The word "cum" appears 45 times in this book.
I need you to know, that I would give you diamonds and pearls if I could.
I take full and honest responsibility for any miscommunication between us, that has occurred in this relationship.
Communication is the key in any productive relationship.

I need you to know... that I'm changed in regards to my prior acts of flirting with other woman.

You are my sole reason for living.

I would take you on a cruise around the world.

I would make love to you on the moon.

Forever would be too soon.

When we were apart for a couple of months.

I had time to reflect on us which led me to understand where I went wrong and it also helped me to realize where I excelled in the relationship.

The time apart helped me to realize that you are most important and the greatest value in my life.

Merry Christmas 2015

Wait until you read my next book "Sex, Love and Marriage"... wow!! That's all I can say.
I've remade my inner self, refashioned my values
this time has brought a conversion, a modification
in me that lets me know I can and will
be what you need me to be as a man
through all of our struggles you've stuck by my side
not only in deed but also in heart
please understand you are my true strength, my rock
you are what I require to facilitate my growth
I am so much more with you
you make me what a man should be with a
strong, vibrant woman at his side
at night, when we're in bed, pleasing you in every
way imaginably sexual and mentally, brings great joy
to me

From the pleasure of hearing you scream and moan
while I'm inside you, bumping and grinding hitting your
G-spot constantly until you can cum no more
as I rock you to sleep by squeezing and jiggling
your butt cheeks until you fall asleep
from the pleasure of having you sit on my face
while I eat you, suck you and smack while I'm
enjoying eating your pussy, sucking your cum,
swallowing your cum as you constantly rip out
thunderous wet farts in my face and mouth
You complete me in both love and life
I truly need you
Sometimes you've questioned these words and their meaning for us both
I give you my heart and soul
Unconditionally love you, unlike any ever before you
When we first met on March 17th, 2015, I told you
I would give you anything, that's where I started
I opened up my soul and handed you my heart
I give you all that you so richly deserve
Unconditional love, trust, respect and loyalty
My devotion to you is my deepest desire
My adoration, admiration, appreciation and passion are unequivocally yours
You, J. Ward, are my rare and precious jewel, of immeasurable value, a priceless treasure, to be forever coveted and cherished, beyond and above all else
Love, respect and loyalty just for you, resides deep with my impassioned heart
Some people say love should not hurt, but pain is a reality of love. Without pain, love is lust. Pain signals an abuse of emotions, yet it also incorporates a real measure of love.

We've been away from each other almost 3 months. I can see you on my web-cam every day but I need your physical presence. I want to be able to touch you, kiss you, face to face conversations, make love to you physically and mentally.

You know how I love to make love to you repeatedly hitting your G-spot, stroking inside you until you surrender to Daddy. You know I love the look on your face everytime you cum and moan and scream and beg for me to stop. You know how I love to juggle and squeeze your butt cheeks up and down until you cum.

Love can't be contained or controlled. It's an emotion that hurts and heals with equal effect.
Your heart and soul is the most pure essence
I can always feel your warm embrace, even when
I'm not in your presence
Love isn't easy when we're not together
I know it's only time and soon we'll be together
Love isn't easy when you're not around
But our love is strong, so don't let anything get
You down.
In your heart is the demand to be respected
which I give you 24 hours a day, seven days a week
My job sometimes forces me to be deployed
overseas in the military
Love isn't easy when you're all alone
Knowing I'm overseas and you're the only one
At home
Love isn't easy as I'm sure you're aware
Bad things happen and life is just not fair
Love isn't easy and I know it's hard for you
But our love is special and I love, loving you
Not getting what we want in love promotes pain.
Real unconditional love, which is what we have, can endure sincere pain.
Without pain, baby, love can never be tested.
Pain makes us stand up for our right to love.
Love lasts forever, and so does pain.
It's up to us to fight for what we have.

Which is real love.
Everybody at some point believes they know what love is.

Intentional pain is not love, but incidental pain is.
It strengthens our resolve to hold on to what we have.

Which is real love.
Love complicates truth and misguides emotions.
It is in love thru pain that we acknowledge our wrongs.

Knowing the pain of real love prevents us from hurting our love.

J. Ward, come here baby, sit on Daddy's lap, bring them lips over here, let me make it like it was.

Be patient, trust in us, take a chance on me, on us.

I love you J. Ward.
Through our ups and downs; through the obstacles we belong together.
I come before you as a knight on bended knee
And graciously, humbly ask, that you stay with me,
Stick with me, once again; beside me as I build a shrine to our eternal love.
These are the things... I need you to know
Stay with me. —Ward.
I Believe In Us

I believe in us.
I believe in the things that are important to us like loyalty, respect and trust.

Trust in a relationship takes time to develop.

I've made several comments to you that you took to heart.

Remember on June 18th, 2015, when I made that comment to you about all the womanizing I used to do.

And it sparked a nerve in you to the point that you thought I was implying that I was cheating on you.

Your reaction shocked me because I thought our relationship was stronger than that, but maybe it was my fault because I did not explain myself properly, which allowed you to have the thoughts you did.

So in a way I apologize and I will never let that form of miscommunication to happen again.

We have chosen to live our relationship in a productive and intellectual way in which we challenge each other to strive to our potential and further.
OUR LOVE AND SUPPORT FOR EACH OTHER allows us to accomplish anything we set out to do. Baby, you have many talents and the wisdom to use them well. I know we have what it takes to overcome obstacles and to grow from our past experiences in this relationship.

I will always be faithful to you and the values that have shaped the philosophies in our relationship.

