EPITAPH

Out of sight, out of mind, dead, in a world
To the world of worlds
An world.
Just a memory.
Do you remember me,
Speak of my history.
Cherish
The legacy.
A struggle to be free.
Break away, the bandages,
These shackle.
These chains.
My tears, my fears,
My pain.
Help by the reign, please pour rain,
Where my blood is stamed.
I'm dyin' out
I'm cryin' out
Can you hear me now
Can you hear me now
It's so dark.
I can't sleep.
I'm dead.
Alone.
You hear me weep.
Remember me
Don't leave me here alone.
For the grand rope
Reaps me, I'm coming home.
The final breath
Beat the ballad
The hymn of memories.
The legacy
When I once was alive.
Do you remember me?

To be buried.

Now hear me howl.

They tryna bring me down.
Stand on my feet,

4 eva now.
Rat race, I will embrace
No matter what
It is.
I will face,
Tha rat race,
Will perish away,
Some day.

Some times in life when we feel something inside of us feel good, that's matters at this end of the day? Is feel good, cur I it is good. But in Deed we all know all good things don't last long, unless it is truly just meant to be, only the test of time can determine such embark endeavor. Feel me. 5-13-2015

I don't know when I will see you cur only time can tell. As of now, thro, I am anticipating that I will. So I am letting my emotions in my feelings run freely. It is the sole contention of security & true privacy. First of all, I like you & one day I will marry you! Every time I do, must serve a purpose, nothing I do is in vain. It is not about me - it is about us. The very fact that we can grow together as one.

truly I presumes, strangely, that you know what you want. But do you know exactly what you need?

Before I continue, I hope you can switch languages & topics because throughout out my intro monologue I will be bouncing around switching topics. Why? Cuz its so much shit that I need to say. I really don't know what do actually bring up first, majority of what I'm bout to convey is primary various topics, so its not really an alphabetical order I do in, so I hope you will pay attention. Peruse if need be before onto this with open mind & a open heart, hopefully I make myself clear. As honest as I can. . .

A long song in Folsom

Behind steel doors,
I am alone on that floor.

I've fallen, but
I can get up
I can't get up
in pain striking
I lost my vision
I love that mission
but multa fec
that system
FUC prison...

I do embrace it
I chose I hate it
Alone I'll take it
sh*t, real nigga
Ain't no fake sh*t,
underground
we all escaping

Till then, I'll write that end. Fight till it end.

I'll use my pen
A long song in Folsom
Breath revenge,
A state of pretend she is my friend.

I'm seeing people
Evil walking past
My lonely path
One letter
One visit
Is all I ask
That worst feeling
Is my loneliness
In Folsom

But that's all I've ever had

[June 2013 - June 2015]
Dec 23rd 2013, I actually cried,
For the first time in a very long ass time.
I CAME TA BRING YA COMPANY

Religion - voodoo muslim

My only contradiction
My only contradiction -
All opinions. The right & wrong
Of man's Idealism - isms.
Love. Love is an emotion.
It's no different from hate.
Love
You could some one
"Love at first sight"  
of hate, a stranger
as much as twice
with all ya might.
You ask why this
person can't commit.
I thought she love me.
Love, love ain't got shit
ta do with it.
Commitment comes
from a willin'.
You will see commitment
in everyone
in a million
You say, 'Oh bull shit-
That's crap.' Then
Ask ya self: Love....
You know he/she love you.
So, where is/she? @.
Actions speak louder
than words.
Love is loud.
Rainbows of colorful
clouds. All I heard.
Aint no gold
@ the end.
Yeah, you have love.
My love.
But you aint got a
true friend.
Love a four ever better
Like four seasons.
Love be going a change or
nothing.  

The weather. The summer drought.
Love. You... till all ya goods run out.
Fa the good - fa better.
Screw you too.

Just a lil bit. BARELY ENOUGH.

Don't be so damn naive to express ya trust.

No matter such fuck each letter word

"O I love you so so much"

be may? so, but don't be fooled.

Gonna be ya self baby

take ya silly ass mind back ta school.

"PROCESS OF HEALING"

Here's tha reason commitment is not long.

Love don't commitment.

It ain't tha same baby

the same different. You trippin'.

Im tell you. I am a child of wisdom,

my truth. Tha truth of experience.

Love don't make

a person committed

but I don't you hearin this.

