.

For there is nothing greater then love.

Love never fails.

But what you think within your own soul can change what you think, or how you see the outcast person.

It may take some time.

That person may have to even prove himself first.

Stop being judgmental of others of others shortcomings.

Never see yourself as an outcast or trash.
In prison in search of me

Author: Jarvis Lee Harris

Looking in the mirror and I don’t recognize who I see, the person I’m looking at is suppose to be me.

I see the existence of a body without a soul and I clueless of when I could’ve lost control betrayal, loss, rage. I can’t blame anything on my darkness in reality I created, played night, and become my darkness.

Now my darkness has me caged up in it and I can’t see away out.

This darkness of me I’ve learned to devour.

I’ve gotten comfortable with the monster I’ve became the search of who I am or who I should be, has just begun because who I am is not who I call me.

I want to know who that man is in the mirror is that calls himself me.

So look and search deep within once you look in to that mirror and know who and what you are.

So I ask, who are you?

You are more than a name and want your past look like.
Trying to find my way back home from prison

Author: Jarvis Lee Harris

I am sitting here in ODRC state prison, behind steel bars trying to find my way back home with no one willing or waiting for my soul to return back home.

I say, I am fighting the court system of hell against their injustice and with pray, and a mighty hand and wave of a pen.

A pen is always mighty then a sward just as wisdom is better than war, and justice is better than injustice.

Oh how lonely it has been in prison doing time alone.

Who really wants to be alone?

Is it you?

All I want is to just go home.

In the back of my mind I know I don't even have a home to call my own not long a place to rest my head once I do come home.

One thing for sure, prison will never be my home.

I am fed up with ODRC inmates who try to keep me from making it back home safe and sound.

Some of these inmates were sentence to life to prison or 150 years or more is the good inmates.

It is the shortages who trying to keep a bother from making it back home; in the name of I don't want to be alone.

Well my time is almost up.

So ODRC I am trying to find my way back home, I don't mind being alone over going home.

All I am saying is let me go home.

All who is waiting for my soul to come home is my most wonderful children in the world, my own.
Things We Take For Granted

Author: Jarvis Lee Harris

I am so sorry I took my family, freedom, and my life, for granted every chance I was given in life.

How about you?

I took my wife Regine I still love and my most wonderful children for granted.

Oh how wrong I was back then.

How about you?

I took GOD and my next breath and the ones I love all for granted.

Was it worth it?

No?

How about you?

I took my education for granted.

How about you?

I took my freedom for granted and exchange it for prison life.

How about you?

Oh how much of a fool I was back then. How about you?

I took women for granted, and my money and the mother of my children.

How about you?

At the end of the day I cannot live with myself knowing I done this kind of wrong if I don’t forgive myself and change my ways.

But you do have a chance to change things and turn things around and stop taking you or others for granted.

Please stop taking people and anything for granted.

For in the end you will find yourself heartbroken over this.

This is wrong, and in the end, you will end up hurting others at their heart, by taking them for granted just as I once done.

71 Harris
All I have to say is, I am so sorry for taking all people, things.

and GOD almighty for granted even myself and family and most of all my wife I have not seen over (11) years and my most wonderful children which I never meant in my heart to take them for granted by messing up and coming to prison.

Sometimes we can take others for granted and don't mean to and don't realize we did, but when you do come to that relaxation, go make amends to that person with a clear heart and have a heart to apologize if they allow you to.

Don't forget to forgive you for doing this.

Take no one or anything for granted not even your next breath again.

Let go and let GOD.
Try to keep Your Word to Others, Even to Your Own Hurt

Psalms 15:4 stats...Keep your word even to your own hurt.

Author: Jarvis Lee Harris

I have found myself over the years not always keeping my word to others.

Sometimes I meant no harm and I meant to keep my word to others, and other times I was just not doing the right things with my words.

But sometimes good intentions are not enough.

Not keeping your word can cause nations to go to war.

Sometimes not keeping your word to others can destroy your own family, and friendships of all kinds.

It can mess your life up, even on your job or at home.

Words are so powerful.

This is why it is so important to keep your word.

Keeping your word or oath goes back as far as the Biblical times.

We should always take in account of every word that comes out our mouths, along with giving our word to others.