I believe in our courage, compassion, strength of character.

I believe in our goodness as a couple.

I will love you always and forever, which comes out at night while we’re in bed as I hold your soft body, as I penetrate you repeatedly giving you that sweet sensation you deserve as my queen.
As you moan for hours, orgasm after orgasm
cum after cum
you know how I love to spank it all night
while I jiggle your butt cheeks playfully, smacking
while I tease you in your ear with seductive words
hopefully everything I say and do, convinces you
I'm wanting you
wishing it was a thousand of you
I'm greedy when it cum to you
all I want is you, nothing else matters in life
don't want to share
I'm selfish, when it cum to you as I should be
happy and joyful I want you to be 24-hours a day
ambitious is what I want to make you
I believe in what we have built
I believe in us
I will love you always and forever J. Ward
eye to eye J. WARD

eye to eye J. WARD

Our love is so strong and deep we should be able to look through each other's eyes and understand our every thought, every need, every desire.

I know what makes them panties wet
In order to please you every second of the day
I'm willing to compromise my entire existence
To make you happy.
Are you willing to do the same... I know you are.
My schedule, my hobbies revolve around you.
You remember during the Super Bowl when you were feeling horny as hell.

"What's the score baby" (you asked)

"21 to 21, with about 10 minutes to go baby it's a great game."

"That's nice", as you look into my eyes and start smacking your lips.
You sit on my dick with no panties and start rubbing your butt cheeks on my dick.

"I've been bad baby, I'm confused"
The games getting good but you are more important than any sporting event.
"I need my baby right now" (you reply)
Start playing with your pussy and grabbing your butt cheeks
You crawl on the sofa and lay on your back and start laughing in a tone that you know makes me horny as hell
I grab you by the waist and then thighs as I enter you as you cum immediatelymoaning like crazy
As I continue to stroke you back and forth, I hear "This was the greatest Super Bowl ever"

But I don't turn my head to watch T.V.
I'm dealing with something more important
I'm pleasing the greatest woman in the world
After a hour I put you on top of me and jiggles your butt cheeks playfully until the last drop of cum is out of you and you fall asleep more than happy
Your loving words make me a complete man.
At night when we’re in bed your loving words penetrate my mind, body and soul and get me horny as hell.

Countless times I’ve com-ed on myself just from hearing your loving words.
Of course I return the feelings to you as I seduce your mind and provide strength to heal the hearts that sin would bind.

My loving words to you while I play with your pussy are whispered, rooted in your heart which will give wisdom to you and guidance that will bring life to your ambitions that will fill us both with pride.

My loving words give you strength to go to work every day with joy in your heart.
I inspire your dreams and show you the way that will release you from pain until that perfect day...

MADE HER A BETTER WOMAN

ONE NIGHT AN OLD FRIEND CONVINCED ME TO GO TO A
STRIP CLUB
I HAD NOT BEEN TO ONE SINCE MY COLLEGE DAYS AT
U.C. BERKELEY
UPON ENTERING THE STRIP CLUB I SAW ABOUT 20 DIFFERENT
WOMAN DANCING ON POLES, SHAKING THEIR ASS'S, DOING THEIR
THING
EACH NEW DANCER THAT CAME OUT WAS INTRODUCED
OVER A LOUD SPEAKER
ONE DANCER CAUGHT MY EYE IN PARTICULAR BECAUSE SHE
SEEMED MORE OUTGOING AND LOOPER THAN THE OTHER GIRLS
HER NAME IS STEFFI, SHE WAS ABOUT 5'7, 160 POUNDS;
AL WOMAN, ALL ASS
WHEN SHE CAME OUT ON THE DANCE FLOOR SHE HAD A
SKY BLUE G-STRING ON AND SHE CAME STRAIGHT TO
MY AREA WHERE ME AND MY FRIEND WERE
SITTING
SHE RESEMBLED AMBER ROSE; SHE EVEN HAD THE
SHORT BLONDE HAIR THING GOING
As she got in front of our table she turned around and started twerking her ass cheeks, her juicy ass cheeks.

"Oh God" (I say to my friend)
She obviously had been a stripper for a long time because she was a pro at twerking.
She was such a professional at twerking that she was able to make her butt cheeks make a clapping sound every time her two (2) butt cheeks touched.

The clapping sound was like music to my ears.

"I got to have that" (I told my friend)

"That's a bad bitch, but them strippers have been ran through, well the most of them (he says)

"I don't give a fuck, there's something different about baby girl" (I say)

"Of course there's something about her, she has the biggest juiciest ass in her, but she's probably a slut" (he says)
With my eyes continuously on her I see her bounce around twerking her ass cheeks from table to table. Laughing and teasing and seducing every man in sight. She was by far the most popular of the girls which was evident by all the $100 bills on stage. Damn, it had to be about $10,000 worth of bills on the dance floor at least.

Steffi's swagger was greater than all the other girls. She was top of the line. All woman. I waited to jump on stage and eat every last drop of her.

I told my friend, "Stop watching, that's a bad bitch up there." (I tell him not to take my eyes off her.)