Commitment is

Religion

"THA TRIBE OF WISDOM"

Tha mother of wisdom,

-POWER OF VOLLITION-

Please baby listen

Don't get ya self caught up

behind tha help

you brought up

It's better to wait. Love. Love ya self. Baby masturbate... That nigga love can wait. If he won't wait, that love is fake. Love is blind with no limit. No jurisdiction. No map to his commitment.
The mother of wisdom said it is the beginning from the past of a will. 
The institution of devotion to love for the women and all her children 
It's a choice. 
Planted by a voice. 
The loyalty of rejoice. 
Eat good or bad 
Happy or sad 
Thick and thin 
Lose or win 
Commitment comes from deep within.
I’ll like to send my condolences my sincere comiserate to all the families who are the survivors of this act of unforgivable atrocities, may blessings upon the mothers, an all the people, forgive us God but a thousand time a thousand curse be bestowed upon all terrorist evils.

today is a reminder to remember the memories of our past.

Describe ya ideal match:

Matriarch. Open minded.
Intelligent.
But wise. Educated.
Career and goal orientated.

Committed. Loyal.
Faithful.
A Vegan. No meat eaten.
Beautiful.
In the inside. More than the outside.
But pretty and confident all the way around.

Love to work-out.
Not lazy.
Finally a woman that ain't ta proud.
Strong enough.
Patient enough.
Ta deal with a bad ass like me.
LIKES AND DISLIKE:

I dislike religious people. Ignorant myopic
dumb ass's laziness... people.

I dislike who steals from the poor
good hearted people.

I hate those that are
intentionally pure of evil
stingy, cynical
pretentious pompous.

I like what eva
I feel like likin
@ tha moment.
DESCRIBING MYSELF:

I'm GRUMPY CONTRADICTIVE MOODY, HARD TO GET ALONG WITH.
STUCK IN "SOME OF MY WAYS".
I COULD BE QUIET BUT I LOVE TO TALK.
I WALK THE TALK.
I TALK THE WALK.
CONVERSE ON ANY TOPIC MUST BE INTELLIGENT.

I GET FRUSTRATED
WHEN EVA I GET AROUND PEERIES.

I AM CONFIDENT.
COURAGEOUS
ALONG MY DIGNITY WITH BRAVERY.
BUT SOME TIMES I DO HAVE DOUBTS
I'M AFRAID TO FAIL
I AM AFRAID TO TRY.
FOR I AM A ZEALOUS PASSIONATE DEVOTE.
I'M LOYAL TO ALL MY COMMITMENTS.
ONE AND TIMES MUST BE ALL CHARACTERISTIC
OF A TRUE ALTRUISTIC
I WILL GIVE 100% IN WHAT EVA I BELIEVE IN.
I'm HARD workin'  
WILLIN' TA ACCEPT WHAT I DON'T KNOW  
IM EAGER 2 LEARN. ALTHOUGH  
I'M OPEN MINDED 2 LIMITS  
BUT I WILL GIVE YOU A CHANCE  
I WONT JUDGE YOU EITHER  
BASED UPON YA PAST.

I'LL LET YA ACTIONS  
BE THA JUDGE  
I'M VERY IMPATIENT  
I BARE WITH IT  
IN THA NAME OF  
LOVE & INDIFFERENCE,  
O BUT I'LL TRY  
UNTIL IT'S OVER-STANDIN'  

I DONT LIKE TA FIGHT  
BUT I WILL BE QUICK  
TA ACCEPT ANY CHALLENGES

I'LL FIGHT A GIANT, EVEN  
GOLIATH.  

I FEAR NO MAN  
NOT EVEN GOD  
I'M SELF SUFFICIENT  
CREATIVE AND CRAFTY.

I'M A REAL "G"  
BABY NO NEED  
TO ASK ME  
I AM THA THUG  
A REAL GANGSTA, BUT  
I DO KNOW HOW  
TA COMMIT 2 LOVE.  
I DON'T DO DRUGS.  
I'M VERY RESPECTFUL  
MOST TIMES CONSIDERATE  
GET ME PISSED YOU WILL  
GET DISSED.  

HE
Then you'll get piss
An call me an IDIOT! But
I will submit to you
With the last
Of my breath
down till my last
Heart beat
"If ya prove ya self
Worthy,
My love so hard
But my hate is even harder
Needless to say
I'm one of a kind,
If you can't find
This time
to visit an white
A nigger
Then bitch
don't waste
Ya time,
don't bother don't even mind,
you just lost this
opportunity you'll get
once in a lifetime
until then,
I'll rest this pen
Later fa now
But never good bye.
I'm alive, but I am slowly dying,
I pretend to smile,
just so you won't see me cryin',
They tell me I need to stand up,
continue to fight.
really, I inquire for what!
I have no family,
they're all dead & gone.
so how the hell
do you expect me to live on?
no matter what I do right,
society still believe I'm dead wrong.
I'm never right.
It ain't that really hot livin' in hell (Jail)?
from these sprinkles of embers,
fire inside of my burnin' cell,
curses & evil spells,
burnin' souls from many dead convicts I could smell.
A strong whiff of fresh burnin' flesh,
must I be thankful & grateful, bless?
just to wait till
the prison guards beat my ass to death,
I hear voices cryin'
in the middle of the nite,
whispers of prayers,
you'll even hear,
Eerily commin' from an Antichrist.
Grown ass men cryin' 
cuz prison time, even if
break us all down.
It's an eerie feelin'
hearin' screams from burnin' prisoners
with out any sounds.
we're all burnin' pretendin'
to cover our wounds with a smile,
been sufferin' 1st degree burns
since I was a lil' child,
we all need help, which, we won't admit,
beauz we refuse to bend over
Kiss the ass & submit.
but help me, please, if you could only understand
that I am burnin' a slow death soon, total, dead now!
It is within - you.

