DEDICATION

This book is dedicated to my mother and father (God Rest in Peace) who showed me how two people could really indjoy each other after 50 years of marriage. They had so much fun with each other that I loved to be in their company and watch them indjoy one anoither. I miss them.
FOR LOVERS

INTRODUCTION

So, let's get something straight off the bat. For a long time I was bone head when it came to romance, and sometimes I still am. For a long time all I wanted was food, sex and sports, and I couldn't understand why women didn't hang around.

I had to work at this romance thing, and with all the research I did into the opposite sex I was no better closer at getting any better at this romance thing. One day I say a picture a little girl in my family. Family had drew of her self and over the picture she wrote

Page 2

David Perryman
the words—"sugar and spice and everything nice," every thing made since. Women are sugar and spice and everything nice. They like pretty things, flowers, nice jewelry, a cool dress, a box of candy, etc., etc. It's just that simple.

They are the opposite sex. "Opposite of me," rough, tough, and rvquad. I had to write it on my wall "keep it simple stupid." You see I want to complicate this romance-know-women-thing. It's just in me to get really, really, really deep with it. To know all there is about women so I can master them. Laugh. That's really funny.

So, I gave the simple approach a try. A simple flower here, and a good love poem there and I was on my way to

Page 3

David Perryman
becoming romantic. It was too easy. I had to be doing something wrong. Was this legal?

Now, you can put all this stuff off and say I want more than simple romance. I want to be a Romeo or Don Won, and I say to you you can do that and probably become successful at it. But that is not the goal of this book. This book is intended to help the one man with the love of his life.

First, you have to be willing to put forth the effort to be romantic. For without willingness you might as well go back to the couch and watch the game.

I had gotten so good at romance with

Page 4

David Perryman
the one I loved I decided to write this book. This book is divided into two parts. Part one is love poems. There are many ways to use them. You change the words to your liking, write your own, use your own handwriting, print it up, put on a greeting card, a mini poster use your imagination, but I suggest you don't read directly from the book that not too romantic. You read them at an anniversary, birthday, before/after sex, how about while rubbing her feet after a hard day at work while she sips on red wine. Now, that would be a good one.

Part two are romantic ideas that are self-explanatory, and should give you some good ideas. I had fun writing this book and may write another, well see. Good luck.

(7)
Kisses for always taking a stand,
Kisses for loving life in all its grand,
Kisses for when your being little nutty
Kisses for that special wiggle in your butt.

Kisses for the way you party at night
Kisses for possessing an angel light
Kisses for loving me right now,
Kisses for how you make that dress I say owww.

Kisses for how you grow,
Kisses for all that you know.

All these kisses are great in all that you do,
But the last and best kiss is for simply being my b.o.d.

(Dave Perryman)
Hugs

I want to hug you everywhere
to show you how much I care.

I want to hug you on the stairs,
in the woods by some bears,
I want to hug on the floor,
in the house near the back door.

I want to hug you naked,
and while you shake it,
I want to hug you on the roof top,
and in the shower till you tell me to stop.

I want to hug you near some guy named Nate,
cindy on a real cool date,
I want to hug you on the gold gate bridge,
and on top of the ferris wheel.

Page 69

David Perryman
I want to hug you on a airplane flight, and middle your ear with a little blast. I want to hug you over there, and hug you while I slip off your underwear.

I want to hug you because your a real hotty, we can do a hug while doing the naughty. Naughty, lets hug because we truly care, me and you are quit a pair.

I want to express these hugs to you, special hugs true and true, so with these hugs I do say, our hugs will truly be special in every way.

RAINBOWS

AND

MOUNTAIN TOPS

I sat and looked up to the sky, and the thoughts I had of you made me high, and I came with these two dreams

I want to take you on top of a rainbow and give a special kiss, and then we splash in and out of the colors swimming in the rainbow becoming one in the rainbow, becoming the rainbow and we stand holding hands looking into each others eyes with rainbow colors and we understand the essence of us as one and we smile with rainbow smiles and as the day is ending we slid down the rainbow and the rainbow slowly fades, we salute the rainbow.

Page 11

David Perryman
I want to climb a mountain so high with You that it reaches the heavens, and we find canaries, and we dance with the canaries with music played by God Himself. We do the two-step, the wa-tusey, and a little jig we make up ourself. We dance to the freedom of us, our story of love hearts connects on a river headed to a sea of grace and joy, and the canaries move in and out between us whispering to us sweet impressions of compassion so wonderful we dance, and dance, and dance some more, and as the canaries fly away back to heaven we hug and wave them good-bye.

Yea, I sat and looked into the sky,
Yea, rainbows and mountain tops

Love Thoughts

Because I love you so
Here are some love thoughts I want you to know

The way you smile everyday
Is why I love you in every way.
Your hugs mean so much to me,
They help set me free.

Your kiss I live for everyday I want more.
I believe in who you are,
Me and you will definitely go far.

I want to know all about you,
And everything you do.
Can I kiss your mind
With me a great love you will find,

Page 13

David Perryman
I will always be there,
showing you how I care.
I want to dance in your soul,
helping you become more whole.

These words are meant for you,
to show you what I want to do,
with life we shall flow,
can I kiss your big toe,

listen to my heart you will hear,
for you I have no fear,
so let's make a love stand,
always us hand in hand,

everyday we shall have a ball,
cind I will catch you when you fall,
with these love thouats I must say,
I will always love till your old cind gray.

Page 18

David Perryman
Believe IT

Believe it that,
that I love You til the end of time.
I'd dive off a bridge and turn a flip
just to kiss your sexy upper lip.

Believe it that,
for You I'd wrestle a bear,
crocodile or two,
just to be with You.

Believe it that,
I truly need You.
And that will always be so,
I'd even cut of my big toe.

Page 19

David Perryman
Believe it that,
that for you I'd tackle a bull,
and tongue kiss an ugly cow,
now that you gotta say wow.

Believe it that,
I'd roller skate naked,
I aren't trying to be all so cool,
for you I am your happy little fool.

So, lady I say these things all so true,
and I say this with great wit,
baby just believe it.

Page 20

David Perryman
I will always be faithful to you,
just watch what I will do,
if another women tries to get at me,
I will run to be free.

I could never cheat on such a wonderful one,
to me you are the sun.
I want you so bad,
you make my heart all so alad.

I am so scared to loose you,
I have to stay also true.
other women I must stay away,
with them I will not play.