After 1 hour "twerk and clap" show was over. My friend tells me, "The strip club is getting ready to close, all the girls have around in the parking lot for about 20 minutes before they leave."
We decided to hang around the parking lot to see what girls would show up before leaving. I saw Steffi routinely brushing guys off who were either too lame to come at her with confidence or too disrespectful to come at her like a man. I knew I must have her over the next month I would show up to the strip club by myself and sit at the same table Steffi would come in front of my table tweaking to the music I just as she did for every other customer. Every time she came in front of my table I would nod my head and motion for her to come here with one finger. I never threw any money at her, like all the other customers did. She was worth more than money. I never yelled at her to take her clothes off like all the other customers did.
She was worth all the respect in the world. I think she noticed it was different than the rest of the guys in the strip club because she spent more time at my table than any other. One night after the strip club closed, I saw Steffi in the parking lot, with a couple of other dancers. When she saw me, she started smiling and approached me, while the other dancers looked in amazement and said "Wow, what's that about?" They were so used to people approaching Steffi, they never saw her actually approach a man. The scene amazed them.

"What up?" Steffi said.

We introduced ourselves.

"I noticed that your really quiet while your in the club and always pointing at me," well I'm here what up?" (she says)

She was really loud and aggressive, just my type.
I asked what she was doing the next day.

"Tomorrow is my day off, do you have something in mind?" (She says)

How about we go out and have a good time and really get to know each other.

She gave me her phone number.

I called her and I went to pick her up.

I told her there was a good comedy club that we could go to named The Laughing Factory.

We enjoyed ourselves; the comedians were great.

She almost died laughing throughout the 2 hour show.

After we were finished at the comedy club, we went to a nice Mexican restaurant where we enjoyed our meal while it smoothly got into her head.

While I told her everything she wanted to hear, everything she needed to hear.
She told me she was 29 and had been a stripper for 15 years but was at the point where she was looking for a change in occupation and was looking for a real relationship not the one night stands she had become accustomed to.

She was from a small town near Reno, Nevada which had a ton of strip clubs.

She was raised in a trailer park with her mother who was also a part-time stripper which is where she got the urge to become a dancer.

She lived in a poor neighborhood where the unemployment rate was high with limited jobs.

Being a stripper in her town was actually one of the highest paying jobs for a high school graduate in her town.
She did most of the talking
I could tell she had a lot of built up frustration
in her that up until now
"You know how disrespectful those guys are in the club, it doesn't bother me, but after a while you get tired of being around lames, but the money" (she says)
"Money is not everything, the older you get the more you realize it" (I say)
"Your right about that" (she says)
I told her about me and told her I was looking for a real relationship
I told her there was a lot we could learn from each other
She agreed and said "Your real easy to talk to"
"I feel comfortable around you, you want to come to my place and continue our conversation?"
"Yes, of course" (I say)
On the way to her house, I let her drive while we laughed, joked and listened to some of my favorite R&B songs which she seemed to know all the lyrics to. When we got to her house she went into her room to change into something more relaxing. She came out of her room with nothing but a white G-string on and a tight football jersey that stopped at her belly button. We sat down on the couch and analyzed each of our past relationships, the good and bad aspects of each one. She told me they didn't have what it took to please her so they covered up their failures by disrespecting or abusing her. We talked for about 4 hours. She loved to talk and boy was she loud. It was more smooth with my conversation and body language which brought balance to our conversation.
At the end of our conversation I looked at my watch. It was 3:00 P.M. I told her that it was so much more we needed to talk about and she agreed. We were real close to each other to the point where she was on my lap then she said, "I noticed you don't throw money at me." (She said laughing)

"Why would I do that, you're worth more than money money helps obviously, but I can tell what you need is something money can't buy." (I say in a smooth serious voice)

"Your right about that." (As she smiles smacking her lips looking seriously into my eyes) This is the quietest you've been all night I thought.

"You don't say nothing when you in the club, no take your clothes off, no nothing huh?" (She says)

"I didn't need to tell you that because I knew, and you knew that I would eventually get you to do that every night." (I say)
"Whatever" (she said laughingly as she turns away)

As soon as you turn your head I see your body tense up and start shaking while I'm holding you by the waist. I look down at your vagina and see cum draining down your legs and thighs.

"That's right" (I say)

You quickly try to start a conversation. Ms. Swagger quickly turned into Ms. Vulnerable. I stop her before she can say another word.

"Shut your mouth" (I say)

As I rub her thighs and squeeze her butt cheeks.

"Alright I respect that" (she says passively and willingly)

"I want to release you from that pain and frustration. Turn you into the best woman you can be" (I tell her)

"I would like that" (she says)

"I want to soothe your soul, uplift your spirit every day and bring joy to your life" (I say)

I nod for her to lay down and I enter her with my big, juicy, thick dick, ready to serve...
As soon as I enter her, her pussy just melts like butter.

For 2 hours I switch positions while I’m in her, squeezing her juicy butt cheeks, draining her of every last drop of cum in her. She cums at least 7 times, 7 good times.

"Damn nigga fuck" (she says while cumming)

"Oh shit" (she says while cumming)

"Oh my God" (she says while cumming)

"Okay brooo you got me" (she says while cumming)

After we're done, she lays on me while I cum on her butt cheeks.

Then I say "Get up and give me something worth eating" (I say)

As she gets up to go to the kitchen, I stop you and say "I was talking about you baby".

"Oh" (she says and starts laughing)

"Bring that butt over here sexy" (I say)

She stands in front of me, her titties above and starts twerking her butt cheeks making them clap together which makes a loud barking sound. I don’t know where she got the energy.
But I'm glad she found the energy she puts on a "twerk and clap" show on that was 100 times better than any show she ever put on in the strip club.

It was the greatest show on Earth, the sweat that fell off her juicy thick big butt cheeks made me feel like the luckiest man on earth.

I got up to squeeze and jiggle her butt cheeks while drool ran down my mouth.

"Lay down baby, enjoy the show" (she says).

20 minutes later, she walks over to me and spits on my face as I eat and lick her dry with her cum all over my face.