No man has the right to beat a woman
Nor must cheat a woman
But cheat the woman

I'll teach you the secret
to beat a man
To sleep the man
Tell his Dumb ass
to walk
eagerly
Into quick sand/Quit sand

Take his hand,
you own his land.

You are wiser than the man
You know who you are
You know who I am
You are the womb that creates the man
You make the man
You have the power
To actually physically
Spiritually break the man
Understand or over stand
What you are is who I am.
hevils within wrong with being emotional.
It's OK to cry - to have feelings.
Feel what you may feel inside.
Look inside from time to time.
You'll see all that went to be fought...

Draw strength from within, strength within within.
Jewels,
Ther tools
Are found within
For you to win.
Climb the solid rock.
Kill him man, a row.
You are the top
Climb, the mountain top
Never stop.
You'll see all that needs to be fought.
You have to find
All that you've got
Many ways to ones spot. But try not.
Don't call the cops
A thing sign of weakness.
Co-dependent
Find ya own independence.
Fuck for given him
For his repentance.

If ya hate their music

If ya can't understand their music
ya damn shit won't understand the people.

When ya ain't familiar with they're music

If ya can't adopt to they're music

When ya dislike their music

Music keeps

When if ya can love & embrace they're music
then ya can love & embrace them people.

We don't need to be equals
We understand

Music is the essence, the heart &
the voice of them people.

When you listen to that music
ya listen to them people.

When eva ya hear they're music
that's when ya finally hear them people.

Learn they're music,
you will learn understanding.

If ya decide to intentionally hate they're music
then ya have decided to intentionally hate them people.
TELEPATHY

Tell A Path We

TELEPATHY

Tell A Path Way

The mind has the capability
to transfer messages
through magnetic
waves from brain waves

The brain has the same
glassy pieces of material that the sun
have. Electrical waves
magnetic waves
charged off tiny microwaves
that releases tiny
dust like particles
of zinc, iron, and copper.

The brain has the highest
of zinc, iron, and copper,
which is the source of
energy.

Have ya eva wander
about why ya pick up
all types of silly, stupid,
evil, nasty sexual or weird
type of video images? Pictures?
Wander why it's in ya mind
That ya don't want ya think of it
nor want it there. Wander why it
just pops up. Well it is because
ya are connected as the rest of us
to that mother planet,
mother board call the sun.
It is the mother sun. So
an only woman has that
transmitter. You could...
naturally scan. *RICK:* picture up message of visual images. this is why we focus our eyes directly at ya booty, or ya crotch. we real

don't mean it, we actually can't stop our selves. because then actually magnet likes transmitter & protractor &
receptors that's wired thru our system. our temples.

e.xample: had ya eva trip out on why? how tha fuck you can actually literally feel some body watchin ya? wonder why ya always say - "i feel"

some one is watchin me! i know ya said that plenty of occasions. huh. words and energy that express tha matter - "matter." so when ya say "i could feel some body is watchin me" that is exactly
tha matter. matter of ray of light = electrical rays.
so, ya know soon as you turn around, bam! you see
this mutta fucka starelin @ ya. see i told you, crazy thing is you have done this too. in what ya do. you hurry up an quickly turn ya head loke that too. see. so once we havin that extra sense to feel, feel tha rays in our eyes. penetration the receptor.
not. also wonder why you can feel it in ya but same shit i just explain to you about tha feelin
you feel when someone watchin you.

thing is, your guts is wired to that "chip." in your hips @ the booty. the clit. your vertebrae, spine which is connected to your pelvis - pelvis hips.

our eyes is also connected to our sprung.
ladies, you do the same thing too: beam in - zep in lookin @ me. i posses exactly what you possess just a lil bit less. any how our eyes have electrical
beams & rays protrudin invisibly to tha naked eye.
in a way that ya wired with thi
natural chip. "thai mother chip"
it's so tiny not even a micro scope
can see it or find it. the world's most famous
scientist has been searching for
the exact location, for centuries. the mother chip
an still can not pragmatically contest
where it lies. in ya, they presumed the brain but i
2 bea ta differ but that's another lesson
for another day.
any way, trip out on thi. you bea pickin up
message's thru the universe, baby.

the spine is divine = the very brain.