Sometimes it can hurt those who gave their word to someone, and later on we are face with that reality that we have to keep our word even if it may hurt to do so.

I don’t want anyone to get hurt.

But if anyone is going to get hurt let it be the one who has given their word under obligation.

Not the innocent person who has to wait on you to keep your word.

We all have to stand before GOD and give account to GOD for ever word we speak good or bad.

These are 6 things GOD say he hate the most in the good book of Proverbs 6:16-17-18-19...These six things the Lord hates, yes, seven are an abomination to him: A proud look, a lying tongue, hands that shed innocent blood, feet that are swift in running to evil, a false witness who speaks lies, and one who sows discord among brethren.

Now keeping your word can be easy looked at as lying.

Let’s wise up and speak truth to others, anything less is uncivilized and unnecessary.
This world has taken GOD out of everything even school and some churches

Author: Jarvis Lee Harris

This world has taken GOD out of everything in their lives.

Like schools, at home, even in their own hearts and minds of the human spirit.

People go as far to take GOD out of churches around the world and in the very place GOD belongs.

He belongs more in our hearts and minds and lives, and in our families’ settings, then within a build that I do know.

Wake up world.

We are lost without GOD of the whole universe.

We have taken GOD out of our relationships, our marriages, friendships and our every day interactions with other people in and out of our lives.

Why is that?

GOD is never the problem; in fact he is the only real solution to all life issues in our everyday life.

For it is he who gave us life, and created us and all things, seen and unseen in heaven and in earth.

It is our heavenly father who causes us to breath.

It is him who causes your heart to beat.

It is he who causes the very blood that is in you to flow in your veins.

It is he who put the stars and the heavens, and the sun and the moon in the heavens above.

It is he who gave man a free will to do right or wrong or to come to know him as he is.

We have taken GOD mercy as a jock and we have taken pray out of the constitution just because of some say people are offend by pray or the Ten Commandments in certain places.

Why look at it?

Why read it if you don’t like it?

To take ones rights away from another can violate another’s right within the constitution.

It is many things people can be an offended about, that don’t mean lets stared taking others rights away from them that always been in place.

This is the spirit of error.
This new movement is called people of an offense.

Which only means for some that they are offended that seek to destroy others well established rights within the law with the intent to obtain their new rights.

People like this always act offended against godly and spiritual beliefs that has always existed in the eyes of GOD and man kind.

You kind of people offended me, so I ask you should the courts get rid of you or your rights just because you offended me and others?

That is just what you are doing to me and others around the world, with your corrupt mentally and immorally distorted belief system of hell.

All I am saying is put GOD back where he belongs

. Stop trying to be your own GOD alone.
The Word of the Lord Came Unto Me in Prison

Isaiah 61:1-7... the spirit of the Lord is upon me he has anointed me to preach

Author: Jarvis Lee Harris

Once upon a time, the word of the Lord came unto me in my cell on my knees as I prayed unto GOD with an earnest clean and pure heart.

GOD shall make me to walk up right before him and before the eyes of others.

He shall bring me out of all my struggles and prison life.

He shall cause me to preach his wonderful word to nations around the world.

He shall heal the brokenhearted, and save the lost by and though my willing heart and hands.

He shall cause me to speak to the people and they shall listen and take heed to the words GOD is speaking out of my mouth.

He shall roar and speak like thunder out of my mouth to the people.

When I speak to the people, they shall bow down to GOD and cry out to him and praise him when I speak His word to the people.

GOD said he shall speak fire out my mouth when I speak his word to the people.

He shall rule and walk up and down in my soul.

He said nations shall hear me speak GOD's word.

God said he shall also send fire into my heart.

He said that he will bless all my children, and my wife that I still love to this day but now with a godly kind of love today I love my wife as GOD loved me and has given himself for the world.

He said he would restore my marriage back in full and bring my wife back to me for I am the one who ran my wife away many years ago with ungodliness.

For my hand and my mercy and favor is strongly up on your life.

He said I am called into the fivefold ministry to teach, preach, heal, and help restore that which is needed in the lives of others.

I am called to walk in the office of an Apostle.

For he has called me to love others as he love others.

He has called me to serve all people from all walks of life.

76 Harris
In the good book of Isaiah... 61:1-3 The spirit of the Lord GOD is upon me; because the Lord has anointed me to preach good tidings unto the meek; he has sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound.