PAGE 21

DAVID PERRYMAN
I plan to keep you always, 
and love you all my days. 
Other women I will go into a Kung Fu stance, 
with you only will I dance.

I say this while on one knee, 
girl you are the only one for me. 
Other women better leave me alone, 
I'll chase them with a stone.

Yes, love all this I must do, 
to show you I am true, 
without you I am all so blue, 
so, I will always stay faithful to you.

Page 22
David Perryman
You feel like home

Yes, you feel like home to me,
that thought I must agree.
This place doesn't feel right,
without you to make it bright.
I love being around you,
you make everything brand new.
Sleeping on the couch is always good,
feeling you as only you could,
when your here its all so great,
when you're gone that's what I hate.

There is something I just gotta tell,
when your around I feel all so swell.
It's all good when your around,
my heart makes a good sound.
from you I could never roam,
that because you feel so much like home.

Page 28

David Perryman
PURE JOY

You are truly pure joy to me,
with you I can truly see;
my heart does shine,
you are the best catch and find.
I want to hug you always,
and say something special on my days,
its pure joy in who you are,
from you I could never go far.
I feel you from head to toe,
you help me grow.
You are definitely my cure,
that's because your joy is so pure.
I can hear your heart talk,
It says from your love I should never walk.
I will always be your love toy,
that's because your love is pure joy.

Page 24

David Perryman
I am so truly satisfied with you,
I love all things we do.
The way you treat me is so cool,
Girl, to me you truly rule,

I love how you make me feel,
You definitely turn my wheel.
Your touch so soothes me,
And now I am truly happy,

I love when your around,
You help keep my head to the ground.
Being with you has gone to my head,
Without I'd just lay in bed,

Page 25
David Perrymay
I love how you see things,
how you hear the way my heart sings,
I am so in with you,
sometimes I don't know what to do.

Your kiss and hug mean so much,
makes my mouth go hush.
It's so insane,
the way you end my love pain.

O.K., so I say all this,
because you're such a beautiful bliss.
And I mean this in every way.
I am truly satisfied with you everyday.

TEAR DROP

Because you are my mountain top,
I will always be there to catch your tear drop.

If ever you loose your job one day,
I will be there to show you all will be ok.

If every one turns against you,
watch me make you feel brand new,
I will be there to catch your tear drop.

If ever you loose a loved one,
I will hold you deeply under the sun,

If you ever get really sick on the way,
I will take care of you all the day.
I will be there to catch your tear drop.

If ever your best friend lets you down,
I will be your love crown,

If ever everything just drives you insane,
I will be there to feel your pain,
I will be there to catch your tear drop.

page 27

David Perryman
If ever something causes you great fear,
I will whisper strong words in your ear.
If one day all goes wrong,
I will be there to sing you a song.
I will be there to catch your tear drop.

If you ever fall and drop,
I will be there and bring you back to the top.
If ever you feel your just done,
I will be there to show some fun.
I will be there to catch your tear drop.

Yea girl there a lot of things that could make you cry, cind shake your head and sigh, but know this fact for sure I will always be there in a quick hop to catch your tear drop.

Best thing I ever had

You are the best thing I ever had I must say,
and with these words I must say it just this way.

The
You are the best thing I ever had,
because of the way you treat me so,
you have helped me grow.

You are the best thing I ever had,
because with this love you take great care.
Look at us we make such a great pair,

You are the best thing I ever had,
because now you can cook,
and dance, for that super sexy look.

Page 29
David Perryman
You are the best thing I ever had,
because of all that you know,
and your sexy left big toe

Yeah, girl when I think up all of the things
I could have in the world, and when I
think of you girl, there is one thought
that makes me so glad,

You are the best thing I ever had.

SICK IN LOVE

Lady I believe I need a doctor today, because I am sick in love with you in every way. I know it without a doubt, for when you're not around I start to quiver.

I got this love fever deep in the head, I think I'll have to stay in bed. It's all your fault beautiful lady I must say, I think I may have to pray.

This love sickness maybe there is a medication, maybe if I take sex education. You did this to me my dear, I believe my death is coming I fear.
Take my temperature would you please,
Your love has got me weak in the knees
I think I need a shot,
Why do I feel so hot.

I am starting to get dizzy
Maybe if I get up and get busy
I think I need a nurse or two
I think I'm turning blue.

So there is no doubt that I am sick,
In love with you, and I have discovered,
There is only one thing to do, to end this
Love sickness today, and that's being with
You in every way.

Page 34

David Perryman
I know you're an angel

You can no longer fool me anymore,
I know your cun angel down to the core.
I saw your wings one day,
and swear I saw you fly away.

I saw a halo over your head,
and I saw you levitate over the bed.
When you walk you float over the ground
and you make that heavenly angel sound.

I saw you turn into light,
and now you always do right.
Did I see you sit on a cloud?
If you go, God must be proud.
You can no longer fool me hun,
being an angel must be fun,
can you raise the dead?
You should really help old Sinners Ted.

Why is that you don't bleed,
you're forever doing a good deed.
In a way I am kinda glad,
you keep me from doing bad.

So, I will have to just get use to having
an angel as a mate, it looks real cool on a
date. Just don't think I know your game,
I see you lady angel I ain't no lone

Page 86

David Perryman
Your love drives me insane

All the things I find myself doing over you,

Your love drives my crazy too.

Your love is so powerful today,

I have to have it in every way.

I believe your love is driving me mad,

lady, I got it really bad.

Maybe a psychiatrist can get me right.

Your love I just can't seem to fight.

Maybe some psychiatric medication can help get me right.

Deep down I know only your love can set me free.

Your love feels so dang good,

For it I would do all I could.

Page 27

David Perryman
What is happening can be explained,
I am simply going nuts in the brain,
because your love is so great,
it driving me nuts is my fate.

The power of your love makes my brain pop,
and baby I don't want you to stop,
I don't think there is a cure for this,
and I don't care because it is pure bliss.

I believe because your love shows great care,
it really puts me there. Baby girl,
I hope you feel my in love pain,
your love simply drives me insane.