"Hold up I'm not done baby" (she says as she turns around and puts her butt in my face wiping her ass with my face).

I open up her sweaty butt cheeks then eat her asshole dry while she parts in my face and moans continuously.

After she says it's done we proceed to her bedroom.
While we're laying in bed I tell you "Your not working at that strip club no more, them days are over, do you hear me? (I say)
"Yes baby" (she says with a smile on her face)
"Thank you baby, thank you!!" (she says)
As we lay in bed, we look outside and see the sunrise
We see the sunrise to a beautiful long lasting relationship
"Look at me, I want your ass to pack up all your stuff, your moving in with me." (I say)
"Yes baby" (she says)
"There's some rules that have to be set early on." (I say)
"I want your ass at home every night before dark do I make myself clear" (I say)
"Yes baby, I can do that." (she says)
“Now get some sleep we have to move all your stuff later on” (I say)

“Yes Daddy” (she says)

The sun continues to rise to its peak

like our relationship, like any real relationship
Pussy Call

You found the right one baby
You've been looking for a man like me for a while
A man who could match your intensity, your passion
A man that really wants it
A man that actually takes the time out to study
You word for word, sentence by sentence, look by look
When we first met you looked at me with a
Look on your face that said "I chose you now"
What are you going to do with me?"
I looked back at you with a look on my face
That said "I'm come get you like a real man"
From the first day I saw you I knew I
wanted to shield you from the fake, lame ass
disrespectful men that you come across on a
daily basis
I want to be that knight in shining
armor you need
You found the right one baby

The first day we met you had that look on your face that said "I'm looking for a man that can break me.

You were looking for a man who could unlock the lock to your mind, body and soul.

I knew I could solve the combination lock code to your pussy as well.

The first day we met I knew you were the type of woman I needed in my life.

Love at first sight describes our encounter the first time we met.

During our first 2 months I never once looked at your body, because it was not my main concern at the time; your body is not what I fell in love with.

I fell in love with your mind, your intelligence, your spirit, which I knew I needed in order to grow to my maximum potential as a man.
In the first 2 months we conversed about every issue and topic you could possibly think of. Our conversations were thoughtful and as always interesting. And we broke down each element of our topic.

We never argued because we wanted to agree with each other so bad. We wanted to understand each other. We needed each other. We wanted to fight for each other. We wanted to shield each other from this crazy world.

You used to sit with your legs crossed like a real woman.

You were always serious and caring at the same time.

You made things so clear to me.

You soon realized I seriously wanted to pursue you. You knew I needed you and was willing to do anything it took.

I was willing to give you 100% piece of my love.
Your heart sometimes holds so much pain and so many tears.
Even when I'm away overseas I instill in you the motivation to never be denied, and to overcome your greatest fears.
Your heart is everything she believes in protecting what her heart means to her, because that is where her trust begins.
Your heart is the most exquisite place of serenity.
Your beauty lies in confidence and exposed in her true identity.
Your innocence and readiness is what drew me to you.
Your heart is all you need according to plan
because in your heart you know that as long as we stay committed to each other, we can accomplish anything.
One day we were talking about compromise and relationships.

I started to romanticize you with loving riddles that you knew were aimed at you with one goal in mind.

One night you started shaking while we were conversing when I started giving you my sexy riddles while you were shaking. You looked at me in a passive way and un-lewed your hair down while not saying a word which was unlike you.

I looked down and you opened your legs and smacked your lips.

Then you looked at me and said, "Things happen like a little kid who waste food all over the carpet while your playing with your hair! I look down at your tight see through Spandex pants. You had an orgasm which seemed to be continuously growing because the wet spot was getting bigger to the point where your cum was soaking through your pants."
I seize the moment by teasing you with more romantic riddles
You start shaking again and then you get up and put your pussy in my face and say, "The pussy is here, what you going to do with it?"
I was low key stunned
Ms. composure unable to control herself
I start jiggling your butt cheeks while you start laughing and farting
"DAMN GIRL you acting a fool right now"
"Get your butt over there" (− say as − tap both butt cheeks continuously crowding you to the bed)
"THAT'S WHAT'S UP" (you say fully willing to comply with what you know is coming next), as − enter
you and start stroking you smoothly − say "You ready for the cardinal ride of your life?"
"Yes, yes, " (you scream uncontrollably)
Boy, I thought, when a person who is normally composed loses their composure and stop resisting they really lose control
THATS EXACTLY WHAT HAPPENED TO MY NEW BITCH MY LUSTY BITCH, J. WARD
CURESS AND EAT THEM BUTT CHEEKS

A close friend of mine named Erin called me one day and said she was thinking about having the fat in her butt cheeks reduced because she felt like she intimidated people (especially men) with the size of her ass. I told her she was crazy.

"You have an ass made for a goddess" (I say).

Erin's ass was unbelievable. It was like her ass was carrying twins, but at the same time it was also firm and fit.

"Most men that I'm with just want to look at my ass and compliment it, that's cool, but I need a man who can massage them cheeks and eat them cheeks the right way." (I say)

"Whose going to appreciate your butt work of art?" (I say).