God told me that he would bring out the revival in me right here in prison and cause that revival in me to cause others to be in revival.

My ministry starts right here in prison.

He said he shall use me to prophesize in people lives and tell them things about them that I couldn’t have known unless GOD told me.
GOD Give Me Your Kind of Love, You So Far Away

Author: Jarvis Lee Harris

GOD it seem as throw you are so far away in the heavens above, All I ever wanted from you is your love.

I heard of your kind of love many years back, now it made me want your kind of love.

I have been on this earth for some time now, and I never saw your kind of love.

Please send it from above.

Now I know that I needed your kind of love.

Worldly kind of love is not from you, it's temporarily, oh what should I do?

Now that you have came back into my life, 25 years later; I received your kind of love from you from the heavens above.

At one time I didn't know of your love.

Only thing I can do now is thank you for your kind of love, as I sit here in prison looking above, let me tell others of your kind of love.

So now here is my love.

I love you heavily father because you loved me first and embrace me with your godly love.

For you are love, and there is nothing greater than your love not even this old world or my so call love.

I think it is better to just have and keep your kind of love.
GOD I Have Gratitude Praise in Prison toward You

Psalm150:6...let everything that has breath praise the Lord

Author: Jarvis Lee Harris

GOD I have so much of love and gratitude praise toward you.

GOD I am falling deep in love with your kind of love now that I am back in your loving arms.

No one in this life has or can do me like you can Jesus, for you are my friend.

All I have to offer you back in return is my whole heart, body, mind, and soul and love of praise and gratitude.

I cannot show you or thank you enough.

I cannot give you anything that you don’t already have.

But I cannot set here in total silence and not praise you from my heart and with my life.

I have to do something to show you my thankful heart.

My heart is overtaken by your kind of love.

You have been so good to me even when I didn’t know who you were.

I didn’t always know you loved me.

I didn’t always know you were there for me in life.

I didn’t always know who you were.

I didn’t always understand you not along myself.

I didn’t always seek after you as I do now today in my life.

As I look back I can remember when I didn’t want anything to do with you because of my sufferings back then.

Oh if I only knew what I know about you now, I wouldn’t have hated you out of my pain and sufferings back then.

I am so grateful now that I know the truth about you now.

I am also thankful that you have taught me how to take my pain and sufferings and making it in to something so beautiful so that others can gain from my life experiences.

79 Harris
It was you that took my life pain, and my suffering and all my tragedies, and birth greatness out of the worse life experiences through it in my life.

I am learning from you how to praise you and have gratitude right here in prison.

All I have to say is thank you GOD for giving me a heart of gratitude praise in my heart, and within my spirit.

Let everything that has breath praise the Lord for he is good more than good worthy to be praise and honored by all his creation.

Let everything that has breath praise the Lord.

If I can give GOD gratitude praise right here in prison, you can that much more out there in the free world.

GOD is talking to someone today.

Is it you?
GOD You Are the Reason I love others

1-John 4:6-7... Let us love one another love is of GOD

Author: Jarvis Lee Harris

Once upon of time, it was a group of inmates in prison who ask me, how and why do you show others love the way you do that doesn't deserve it.

First I told them who am I, to not show others love that GOD has shown and given me?

If you really think about it, who in this world really deserve GOD'S kind of love other then children?

I also told them it is not my kind of love that I show others; it is the living GOD love that follows through me on to others in this prison I am in.

If it wasn't for GOD I wouldn't love others in the way I do.

It is a lot of hateful people in prison just as it is some good ones also.

It is many reasons to not love when you don't have GOD’S kind of love in your heart toward others.

But once you get GOD’s love in your soul all that will change your outlook.

Now look for all the reasons to show love toward others not withhold love.

For GOD love me even in my mess, as he does love you in your mess.

So he is the reason I love others, for he loved me first, not because I am good, or deserve his love.

He love me because that is who he.

All I have to say is thank you GOD for being the reasons I love others in the prison.

Today in my life I love others because you oh GOD has given the gift of love to show others your kind of love.

Loving people is just the right thing to do.

I know we are commanded to love one another by GOD.I love more out of love for others then out of commandment.

How about you?

Find someone in this world and just love on them as GOD has loved on you.