Page 38
David Perryman
sweet times

I want to dance longer with you
lets go roller skating too.
I want to kiss you in the rain,
and hug you till there is a love pain.
I want to tickle you all over now,
I want balloon fight that would be fun.
I want to sing you a song so great,
lets go to a mountain top on a picnic date.
lets dive in naked in water all so cold,
now that would be bold.
lets just lay in each others arms,
and enjoy each others charms.
There is a lot to do in this rhyme,
It all adds up to sweet times.
DOWN THE HIGHWAY WITH YOU

Let's just hop in the car and go down the highway,
and see where we end up that day,
because together were a bold pair,
with where we go we won't care.
With the top down driven in the sun,
lavishing and singing and having fun,
riding and living so high,
with you I want to do this til I die.
This cruz will become our fate,
where we'll end up I can't wait.
We'll drive through valleys and over mountain tops,
We'll drive through really cool raindrops.
We'll drive alongside a beach my sweet,
We'll never know who we will meet.
Let's always do this as something new.
Yea, down the highway with you.
Sweet Dreams of You

So, I have these sweet dreams of you,
Nice things I want to do.
I dream of dancing on a cloud,
of me you would be proud.

I dream that you will love me forever,
and walking hand in hand in rainy weather.
I dream of floating down a river of gold
with you,
me loving you all so bold.

I dream that you are beautiful queen,
and loving me is the dream.
I dream of you on an island one day,
You look like a goddess I do say.

Page 39
David Perriman
I dream there are one hundred of you, and you all know what to do.
I dream of dancing by the bay, and we grow wings and fly away.

I dream of diving into your heart, and saying wonderful things to do my part.
I dream of writing an entire book, or simply how beautiful you look.

Yes, lady, I dream of all these things,
I say them with love to please.
These are all my sweet dreams of you,
They are all definitely what I wish to do.
THE RIGHT RECIPE

I want to cook a meal of You,
I will need a lot of Your love too,
I will add a cup of Your sweetess,
And a teaspoon of Your Greatness.

This meal will need some of Your sex appeal,
And a dash of how great You feel.
I will make separate pot of how You care,
And a bowl of Your spirit do I dare.

I will have whole bunch of Your grace,
And some of Your beautiful face.
I will need a ton of what makes You right,
And now about a dab of Your unique light.

Page 401

David Parryman
I will need to stir the pot, and I will need to add that which make you hot, one half cup of your sweet kisses, and why not some of your lovely wishes, then I will have to add your kindness, and a whole lot of your fineness, how about adding what's in your heart, now that would make a good sweet tart.

This recipe will make a great meal of you, it comes from all the special things you do. This meal of you will be so right today, because I've got the right recipe in every way.

Page 42

David Perryman
I need you to take a good look at me, to see what I need you to see, what I have become because of you, in the ways I have grew.

CAN'T WAIT TO GET

HOME TO YOU

Yea, I can't wait to get home today, I need to get to my home to my body in every way. I can't wait to taste those lips, touch those hips.

I am thinking much about her, like a cat I am going to make her purr. When I get home it will be great, it's gonna be a real sexy date.

can't wait to hold her deeply, It will be felt deeply, mind is thinking about her all the time, it is the meaning of this rhyme.

PAGE 44

DAVID PERRYMAN
Bath tub games we will play, with her is a nice way to end the day. I want to massage her whole body, simply because she is a hotty.

We'll eat a really great meal, and do what according to how she may feel. I need to get home soon, I don't think I make it past noon.

I really need to see her right now, I got it bad "wow, wow, wow!" From her I will never roam, I can't wait to get home.
I believe in you

I need you to know I believe in you,
I believe in all the good that you do,
I believe in what you stand for,
I definitely want to see more.
I believe in your insight,
I believe how you got so much fight,
I believe in what matters to you,
I believe in your struggle too.
I believe in all your wonderful thoughts,
understand this I have no doubts.
I believe in where your headed in life,
and I got your back when you feel strife.
All these thus I believe about you are true,
To say it simply I truly believe in you.

Page 61

TAKE A WALK WITH ME

Let's take a walk my sweet, and when we're done I'll rub your feet. We'll walk hand in hand, we'll find a beach and wiggle our feet in the sand. Let's buy some ice cream, maybe stop and watch a basketball team. We'll wave at a baby going by, that will make us sigh. We'll stop for a big bite to eat, we'll never know who we will meet. We'll stop and kiss by a tree, feeling oh so free. We'll walk towards a sunset this day, and hug one another by the bay. So after hearing these words you must agree to take a walk with me.

PAGE 52

DAVID PERRYMAN
I GET IT

I get it your a woman with needs,
and I must fulfill my deeds.
I get it at times you'll be sad,
and times when you'll be really bad.

I get it at times you'll be moody,
I'll handle that and do my duty.
I get it some time you'll need to have your way,
I can do that any day.

I get it you want romance,
and to go out and dance.
I get it that at times you'll feel really blue,
when that happens I will know what to do.
I get it you'll need a hug on certain days, and to treat you in certain ways. I get it you'll need me to keep it real and really understand how you feel.

I get it, some things will make you cry, I will be there to cheer you up with a good try.
I get it, some things will make you really mad, I'll be there to make you glad.

Yea, I get all these things, and my love is what I bring. So, I say this with great wit, baby, I get it.
A SECURE MESSAGE

It will help you in all that you do.

and it might be about being your sex tool.
I will definitely be great,
and you will relate.

This secure message will make you more in love with me,
you will hug me to show you agree.
It will say lots of things,
you'll think I'm an angel with wings.
This secret message will be said in a secret place,  
the words will be full of grace. 
this message will ring your bell,  
just wait I will tell.

it will show you I am the one.

The secret message is this,  
that you are my every wish  
can’t  
that I breathe without you,  
and I want to be there when you need me too.

YOU ARE

You are many things to me,
that's the truth I must chance,
You are very sexy in all that You do,
You are definitely all so true.

You are what beautiful means,
and You fulfill all my dreams.
You are all so bright,
and I love how You do every thing just right.

You are so cool all the time,
and I mean that in this rhyme.
You are all so smart
And definately a wonderful sweet tart.

PAGE 57

David Perryman
You are so beautiful right now, to that I must take a bow.
You are great in how you care, you make life all so fair.

You are a great catch,
we make such a beautiful match,
You are the greatest in the land,
I love how you take a stand.

You are all these things to me,
They all make me all so happy,
with all these things you do for
It's simply who you are.

Page 58

David Perryman
I can't seem to get enough of you,
this idea makes me so blue.
Even when your around I can't get enough,
man, lady it is that rough.

I don't know what to do about this situation,
It is a never ending frustration,
not getting enough of you is driving me nuts,
It definitely has put me in many puts.

why can't I get enough of you I Yell,
It's got to do with how you ring my bell,
I don't now how much longer I can take this,
Girl, you just a wonder for bliss.

Page 59

David Perryman
I hate when you say good-bye,
It bothers me I cannot lie.
What is happening to me really aren't cool.
I feel like a fool.