"These lames out here are scared; they talk a good one but when I put it in front of them they get all soft." (She says)

"I'm not intimidated, I want a chance at it." (I say)

"Well see." (She says laughing)
ERIN WAS A BEAUTIFUL WOMAN VERY CLEAN

"YOU MIND IF I CAME OVER TONIGHT AND FUCK IT WITH YOU" (I SAY)

"I DON'T MIND, YOU KNOW I ALWAYS ENJOY YOUR CRAZY ASS" (SHE SAYS)

I ARRIVE AT ERIN'S HOUSE AT 5:00 P.M. AND ENJOY ONE OF HER FINE DISHES

THE WOMAN COULD FLAT OUT COOK

AFTER DINNER WE HAD A 2 HOUR CONVERSATION

AT THE END OF THE CONVERSATION I TELL HER

"I'M READY ERIN, WE'VE KNOW EACH OTHER FOR 4 YEARS

GIVE ME THAT CHANCE" (I SAY)

"BOY GET OVER HERE!" (SHE SAYS AS SHE PULLS ME TO HER AS WE KISS)

WE UNDRESS EACH OTHER AS I Enter HER STROKING HER SMOOTHLY AS SHE MOVES HER BODY IN RHYTHM

AS I REACH HER G-SPOT CONSTANTLY, SHE CUMS CONSTANTLY

AFTER 2 HOURS OF FUCKING EACH OTHER LIGHTS OUT,

UNTIL WE BOTH HAVE NO CUM LEFT SHE WHISPERS IN MY EAR CRYING "I SHOULDN'T HAVE MADE YOU MY MAN A LONG TIME AGO, YOUR MY BABY DRE"
"It's a time and place for everything and now is our time to love each other the way we both deserve." (I say)

She gets up and bends over and starts twerking her butt cheeks.

I then get up and start penetrating her doggystyle while squeezing her butt cheeks firmly for about 30 minutes until she squirts out a big pool of cum all over herself.

I let her rest for about 20 minutes as I caress her butt cheeks by jiggling and squeezing her butt cheeks up and down.

"I'm feeling that." (She says)

"Assume the position." (I tell her)

She gets back in the doggystyle position as I get up and start sucking her butt cheeks and then I start eating her asshole.
I start smacking while eating her asshole which immediately gets her horny until she can take it no more and she cums on herself repeatedly while I continue eating her asshole. The feeling is so good to her that she rips out a long wet fart in my mouth that sounds like a good car motor. After I'm done eating her asshole we lay down with her on top of me as I juggle and curbes her butt cheeks until she falls asleep.
DEAR GOD, CAN YOU HEAR MY PLEA?
I'M LOOKING FOR MY ANGEL, MY WIFE, MY SOULMATE J. WARD.
THE LIGHT OF A THOUSAND STARS ARE REFLECTED IN HER EYES.
YOUR HAIR IS SPUN OF THE FINEST GOLD.
I LOVE WATCHING YOUR SUNSET SMILE ABLAZE.
SKIN SOFT AND WHITE AS A GENTLE WINTER'S SNOW.
YOU ARE SO STRONG AND GRACEFUL, AS A WIDE EYED DOE.
YOU ARE MY ANGEL J. WARD; FROM HEAD TO TOE I LOVE TO KISS AND SUCK AS YOU CAN SEE.
YOUR LOVE IS IN THE DEEPEST PARTS OF ME.
OH GOD, HOW I MISS MY BABY J. WARD.
I LOVE YOU MORE THAN ANYONE IN THIS WORLD.
FORGIVE ME FOR MY SHORTCOMINGS AS I FORGIVE YOU FOR YOURS.
LETS CONTINUE TO GROW STRONGER.... TOGETHER.
With the sun’s rays burst in glory
Purple and blue on burst from beautiful flowers
Look into nature’s mirror and see
With such vibrant beauty we can see, its
Restricted beauty beheld with eyes
More beautiful are you in your entirety
Wrapped inside you exist such beauty, waiting to burst
As the sun’s rays
When you can’t see all you’re beauty, and can only see tarnished reflections, look into nature’s mirror baby
And see, more beautiful are you in you’re entirety
Baby I want to be the anti-dote that your inner self needs to cope with life’s trials and tribulations
When something overwhelms your inner self and you need that guidance
I’m your careful armor
When your feeling vulnerable or weak
I give you the strength you need
The only calibration that counts in the effort
and heart I invest in you
I'm your careful armor
when you in my arms you have no fears
of being hurt or humiliated
well you might get a little humiliated when I
boss you around when your feeling weak and when
I continuously put and cum on your face and
it out of love and as a form of discipline
and affection
I give you the strength to live boldly
when your friends you love, argue and debate with
you on how our relationship should go
you love to THEM** mind ya'll business, I can't be
wrong, me and my man talk about this all the
time, my man: always right**
You love to brag about me
We invest our hearts in each other
Nothing else really matters
We respect life and measure life’s worth
by the degree of understanding and love we
have for each other.
I love it when I see you submit after
fucking you for hours
"You win baby, that dick is too much." (She says)
I love the look on your face after we have
sex
The admiration and sparkle in your eyes.
"Daddy you win." (You say)
"You always win; you did your job." (She says)
"That's what I'm here for baby." (I say)
Pussy and Booty Call

It's been 5 months since we met on March 17, 2015
What a ride! It's been, but the best is yet to come
Baby
When we first met, you had that look in your eye
That said, "Nigga," your ass is mine.
I remember when you asked me if I had any kids and
You started smackin' them lips and rubbing your stomach
The same lips that I love to kiss
The same lips that love to suck and eat my juicy
dick and balls
The same lips that are completely saturated with the
Aroma from my dicks' cum.
The same stomach that you said you wanted to carry
My first child in, which I promised you I will get
accomplished as soon as possible.
The same stomach I like to tickle at night which
Gets you horny as well.
Your charisma, intelligence and innocent demeanor is what
drew me to you.
Your body plays a role as well; you know I love
Them thighs and hips.
You know I love to grip that pussy while I'm
Grabbing on to them hips.
You know I love it when you show up to my door late at night... booty call

"You want to talk baby?" (You say)

"Hello, yes I want to talk baby, what type of question is that?" (I say)

You are my everything, you are my sunshine, my very reason for living.