This love you give another shall come back to love you.

Love never fails if it is GOD’S kind of love.

GOD never stop loving you and he has never forgotten you where you may be or find yourself at in life.

GOD forgave me why not forgive others?

Author: Jarvis Lee Harris Matthew 6:14... Forgive others you shall be forgiven also

Our heavenly father is a GOD of forgiveness, mercy, kindness, and of great love that has no end.

I ask my soul sometimes, how can I not forgive others just as equal as my heavenly father has forgiven my soul for my shortcomings?

I say I cannot keep allowing years of my life to pass by entertaining bitterness, unforgiving without measure.

How immature and insane that is, to live in that kind of pain?

I say, how can I keep allowing my soul to welcome and embrace unforgiveness as if my next breath depends up on it or as if it is the best thing that has ever happened to my soul?

GOD and my most wonderful children in the world, is the best things that ever happen to my soul. I ask my soul, how can I find a way to replace unforgiveness with GOD’s kind of love and mercy?

I say, GOD has help me to forgive others just as he has forgiven me and shine his mercy and grace up on my soul on this day.

I say, how can I find forgiveness in my soul for anyone who abused, misused, and walked all over me and seek out my destruction on all levels? Oh how good it is to just let it go and let GOD love and his forgiveness flow through my soul toward others.

When I look at the goodness of GOD, and what he has done for me, my soul jump for joy, and say GOD is really good all the time and he is just and right all the time.

You free yourself when you walk in love toward others when you know they just don’t deserve it, do it anyhow. Our heavenly father will reward you and bless you in doing the next right thing.

Un-forgiveness once dominate and control my every moment in my life. I even walk in bitterness and unforgiveness toward myself until I came to know our heavenly fathers love.

I forgive others not because they deserve it. It will calm the storm down deep in your soul. Sometimes you just have to do the next respondeable thing, and think for that person.

Keep in mind we all have shortcomings. Who doesn’t want forgiveness, or mercy from someone? Is it you who stand in the need of forgiveness? I am calling you out of that lifestyle.

Forgive, let the past go.

The past is gone forever anyhow. No one can go back and redo the past. Seekout to make amen’s to any you have harm some kind of way.

Forgiveness will heal you and another deep within know I am not worthy of GOD's love and his forgiveness, but he forgives me anyhow, because of who he is and for his name sake.

Jesus is the way of a life of forgiveness and peace for your soul.

In the good book states Matthew 6:14...For if you forgive others there trespasses, then your heavenly father will forgive your trespasses.

So I dear you to take that stand and let go and let GOD be your hero and your cup of forgiveness of any kind.

It don't matter who you are or where you been at in your life. GOD will take you just as you are and teach you his ways.

This is my soul speaking words of freedom; for one cannot be free until you can learn how to forgive others even yourself of any wrong. For who never done anyone or any harm? Is it you without any wrong doing in your past?
Why... God you've forsaken me in this World?

Mark 15:34 Even Jesus felt forsaken in this world by the Father...

My GOD my GOD why have you forsaken me?

(Version A)

Author: Jarvis Lee Harris

GOD for many years I always wonder in the back of my mind, why does it seem like you forsaken me so many times in my life even when I was seven days old, I know this world have, and they are so bold?

You say you are there and that you really do care.

Where were you in all of my terror?

It was rare that I saw you there.

GOD I may be out of line by asking you this question, but do I care even if I was wrong and found out later that you were there?

Even though I was pointing a finger I wanted for you to care.

What is wrong with me wanting you to be there not along care?

This old world has trampled, abused, misused, me and tried to destroy myself worth.

So GOD this is the time to let me know that you do care because it is so dark and heartless in this world.

I don’t see love or anyone’s affection anywhere.

I wouldn’t feel this way if others were there showing me you were always there.

GOD...My son Jarvis, I never forsaken you, even in your mother’s womb I was there.

I created you out of love even before I created you.

All that happens to you in your life serves a greater purpose.

Your tragedies were never meant to destroy you or your life.

It was for me to get the glory out of your life and for me to use your life as an example to the world that I am GOD Almighty that has healed your life.

I was the one who redeemed, and restored your life in full.

I was the one who brought you out of all your bondage, brokenness, filthiness, homelessness, despair ungodliness.