I need you around all the time Miss,

Never get enough of you make me kinda sad,
but your I love you hugs makes me glad.

So its true I can't get enough of you,
And I don't know what to do
Not getting enough of you can be tough,
I guess I will have to except that of you

DAVID PERRYMAN
SOMETHING DIFFERENT

Baby, let's do something different today.
Let's listen to these words I believe I have a way.
Let's hop in the car,
We'll go somewhere far.
We'll find a beach to do this,
We'll stand in the waves and kiss.
We'll chase each other in the sand,
or walk slow hand in hand.
We'll climb to a mountain top,
And re-hug in the middle of rain drops.
We'll wave at babies at a hospital ward,
We'll never be bored.

Let's have a picnic on the puff,
And do all kinds of things being a puff.
Yes, we can do something different,
So, lady, let's start today.
BLUE JEANS

It drives
It drives me crazy every time,
The way you wear them blue jeans should be a crime,
The way you move in every way.
Them blue jeans just make my day.
It's like a breath of pure sunshine,
In them blue jeans you are all so fine.
I just want to get so near to you,
Makes we want to give you a hug and do the woo, woot, woot.
I think you know what you doing to me,
Why don't you come and sit on my knee,
I want chase you all over the place,
Think I can make it to home base.
Them jeans on you is pure art,
You know what you doing to my heart.
Lady you know the deal,
With them blue jeans on I will go crazy that's simply now I feel.

GOT YOUR BACK

Yeah lady I got your back always,
this will be all your days,
If you should fall out a window one day,
I’ll dive out after you and find a way.
If you should fall down the stairs,
I will do a mid air flip to protect every little hair.
If you should slip and fall,
I will catch you like a bouncing ball.
If ever you get chased by a stampede of rhinos
or attacked by a gang of kong-winos.
If ever you get chased by a giant all so tall
I will stand and plant them all.

Page 67

David Perryman
If you ever get chased by a bear
I'll just slap him in the face like I don't care.
If ever you loose your mind and loose trucky
I'll go find it and make sure you get it back.

If ever a storm sweeps you away,
I'll hang glide to save the day.
If ever you foot falls off all the way
I will limp for you on that day.

So my love, you see all I will do for you
I will do all I can to be true.
All of this is a great fact
that honey I got your back,
ON A LAZY SATURDAY AFTER NOON

So, I wake up on a Saturday After Noon,
I need you to wake real soon.
So I whisper a sexy thought in your mind,
Get up and see what you’ll find.

I simply want to lay around with you,
Doing nothing especially new,
This Saturday afternoon just us,
Doing nothing without a Ross.

Let’s lay around feeling each other,
Kissing around with one another,
We’ll play and play on this day,
We’ll do things all our own way.

PAGE 59

DAVID PERRYMAN
We'll sit outside and enjoy the sun,
we'll cook a meal and have fun.
This lazy Saturday afternoon lets kiss a lot,
we can do that because were all so hot.
we'll fall asleep on the floor,
just being around each other more and more,
we got nothing special to do,
It's all cool as I'm doing it with you.

Yes, this day we'll do nothing all the way,
wasting the whole day,
lets do this real soon,
all on a lazy Saturday after noon.

THAT THING THAT
YOU DO

Yea, baby you got it all so good,
as only as you could,
You know that thing that you do
the way you move that body,
Its simply because your a hotty.

You definitely got to know the deal,
how not you make me feel,
the way you move all so right,
of you I want to take a bite.

I believe its deep down to the bone,
that sexy thing you make known.
A wild fire lives in you.
It shows in all that you do.

Page 71
DAVID PERRYMAN
I believe you know all that you got,
It's like cooking in a pot,
What you got I can relate,
Being sexy is your fate.

You got this appeal all so bold,
It something that can't be told.
Your energy is sexy cool too,
Down right bad and all so true.

I can see how you got there,
It's all around you in the air.
To you it's nothing new,
It's simply that thing that you do.
LET'S TALK ABOUT IT

Yea, I get it sometimes we'll need to talk before we decide to up and walk. I want to hear what you got to say, baby that is the only way.

I see what we need to do. It shows how I have crew. Taking about will keep things real, this is how we will hear,

Let's sit down and work it out, we can do this and have no doubt. Let's find a good cure, and lady I need you as my girl.
we have been through a lot,
I need you you are the best I got.
every word you say I will hear,
and respond to end your fear.

we both got pain inside,
lets do this and turn the tide.
what you say will matter to me,
it will set me free.

so when we got problems on any day,
lets talk about it every way,
so we can raise our selves out of a pit,
lets always talk about it.
How to Treat a Lady

This poem will show how I want to treat you
as a lady in all that you do.
take you dancing and fine wine,
just to show you your all so fine.

Always open the car door for you,
make you feel special when your blue.
treat you as the best in the world,
that because your a real classy girl.

I'll cook a meal for you by candle light,
and treat you just right,
I'll take you to a fancy ball,
of me I will give my all.
Treating you like a lady seems so right.
That's because you are my angel, Aunt.
It's easy doing all this,
treating you fancy is my wish.

Your classy hood drives me insane.
You deserve a bottle of expensive champagne.
You should be in a paradise as a queen.
You are the answer to my dream.

So, lady, you are who you are,
like a fancy Rolls Royce case.
Doing all these things are all so true,
treating you like a lady is what I want to do.

OUT LOUD

You should read the poems before reading to your women in order to read them accurately and with good manners.

If you decide you want to keep up with this poem thing, and you have read all the poems in this book. There are many books on poetry, I

And one very important point these poems are for her, you might make the mistake of saying, "I don't like it", are you quoting it to yourself? She will like every thing in this book because its you who are doing it. Rapp your head around that.

FOR LOVERS

PART 1WD

IDEAS FOR LOVERS

DAVID PERRYMAN
So, buy six long stem roses and lay out one side by side each other. Do this somewhere romantic in the house. The bedroom, lay out on couch, on the dining room table. Light some candles. Dim the lights. Turn on some slow romantic music. Get your curl in the room and tell her you have something for her. Start to read the poem Six Roses on the next page. After each numbered line on the poem give a rose and a kiss. Keep doing this until you have read all six and given her all six roses. Then slow dance with her after you given her the poem. You figure what do do after that. Write or print the poem.

Page 79

David Perryman
SIX ROSES

Because of all the wonderful things you do,
I have 6 roses just for you.

The first rose is for your great care
and how our love you are so aware,
that you believe so much in us today,
Baby, you are the only way.