"Get your ass in this house!"

"I need you right now baby, all the time actually." (You say)

I kiss you on the lips, grab and jingle them butt cheeks the way I like to do and guide you into the bedroom. You rush to the bed while I chase you grabbing on your butt cheeks.

You started that farting already baby

"What... let's talk baby." (You say)

"Oh, we're about to have a great conversation." (I say)

I undress you while we're kissing as you enter you, you start moaning like crazy, cumming like crazy, farting like crazy.

"You go act right, huh? You go be a good girl." "Huh!"
"Yes baby" (you say screaming with a loud voice)
"Then shut your mouth, daddy" putting it on your ass tonight (I say)
You start crying everytime you cum, waiting for me to give you permission to start morning again
I turn you over on your stomach while your smacking your lips
"It's time for the rooze" (I say)
You start smacking your lips and licking your lips
"Who? Daddy" (I say)
"You" (as you look at me while your on all fours)
I start taping on your butt cheeks and then you let out a gigantic fart that almost causes you to fall over
"Damn, baby I'm feelin that" (you say)
"Assume that position" (I say)
While I'm smacking your butt cheeks softly inside your butt cheeks, you start moaning with large amounts of cum running down your legs
DURING THE 2 HOUR RIDE OF HER LIFE SHE CHANGED FACIAL EXPRESSION A MILLION TIMES CRYING "DAMN DAMN" LAUGHING "OH SHIT, OH SHIT" CUSSING "OK FUCK DAMN, OKAY FUCK'' EVERYTIME I HIT THAT G-SPOT YOU HAVE A GUILTY LOOK ON YOUR FACE AND FART REAL LOUD EVERY SINGLE TIME THAT'S HOW I KNOW I HIT THE G-SPOT COMPLETELY WHILE WE'RE HAVING SEX I LOOK AT YOU AND THINK "MISSION ACCOMPLISHED" YOUR FACIAL EXPRESSION SAYS IT ALL "THANK YOU DADDY" FOR CUMMING TO GET ME" I COMPLETELY BREAK YOUR WILL TO RESIST, I BROKE YOUR COMPOSURE THE ONLY THOUGHT IN YOUR MIND IS THIS MAN JUST BROKE ME, MADE ME HIS BITCH AND THE ONLY THING YOU CAVE A FUCK ABOUT AT THE MOMENT WAS CUMMIN' UNTIL YOU PASSED OUT YOU WERE IN A CUM FANTASY WORLD CONTROLLED BY ME, YOUR NEW MAN, YOUR NEW PIGGA YOUR NEW BEST FRIEND AND YOU WERE LOVING EVERY SECOND OF IT
Your ass is sweaty by now, just the way I like it. Prime and ready for the ride of its life. As I enter you and begin bumping and grinding, I say "Damn girl, that ass is the bomb!" "Yes" (you say with sweat rolling down your head). "You deserve that baby, you deserve all of me."

As I continuously cum in your asshole, "How you feel baby" (you say as I take my dick out of your asshole). "I feel like a million bucks!"

"You deserve that baby" (you say as you start laughing and crying at the same time). It's been almost 3 hours we are exhausted as you lay on top of me while I'm jiggling your butt cheeks. Teasing you about how I straightened you out and put it on you. "Whatever" (you say while your smacking your lips and laughing). "Whatever big dick daddy" (you say laughing).
After I finish stroking you, you could barely move with tears rolling down your face, smackin' your lips
I kneel over you with a dominate snagger then tease you by cumin' all over your face then you start smackin' your lips and say
"I'm feelin' that, that's what's up."
While I'm lookin' at you, you turn over without me asking and bend over on all fours and start twerking your butt cheeks, stoppin' only to let out your sweaty facts
You turn and look at me and start smackin' your lips as I start to squirt your butt cheeks like two oranges and start spankin' you until I enter your asshole with my big juicy dick and start stroking.
I'm lovin' it as I continuously cum every 10 minutes
You love it too and you repeatedly say
"Damn damn on shit" right before you cum repeatedly.
After we're done and completely exhausted you lay on top of me as I caress and tickle your butt cheeks until you fall asleep.

The next morning I tell my new woman J. Ward, "Are you ready for the ride baby, because it's going to last forever" (I say).

"Definitely" (You say)

As you get up, you take a shower and get ready for work.

A mighty fine psychologist you are, you finally have a man who is willing and able to study and make love to your mind every second of the day.

Pleasing you is my duty.

As you get ready to leave for work you say, "Have a good day baby."

"You too" (I say).
I tease you some more and then we turn on the TV and watch the late night news
I then turn off the TV.

“Hey, yeah, I love your ass baby, you hear me?”
As you give me a long mouth watering kiss I jingle your butt cheeks until you fall asleep
While your sleeping you cum on yourself
I’m in your head completely
I answered your pussy and booty call
Your calls will always be answered immediately
And fulfilled

The best for my queen J-Ward

“I love you” (You say)

“I love you too” (I say)

J. Ward, baby, please understand how serious I am
How seriously I want, need you, want you
Love you with every inch of my heart
Our love is like magic
like candy and cakes, your body is as sweet as can be from head to toe
when you sit on me and I eat your pussy while you continuously cum on my face and in my mouth
its the greatest taste on Earth because it cum's from you
Sometimes our love can be as rough as the sea especially when my job in the military causes me to be away from home for months sometimes but I can still see your face everyday via the 1 phone
Like fire, our love is hot, especially between the sheets but more importantly intellectually, as we challenge each other to be the best we can be our conversations are never the same, very thought provoking and meaningful that allows each of us to grow into our full potential
Love will make you do things, you don't want to do
cause anything, you ask of me baby
I'll do it for you
It's just me and you J. Ward.