"the hips is where
ya locate the mother chip."

"c-hip",
"hip-notize",
"ya hips will hypnotize
hypnotizes
our eyes & our pi's"
this is why our eyes "magnetically" goes rise
2 ya booty - ass hips & tha pussy cli.

baby, why ya think we say
"ya got me hypnotize" it's cuz we actually
are hypnotize. hypnotizes hypnotizes
this is why i now us rise, even when or if i
2 bea ta be blind.

i will 8 still rise without seein or usin my
physical eyes.
we are wired & connected to the main source
"thai mother planet the mother board."

ya universes, our eyes are rays, that will
I will the 3rd day you will feel it. Any how this matter is the matter of what exist in the universe. The Sun. Matter means mass as in code identification something written or printed in regard to materials that conform or print out electrical living atom's material: matter. Any how stay with me love. Let this not discourage you. If it is too much then stop and close this chapter. You ain't ready if you ain't ready, feel me.

Any how this info involves the secrets of the poor."

```
Every creation was made in the image of you (woman).
Never forget to remember this, any how this is how why you pic (pictures) messages & transmit messages appear without too asking for them.
```
Trip out on this baby. Let's take a quick look at a digital antenna cable Card or a digital satellite. Satellite Dish Satellite Chip Satellite Hip

We also a Satellite Dish. The satellite chip music of hip hop chip hip. We are hip we dance magnetically energy transmits thru. Thru the hip, we bust a lick, we pic. The power in the hip. The dice thru the chip. Satellite Chip Satellite Dish. We are connected.

We both surf & search send our messages, projections, images & signals. This is why we see images all day. So much a lil too much.

I know I threw you of course. Ok well dawn with it unless you lack the intelligent to multi task, not mine but yo bad!
Back to bizness for those that seek the roots of truth, secret of the root tree.
As I was sayin about telepathy, the intuition of a human intuition = visuals - images - pictures etc. transfer messages, in regard that you women are connected to the mother planet the mother board is in side you possess the key, the secret.

[Diagram with handwritten notes]

With sounds out signals a lil less but we do it all the time to often. We are wired to actually received your signals images that you give. When you press The chill button ring & call, we are natural predators we naturally hunt so we beam in an scan shit tall damn day, most shit is sexual & predatory. The only thing that actually we're good for.
We are only tools for the purpose to serve in praise our women - or woman. We send out messages.
But women most likely respond much, your not made to listen to us we were made to listen to yall. Example you notice how when a man call you you don’t naturally stop dead in your tracks. OK then baby it’s because you ain’t made to answer when we call. Only only if i is when you decide to.

Now check this out. You walkin down the street on the side walk, with tight pants on or a bikini suit you don’t have to call a man. Unit that nigga is going to auto-matically stop dead in his track. A beam in @ you he will damn crash. Just cuz his instinct us wired like a remote control car. He will drop everything he’s doing without you having to say a damn thing. Now baby tell me that ain’t power! All we need a man ain’t made to stop & listen to you, tell me you aint never experience a man stop in traffic just to get your attention. OK then any ways.

The other sounds you wear signals. Your also strong true. This is why we look stare zoom in a beam in its behind the natural iron magnetic chip in the hip that hypnotizes us immediately! stuck like mechanical machine toy. Remote control robotic soldiers. This is why you can call a man, even a stranger? He will come to your aid in the back of your call. Also this is real. For example.

A woman will not most likely take a ride from a man/stranger. But a man will take a ride with a woman stranger. We dumb & stupid like that. We will take a risk an won’t think
About the Dangers. Because we're over-confident.

It's not that we know we can over-power

you ladies. We are not made to fear nor think

as much because we're not designed to maintain

life (children). We are to SACRIFICE our life

for YOU & the children. This is why we DO

CRAZY SHIT ALL THE DAMN TIME. Anyhow you

could BE READY to KILL us an we won't know it
til we DON'T think of danger will come

from you. But it will be it can, we are naturally

RISK takers. That's why we like to take on a challenge

- it's like a task to accomplish.

Anyhow, NAIL PUS in some bick shit too. For instance

you ALL send out signals of sex to US all the time too.

THE O'power. You send us - sexual picture imagines - we pic-
pic into us, these signals messenger. Quickly, 85% of the time,
we only react 15% to ton % or intellectualization (of 27).

This is why we will an act like HOW we ACT.

You ya self are projecting rays of inner thoughts, quick
flash of you yourself. To the mother board - she can't miss

WITHIN. Anyhow it's when we receive your images -
you quickly flash shut us down. But you the one who
be evoke in us on not misleading us with your images.

Tell A.O.D Full to tha enticement. The Attitude you wear ARE.