The second rose is for how beautiful you look,
I could write a book,
Your beautifulness shines so bright,
It brightens my heart just right.

The third rose is for your smile,
You can see it from a mile,
I love it so much,
I love it when you Loch.

DAVID PERRYMAN
The fourth rose is how you do everything all so right,
it's you at your height,
you make everything all so good as only you could.

The fifth rose how smart you are always,
you'll have a great brain all your days.
your thoughts taste so good to me,
it's like cool, cool ice tea.

The sixth rose is the best one,
it shows in all that you have done.
I say and I know you'll agree,
it's simply how you love me—
     six roses for you—

THE PICNIC KING

So, choose a good place for a picnic, somewhere with not too many people so there won't be distractions, make sure you check the weather, not too cold or hot, just right. Make sure you tell her in advance, ask her to wear sexy jeans. And most of all bring that you are going to the picnic king. All before that time bring in a funny way that you are going to be the picnic king, crossing her courtyalty. So get a picnic basket and either buy a pie or make one. This will be tricky if you live together, you will have to have a sneaky boor or someone to hold it for you so they bring it to you on the day of the outing, or figure something out, make sure you got blanket, forks, napkins, and maybe some good wine.

Now get a large bowl or container...
and cut up small sheets of paper and write topics to discuss and put in the bowl or container. This will be used during the picnic. Pick interesting topics like what were you like in high school, tell me about your mother. I will tell now and when to use at the picnic later on this subject.

You will need to make a paper king's crown. It's easy, get some paper and fit it around your head. Once you got the right fit design it with purple like colors with drawings of jewelry and write picnic king on it.

Now, your ready. Once you get her to the spot and your all comfortable tell her she looks nice. Then put the crown with...
the words picnic king on the front, this should get a good laugh from her.
Then read to her the poem the picnic king on the proceeding pages, make sure you get it printed up or hand write it. Yet is really funny she should really enjoy it, give it to her when done.

Then pull the pie out, make sure you find out what her favorite pie is, that's very important. Hand feed her the first slice you give her, then you take a bite from the same plate, once that is done tell her you got a topic jar. You go first read the topic card and discuss it. Then her turn, have about ten; you don't want to menu. Then go back to the pie card wine card enjoy the day. Don't forget the music.

Page 84
David Perryman
THE PICNIC KING

I am the picnic king today,
I am the best at this in every way.
I can juggle while turning a flip,
want to use a Sex wip?

I might even dance as a butt naked clown,
now that would end any frown.
I might even do a magic show,
and disappear your big toe.
Because your such a hotty, naughty—
I might even say some thing naughty.
I will blow in your ear and give you a wink,
of your beautifulness may I drink.
these picnic things I want to do,
might even wiggle my butt for you.
so I must say this because it has a nice ring,
I am the picnic king.

Give her a kiss or blow her one

Page 85

David Perryman
STRIPE KNEE TAG

This one is for couples who have been together long enough to agree to it.

The rules of the game are simple. You try to tag each other on the knee. It's a hard place to tag, but not that hard. Once you get tagged on the knee the other one gets to pick what piece of clothing gets taken off. Whoever gets all their clothing off the other one wins, and the looser has to dance naked to music for a minute. Play for points the first one to five

Page 86
David Perryman
AT THE PARTY

So, tell her that you are going out to party with her, but it will be a little different. Tell her you want her to try and pick you up at the party and you will be trying to be hard to get. Tell her she has to say good things to try and get you home. Tell that you will go at separately but around same time. Each time she comes with a pick up line. See after you heard it you move away, and go stand somewhere else. Let her dance with you once or twice. Do this hard to get all night until you're ready then give in.
TOY LIST

Make a list of all the toys you can think of. Go to the toy store and get ideas. Read the list to her and see which ones she likes or what together you would like to learn. Buy a new one every week and play one day that week. Once you have bought all the games on the list dedicate a night to play one each week.
ARGUE ABOUT IT

This really is a good one. Ten your woman that you want to have an argue time. Make a list of ten things you both want to get of your chest, and you hand each other your lists and each or you pick the others to pic. After each gripe you kiss each other: do this until your done. It is good therapy to vent to each other. Check it out; it's really cool.
COOK HER DINNER

So, find out what she likes to eat. Learn how to cook it, but invite her over just before the meal is cooked so she can see you cook for her. Invite her into and talk about her day while you cook for her. Once the meal is done, light candles and say a prayer. Then read a poem, and enjoy the meal.
THE LIMOSENE PICKUP

Make a video off yourself reading the poem on the next page, then tell her to go put the out fit on that is laid out in the bedroom, and for her to wait till a certain time and she will see what to do next.

Have a limosene pick her up playing music during the ride. You will be waiting at a restaurant, when she comes in have some musicians play some music while you slow dance with her. Once done enjoy your meal.
So, first cut make some half piece of paper, better would be card paper to where it stand up like a greeting card. You'll need at least 7 of them. Put the first somewhere she will see it, it will have a sexy thought on it and to tell her where the next card is hid in the house. Do this with seven cards, once she finds the last card tell that you are outside somewhere waiting for her, better by your car. Have a box of candy waiting with a poem. The rest is up to you. Read the poem on the next page.
SOMETHING SPECIAL FOR YOU

lady I got something planned special
for you,
just watch what I do;
It's going to be great,
You will definitely relate.
I have been planning this for some time,
it's the reason for this rhyme.
Because of how you treat me
this love date you will agree.
I'm gonna hold you in a special way
and give you a naughty kiss on this day.
You are definitely a blessing all and all,
You make me stand tall.
You shine as bright as the sun,
tomorrow we will dance and have fun
so, because of all that you do
I have something special just for you.

Page 94

DAVID PERRYMAN
CLOWN AROUND

This one will take a little bit of effort. Get a red clown nose and maybe a clown outfit. You could go all out and put make up on.

So, once dressed get her and sit her down, take a bow and clapp and mime to her to clap. Now start the show. You will do three easy thingy, you could add more if you want.

1) Play baseball. Pretend you got a bat and swing with it a couple of times, then pretend you got a ball out of your pocket and throw it in the air and swing at it and pretend you hit it out the park. Look with your hand over your forhead, do this a couple of times dance to music.