We only do things that the other wants wholeheartedly.

"Baby, I really don't want to have a dinner for 4 with your friends but for you I'll do it."

"Baby, I been at work all day. I really don't have time to cook a full course meal, but for you I'll do it."

"Baby, you woke me up at 1:00 A.M. to tell me you want me to eat your asshole. Girl you are too much. I'll eat and suck them crazy sounding facts you shout out but if you shit on me I'm be very upset, but for you I'll do it."

Compromise is our favorite word right... Ha Ha"

The only thing we need is each other.

Our 4 months together, so far, has been the greatest experience of my life. We live within each other's magic circle. As enchanted slaves.
You love it when I boss you around
You love it when I fuck you for hours until you just want to cry and have nothin left.
You love it when I cum all over your face and rub my juicy balls over face.
You love it when I continuously smack you on the butt and refuse to allow you to get up until I say so.
We love it when we look into each other eyes while not making a sound right before we go to sleep.
It fills our heart with passion.
We truly have turned all of our fantasies into reality.
We love to play around with each other whether it's me playing with your pussy while joking with you or you playing with my dick while I'm watching T.V.
You love to tease me and I love it.
You are my essence.
My reason for living.
In God's Imagination you were created
You are more beautiful than any woman I've ever come across
You are a complete woman physically, intellectually, sexually and emotionally
I worship your very essence
God first created not the stars or sky, but you
Not the mountains or seas, but you
Much more beautiful are you than anything on this earth
I create beautiful poetry for you
Poetry is what my heart constructs
My heart is unrestricted as I use poetry to reflect
How I feel about the most important woman in my life
In you is God's Image fully reflected
Much more beautiful are you
In God's Image He created you
Look into nature's mirror and see the reflection of nature's beautiful flowers
More beautiful are you in your entirety
Your enthusiasm is one of the traits I fell in love with.
Your outgoing and playful character put me under your spell from day one.
You've always had great interest and motivation.
You love to help those less fortunate, which helps make you a solid and professional psychologist.
You remember this scene:
"You haven't been yourself lately, baby" (I say).
"I've had an extra caseload at work, which has my mind occupied more than usual." (She says)
"Alright baby, I'm making it alright." (I say).
For the next month, I take the load off you every night when you come home from work.
I undress you, cook your dinner and breakfast.
I bathe you, I give you great body massages while you lay in bed, I take care of all our business and financial bills.
I ate her from head to toe at the drop of an eye.

"What are you doing, baby?" (she says)

"Just watching T.V., preparing dinner." (I say)

"I need my kitty eaten baby." (she says)

"Alright baby, I'm cumming without hesitation.

Our understanding of each other, the unconditional love we provide each other is unlike any relationship in this world.

As we lay in bed, we read books together, especially the books I wrote for you while I was in prison.

We laugh at the same time when watching late night comedy shows as I play with your butt cheeks.

We listen to our favorite music together, especially those handpicked songs that we picked to symbolize our love.
We are comfortable in silence too
enjoying the crackle of the fireplace in the
winter as we lay in front of the fireplace
as we gaze into each other’s eyes.
We enjoy the constant hum of the window
fan in July as we lay naked in each other’s
arms during those 100-degree hot summer afternoons
with Starbucks mocha in one hand while
the other hand is around each other.
We laugh together.

We joke
we like making each other feel like kids again
but in a good way
when I worship you and give you everything
you could possibly want and fantasize about
sexually, it makes you feel like a kid in
a candy store.

Let’s enjoy life to the fullest
just me and you J. Ward
I took your bitch

I ran into a friend at a Super Bowl party
He introduced me to his new lover Jennifer
My friend was always a lady's man but so was I
My friend said that the game was coming on
And he was going to watch his beloved, "Seattle Seahawks," on the 70" inch T.V. screen
With the other partygoers
He left to watch the game without acknowledging
His new lover Jennifer
Wow I thought
"Enjoy the game I tell him"
What he didn't know was that I have a much different game in mind for the night
My friends new lover was beautiful, an Italian
With a great body
As soon as my friend walks off, his new lover tells me "He's starting to take me for granted"
In my mind I'm thinking (I'm do the job he's obviously not taking seriously)
Me and my friends new lover talk for about
4 hours while my friend is enjoying the game
"You want to go watch the end of the game?"
I ask her.
"No, let him and his friends enjoy themselves!" she says.
I glance over and see my friend laughing
never taking the time to check on his new love.
"Let's talk more! I'm in to this!" she says.
Me and his lover got carried away, the next thing you need to know I'm grabbing on her
butt cheeks, jiggling them up and down as she
laughs and tears. She says "He'll be alright."
The day after the Super Bowl party I get a
text from her saying she wants to come over
and finish our conversation from the night before.
Wow I thought.
I give her my address and she shows up
looking sexy as hell.
As she enters my apartment I kiss her on the
lips and start to grab on her butt cheeks
like I did the
night before.
SHE STARTS SMACKING HER LIPS AND THEN SHE STARTS CRYING

"WHY ARE YOU CRYING" (I ASK)