PAGE 95

DAVID PERRYMAN
then have her come up to where you are and pretend to give her the bat and stand and motion you are going to pitch to her the pretend ball. Once she swings at the pretend ball follow the ball as if all it did was drop right in front of her. Do this three times. And all three times the ball drop in front and you put your hands on your waist in frustration. On the last time scratch your head, then put your hand to your face in a thinking position and then put your finger up in the air like you got the answer, go over and give her a long kiss. Now back up and throw the ball this time she knocks it out the park, follow the ball, then go dance with her.

There's more →

Page 96

David Perryman
2) THE MIME WALL  While she is standing up with you make a pretend mime wall with your hands right in front of her from head to toe.

Once you get the wall pretend to kiss her and you can’t because the wall is in the way. Do this three times. Then get a Pretend ax and swing several times and show it won’t work. Try to climb over the wall and show you can’t. Then make a bomb to blow up the wall, have her stand back, then cover your ears. Then go and try cuddle kiss and show wall is still there. Then go into thinking mode then pull a key out of your pocket and attached to it is a little tag that say “Key to your heart.” Then open the door and give her a kiss.

There’s more →
3) FLAPPY HANDS. TRY and hug her.

But show you can't because you got flappy
to lose hands that can't hug her. Do
this three times showing you can't do it.
Go into thinking mode and then raise
your finger in the air like you got the
answer. Give a real long kiss, then stand
back and watch your hands come back to
life and now you can give her hug.

Now, sit her down on the couch and
read the clown page on the next page.
Then you do what comes naturally after
that.
BE A CLOWN FOR YOU

This act I have done for you,
show how I'll be your clown thru and thru.
when you really feel down,
I will be there to clown around.
I will be there to juggle and play,
seeing you smile and laugh is really O.K.
I love making you happy,
especially when you feel super crappy.
I'll make you laugh til you drop.

baby, being there for you I can't stop,
I can even be a naughty clown,
saying sexy little things to end yo' frown.
I will kiss you during my act,
You'll blush and that's a fact,
this clown thing I will always do,
that's because I will always be a clown
for you.

DAVID PERRYMAN
WATER BALLON FIGHT

Now you can have a regular ballon fight that would be cool, or you could spunce it up.

First, fill up enough water ballons in a big bucket. Then sit it on the ground in the middle of some place. Then you both put on rollerskates, you have to skate to the bucket and pick a ballon, but watch it you might get hit with one, do this til the ballons are gone. Both you put shorts on, have fun.
Fly a kite

I had a girlfriend that got me into kite building and flying. We would work on kites together and go fly them together. It was cool, maybe you could introduce to your girl.
THE BUBBLE BATH

This one should really spoil her, so run some warm bath water making it bubble, light some candles, and have a bottle of champagne ready with the poem on the proceeding page, and slow music.

Lead her to the bath and undress her, help her in the tub; pour her some champagne, then read the poem. Once done with the poem feed her chocolates and go and rub her feet then her back. Continue to feed her chocolate while you talk to her about her day. This is really cool. Good luck.

---

DAVID PERRYMAN
BUBBLE BATH AND YOU

so, I make this bubble bath for you, simple because of all that you do, this will be a speical bubble bath, its magical and will lead you down the right path.
I poured in moonbeams so you could see, it is delicious like honey from a bee.
This will be so right you'll wanna cry, you might even fly.
It will make you turn a back flip, and make you say naughty sexy things with your lips,
this bubble bath you will enjoy.
can I climb in a be your sex toy.
you look so good in that bath you should be in a movie,
even your knees look sexy groovy.
So this bubble is all for you, lady when your done you'll feel brand new.

DAVID PERRYMAN

page 103
JEWELRY

I am a big Jewelry guy. Just give her Jewelry without some kind of ritual is boring. First, you can give her one of the lover ideas, or just read a poem. Just do something, just don't give it to her do something.

Now, the basic necklace, and rings are cool. I love to give them myself. But I also look for unique things. I use to call this one girl friend "butterfly" that was her nick name. I bought her this real cool butterfly pendant. Be creative use your imagination.
CANDLES

As a gift find a place that will make a candle out of her name or with her name inscribed on it. See if you can have several different ones made and rapped them all up in nice paper rapped. Read a Poem when give to her. Nice.

COUNSEL AND GROUPS

I am a believer in relationship groups and counseling. You don't have to be having problems to attend. Learning about relationship can make the quality of the relationship better.

Good counseling can help you see the difference between good men and women and to better understand each other. I had good relationship groups are really fun. I was in this one group that called it couples keep it real group Tuesday night. Couples where really putting there stuff on the floor, it would get heated. I learned so much about relationships in that group. Don't know where to find one, start it yourself. Talk to a professional and read some books on the subject.

DAVID PERRYMAN
THE NOSTLE

You are cind your mate could start a hustle
that you can both do on the side. I had
a girlfriend who both of us made homemade
Ice cream on the weekend. We had wild
flavors like spicy maple chocolate, we
gave them cool names like the elvis and
the junk yard dog. We made a lot of money
and it was so much fun doing it with her.

If you are interested in doing this
tell home girl you want to do this. Both of
You make a list of things you be interested
in, then you both pick one.
STRIP SHOW

Don't think you could strip for her, well read this first. anybody can strip for the one you love one. All you need is a little music and take one clothing off at a time. That's the simple version.

If you want to really do the do, go to a costume shop and buy an outfit. You can spend a lot or a little. You could learn some dance moves, bring in a pole. Try and find some music that is slow and has some interesting words to illustrate what you are doing. The blues, big band ballads like Frank Sinatra, and love country are all good music that has good interesting words. I got really good at my girlfriend couldn't wait till the next show.

Page 108

David Perryman
SING HORRABLY

If you can sing, this won't work for you. First, put on a suit jacket, tie but have nothing on on the bottom but your underwear. Imagine that.

Now, from some sheet music you bought, and a fake microphone, introduce yourself, then leave the stage (your home of course) and come back in as you took real serious, do some struts and neck rolls, cough twice, then hold the sheet music up and the microphone to your mouth and sing the whole song Horribly. Really get into it, illustrate the song with dance moves. This one is really good, can do different each time. Have fun!
ROLLER SKATING AND

ICE CREAM

This is a simple one but could bring so much fun, especially if you do it often. First, it's hard to eat an ice cream while roller skating. If you or your girl can't do it, eat the ice cream as a break. Really good on a hot day. You could dress alike, and teach each other tricks.
SHOP FOR HER

This can be done in two ways. The first is you and go and buy her an assortment of clothing. First, you will have to learn her sizes. There is nothing that shows that care you can buy her clothing knowing her size, a dress, pants, shorts, a hat, and yes sexy underwear.

The second way is to take her out and buy her things you like or having her model it for you. I love this one, especially when it's mini skirts and bath me suits, man, is that so cool.
THE TICKLE MONSTER

I went out a bought a bear costume, and told my girl I was the tickle monster. I chased her all over the house tickling her. She loved it, every so often I would put the bear suit on and she knew what time it was.

You don't have to buy a bear suit. You could buy a creepy monster mask, or a simple mask. You could cut the holes out a sheet and be the tickle ghost, your imagination. All women love to be tickled. Try it you'll have so much fun.
LOVE THOUGHTS

This is one of my favorites. Get a large see-thru container and fill it with little love notes that will cheer up your girl. You can really deep, you can complement her on something about her, you express in many ways how you love her. Tell she should only pick one a day or when she really needs a pick me up. You should keep filling it up. Use different color paper. Get a book of quotes to give you some ideas. The newspaper has daily quotes. This is a good one. She could put it by her bed.
3 KISSES

So, get the following items and lay them out on a bed or table somewhere. A suit jacket and tie, some mouth spray, lip balm, and a small mirror. Now go and get your girl. Make sure she sees all the stuff laid out. Now read the kiss poem on the next page.

Once you're done reading the kiss poem, put the jacket and tie on, comb your hair, spray the mouth wash, use the chap stick, then do some body stretches, stretches, and then do some mouth stretches (tell her what you're doing “lip stretches”) then look into the mirror checking your lips use a hanky.

Page 114
David Perryman
Now, the first kiss is standing up really get into it. The third kiss is on your knees both up you, and the last kiss is her on the bed looking up at you. Really get into it.

All that is the easy part; if you want to do this several times at different times in the future your going to have to come with a different kiss poem each time. You could use the same poem just change different music something with good words. Think about it.
3 kisses

So, lady I've prepared 3 kisses just for you,
It will make you want to woo-woo-woo.
They will be so nice,
of my love you'll never think twice.
These kisses you will beg for more,
Wrestle tackling me by the door.
These three kisses will be so hot,
You'll think I cooked them in a pot.
With these kisses you might even pass out,
Watch and see what these kisses are.
All about
I've even prepared a triple kung fu kiss,
And a double mockat ice cream kiss wish.
I will do a wild jungle sip
Of my lips you'll want a sip.
So get ready for 3 kisses my sweet,
These 3 kisses lady can't be beat.
THE HUG

The hug is just like three kisses except for a few changes. Get the same clothing, but add some gloves, and add the mouth spary and chap stick. Lay out all items on the bed, then go get your girl.

Once she is in the room make sure she sees all the items on the bed. Put on all the stuff one by one. Once you have them all on read the poem. When done stretch, and do some puns up. Then pretend to hug yourself, tell its a "pre-warm-up-hug", that should get a laugh. Then give a really nice hug.
Hug You

O.K lady I am about to hug You,
It will be so powerful You won't know what to do.
This hug will be a real sexy one,
It will be sexy and full of fun.
You will want more and that's no duvant,
This hug will show what I am all about.
This hug will show I am no saint.
You might even faint,
Check out my love hold,
Your toes might even turn cold,
This hug will be all so right,
or Your ear I might even bite,
So lady here I go with this hug thing,
It's better than a fried chicken wing,
I Remember

Sit your girl down and tell we are going to play a game called I remember. The rules of the game is that you start of a sentence I remember when you/us did this. Once your done she has to do it. You both go back and forth until you have had enough.
Two things about dance. The first you could learn to dance, so you could go out and dance better with her.

Once you know how to dance, choose her as a dance partner and learn steps together. You could go all out and hire a choreographer. You could perform at parties, weddings, talent shows, local clubs, or simply dance it up when you go out.
THE CLOWN TOGETHER

Man, do I want to do this one. Ask your girl if she'd like to go to clown school to be clowns for kids in hospitals, disadvantaged poor kids, older people, the disabled. If she wouldn't ask to at least be your assistant.

Try and learn the mime type clown that plays pretend games like baseball, and fake magic. This would be so cool if you'd could get into this.
LEARN ABOUT RELATIONSHIPS

You could quietly by yourself learn about relationships by getting some really good books on relationships, or you both could buy the same books and learn together. That is so cool.

You should learn about relationship before problems occur. Like, did you know of course all relations have conflicts, but you can have good conflict and bad conflict. If your proactive in your relationship, you raise your chances that the conflicts are more positive to where you can easily work them out. I learned that from a really good book on relationships. Give it a try. It really works.

Page 122

David Perryman
Tell your girl you plan to take her out, but there is going to be a lot to do. First, your going to a movie, then dinner, then you will have to go home and change to go out dancing.

You see it is very romantic to her that you are on the run to do all these things, especially the part about going home and have to change. It's a go-go night, make sure to tell her you got all this planned, so she can prepare for a women. It is a lot to plan for. So, make your plans and get ready to have some fun.

Page 123

David Perryman
CHARACTER PARK

I had so much fun doing this one. So, take your girl to the park and find a bench and tell her you want to play this coded character park.

You pick someone walking towards you and you give them a pretend name and occupation, then you come up with a wacky story about the person. Like, see him coming, that's Marvin Pitts he is a animal attorney and just got out of jail for being a male prostitute to senior citizens. He told the judge he needed the extra cash, laugh. Me and girlfriend got really good at this. We laughed so hard.

DAVID PERRYMAN
This is an old one. Tell your girl you want to play a game called question, question. Tell her you will ask her a question and after she answers she has to ask a question, and you go back and forth.

To make it really interesting pick a topic like sex. Every question has to be about sex. You choose all kinds of things: parents, movies, where you are from, etc, etc, use your imagination.
Bake a cake

Baking with a love one can really be fun, make a very difficult one that will take some time to make. Get really into it, get sloppy with stuff everywhere, play with her, rubb baking powder on her nose.

You could really be creative and bake three cakes at the same time. Now that would be something. Think about it.
Jokes

Tell your girl that you got an idea, that you should two should have a joke day. Now there are two ways to do this. The first is to pick a time and in one sitting tell the jokes. You both agree how many jokes there should be for each of you.

The second way is to all during the day at different times tell the jokes doing it all through the day. Make sure you give each other time to prepare. A good place to find jokes is the internet or library.
Make an interesting list of places you would like to experience and take your girl there.