"MY MAN, A BIRD" (SHE SAYS)

"HE'LL BE ALRIGHT, HE CAN'T HANDLE YOU" (I SAY)

I DIRECT HER TO MY BED

BY THE TIME SHE GETS ON MY BED, I SEE A PASSIVE EMBARRASSED LOOK ON HER FACE

I LOOK DOWN AT HER VAGINA AREA AND SEE HER SPOTS ON HER SPANDEX PANTS THEN SHE STARTS FARTING

DAMN GIRL (I'M THINKING)

I START TO UNDRESS AND THEN I ENTER HER STROKING SLOWLY THEN FASTER WHILE SIMULTANEOUSLY GRABBING AND JIGGLING HER BUTT CHEEKS UNTIL SHE CUMS OVER 5 TO 6 VERY GOOD TIMES

I PLACE HER ON ALL FOURS AND RIDE HER DOGGYSTYLE LIKE A HORSE, PATING HER BUTT CHEEKS REPEATEDLY

WEARING THAT ASS OUT
EVERY NIGHT FOR THE NEXT WEEK SHE COMES TO MY APARTMENT WITHOUT ME HAVING TO ASK AND WE REPEAT OUR SEXUAL FANTASIES. TWO WEEKS LATER SHE TELLS ME SHE'S BREAKING UP WITH MY FRIEND. TWO WEEKS AFTER THAT SHE ASKS ME IF SHE COULD MOVE IN.

"OF COURSE YOU CAN, YOU BETTER ACT RIGHT."

"OH, I WILL!" (SHE SAYS WHILE LAUGHING.)

A MONTH LATER I SEE MY FRIEND AT A BAR. HE LOOKED Miserable.

"WHAT'S WRONG?" (I ASK HIM.)"

"I CAN'T GET OVER MY EX" (HE SAYS.)

"MAYBE YOU WERE NOT READY PLAYA" (I SAY.)

TWO WEEKS LATER ME AND MY FRIENDS EX-LOVER JENNIFER ARE IN A RESTAURANT ENJOYING OURSELVES WHEN I LOOK IN THE CORNER OF MY EYE AND SEE MY FRIEND STARING AT US WITH PURE JEALOUSY IN HIS EYES. AS ME AND JENNIFER FINISH OUR MEAL WE GET UP TO LEAVE. BUT BEFORE WE LEAVE I START JIGGLING BOTH OF HER BIG JUICY ASS CHEEKS UP AND DOWN WHILE SHE STARTS LAUGHING. SHE THEN SAYS "EVERYBODY'S LOOKING AT US, YOUR GOING TO MAKE ME CUM." (AS YOU START LAUGHING.)
My friend looked at us and as we prepare to leave I look in his direction and I could tell he wanted to cry.

Two months later I find out that my friend checked into a mental health clinic shortly after trying to kill himself.

Was this an innocent game of overboard flirting or am I just a player who took advantage of my friend falling asleep?

How ever you look at it I took his bitch.

THE COSMOS

The cosmos have gone through 14 million years of change. One outcome of that is our presence. Every human evolved out of that process. We're the creation of the cosmos. When we look at something, we're the cosmos looking at itself. When we feel something, we're the cosmos feeling itself. When we know something, we're the cosmos knowing itself. Any animal with an eye is the cosmos looking at itself. When water condenses and forms a reflective pool, that mirror the sky and clouds. That's the cosmos reflecting itself. The cosmos.
THE SKELETON WITHIN

Beyond the follicles of our hair,
Underneath our skin and blood,
Lies the skeleton within.
Underneath our fears
Underneath the love and passion.
At the end of the day,
We are all the same.
Destined to one day meet
The skeleton within.
Redemption

If we were not meant to make mistakes, how are we to learn the correct path?
So I fell and got up from my fall,
Learning why I fell in order to not fall again.
History repeats itself in cycles.
Because we never learn the painful lessons of life.
No force can change you against your will except for the force of love.
Love thy neighbor as thyself.
This is the antidote to all our troubles in life.
The cure is not outside of us.
But rather inside of us to all those good souls that we have caused pain.
We are obligated to make amends before we leave this physical world.
Do not use external things to justify delaying this transformation of ourself.
Follow my path to redemption.
SEX STORY

THIS SEX STORY IS ABOUT TO UNFOLD
As we kiss each other, my hands on her big juicy ass, she playfully tells me stop
I pat her on the ass and direct her to the bed as we undress
As I go inside her I grab her waist and
their ass
She moans and moans
As I'm inside her
I spank her on the ass wailing her ass out
Thirty minutes have passed and she has cum twice
She starts to cry with Loves passion in her eyes
I continue to spank that ass, rub that ass
A hour later she's worn out and she lays on top
on me
My hands on her ass
My hands now in between her ass as I spread
She mires
My bitch, my woman, my soulmate, my lover
As I look in the mirror and see what I've become, I realize something that has been well-hidden my whole life.

As I finally start to put together the puzzle, that is my life.

I find much to be impressed with on the inside and outside.

That innocence, great looks, mental and spiritual strength.

Unlimited potential for growth is quite obvious once you look back and find you cannot continue on the path you've created for yourself.

There is only one solution:

Turn around and face the mirror.

Face the responsibilities that you laid from the beginning.

The mission is to stop the pain you caused yourself.

As well as your friends and family.

This is the hardest part of the entire journey.

There are two kinds of pain in every rebuilding story.

Bad pain can destroy and demolish everything you have broken.

In the end, it all comes down to who you see on the other side of the mirror and if you want that reflection to grow productively into its full potential.