There are so many interesting places to get an idea use the Yellow pages of the phone book or internet. There is chocolate factories, how clothing is made, music studios, coffee factories, wrestling moves, a place that make jewelry, wine making, cheese making, etc, etc. This is really is a good one.
Puppies

Every city and town has a dog pound or S.P.C.A. where you can go and visit with dogs. What is really cool is to ask 10 dogs can come out and play with you. Choose puppies if you can. Choose a day of each month to do this. It really is fun.
A Love Wack

Read the wack poem in this book then take here on a nice walk. You could write a poem for each walk. You could stop of for ice cream and/or donuts.

A really fun thing to do is that each of you pick a direction at the end of each block. That is really fun. Never know where you will end up.
FEED THE HOMELESS

Tell your self you want to pick one day to go out and pick a day to feed the homeless. You should pick your price range. If you are on a tight budget twenty dollar should feed five homeless people. Pick the meal in connection to how much you want to spend. You could do sandwiches, desserts, chicken, beans and rice, etc., etc. This one is really cool. could do once a month or on holidays.
Now, you can give your girl a simple massage just doing what you can. That is great anything is better than nothing. She will love you for it, or you could research and learn how to really give a massage with oils, music, and incense. You could get really deep into it. Think about it.
THE CLASSIC

Roses and a box of chocolates.

The best time to do this is before or after a date. Read a poem before giving to her, or you could do one of the other ideas in this book. A good idea is to feed her the first two. You could simply sip wine and talk allowing to enjoy the chocolates. Really cool.
AN ENDING THOUGHT

So, now you got forty poems and forty lovers ideas that should help you on the road to romance, but remember that romance is only one aspect of an relationship. You should research other areas.

Also, there is a thing of too much romance. You need to do them at healthy intervals with a little style. I hope I have helped. Good luck.

PART 3

RIGHT PATH

SOLUTIONS
RIGHT PATH SOLUTIONS

INTRODUCTION

This last part of this manual is to discuss topics. How can I talk about the problem without giving some solutions.

I understand why some people only talk about what's wrong with young people and not give solutions. It's all aimed at helping troubled youths. Highlighting the problem has its place, my aim is to do both. You must I hope it helps.
PSYCHOLOGY

They don't teach psychology in high school. With all the things that are going on in high schools, shootings, suicides, bullying, racism, homophobia, etc., etc. There should be psychology, especially the life skill type or a high school get real group. That would be so cool. 

I didn't connect with psychology and groups until I went to prison. When I found out I had a belief system I was like "Wow, a belief system, I got one of those. Now what do I do with it. Tell me more." Psychology blew me away.
I have found there are two kinds of psychology. There is the psychology that is text book, with therapists and the like. Then there is the group, life skill, and mentors where you get wisdoms on life. I had a life circle group once that had older people and younger people in it. It was real intense, we brought up some real life issue. I grew up in that group. A lot of what I believe today came from that group.

Now, that evot this phrase in psychology called “the tool box.” The tool box is rules for life that you can use to help you live life better. Like you got all your

own best answers. Meaning if you listen
to your self you will find you got good
answers to our situation. Just listen to
your self. Well, I got a tool for your box.
It is a term I made up for this book,
and its called "psyco-game." Psyco-game
is how much knowledge you got about
psychoqogy. There is anger management,
coping skills, groups, par psycopatic b
behavior, Bipolar, social skills, dual
channel, etc, etc. How much psyco-game you
got? You master. I think you should up your
psyco-game, You master.

They got this thing called therapy.
There are kinds of therapy, group therapy,
walking therapy, aroma therapy, meditation
therapy, etc, etc. The one that is the most

David Perryman

(5)
popular is one to one therapy usually done with a therapist (psychologist). You can do it with a good social worker or counselor. I believe the whole world should be in some kind of therapy. I am always in some sort of therapy on my life, I love it.

Another tool for your tool box is to know thy self. There is so much to you and I could in no way cover every thing that goes with knowing your self just in this book, but I can give you some thing. One way of knowing yourself is to know your strengths and weaknesses. Knowing your strengths is easy, those are the good thing about you. Its the weaknesses you need to pay attention to because they can take you out.

Page

David Perreman
You need to know what your weaknesses are so you can overcome them. Do you have problems communicating, school work, peer pressure, not good in sports? etc, etc. Once you have discovered the weakness, they get this other word in psychology called "processing". Learn what processing is. You need look at the weaknesses from all angles. Talk to others about, maybe therapy groups; then write down solutions. You can overcome your weaknesses.

Now, another thing about knowing your weaknesses is do you love yourself or are you self-destructive. Being in a life of crime is self-destructive. Do you find yourself saying "I don't care a dat" a lot to things?
then you are probably self-destructive, and really don't love yourself. You need up your psycho-game on that.

Now I leave you with one more tool for the box before I end this chapter.

The first one is one you conscious or unconscious. The dictionary defines the two words as: 1) conscious aware and able to understand what is happening around you, being aware; 2) unconscious unconscious not knowing or perceiving, not aware. Look up the words for deeper meaning. I use to be unconscious living the life in a daze not aware about life. Psychology woke me up. Are you unconscious youngsters? If you believe you are tell you gotta do is up your psycho-game.
Now the last part is to ask, do you have a conscience? The dictionary defines conscience as: The inner sense of what is right or wrong in one's conduct or motives, impelling one toward right action. Well, You master do you have a conscience? You can't be in the crime life and have a conscience. You need to up your psycho-game on whether you have a conscience. I hope this subject on psychology helped.

Page

David Perryman
ARE YOU A PREDATOR

They got this term in psychology called "a predator." That got all kinds of definitions. There is a lot on this subject in the world of psychology. My definition is anyone who uses force, fear, or trickery to feed on other people for some sort of gain.

If you are in the crime life you are a predator. Psychologist would have you believe that most predators are born that way, that it's your brain chemistry or make up. Younaster are you going to let someone say your a monster because you have to be. Change that up; you're psycho-game.
JOIN A CHURCH

Youngster, I am not going to preach to you about putting God in your life except to say you should check it out. God can do for you like nothing else. What I want to discuss is how a church can help you in your life.

You should join a daily active church, one that is doing something every day, not just on Sunday. I belonged to a church that had couples group, young people group, outreach, young business groups, phone networking, etc, etc. If you belong to a church that doesn't have all this, you try and start it. Think about it.

PAGE

DAVID PERRYMAN
You may have probably heard all the stories about education and I am not going to bore you with the same old stuff I believe I got a different approach.

Check this out; let's say you own your business and it's called "U-Business." Now at U-Business do you want people who can read or write working for you? If you did nothing would get done. You might as well call your business Nothing.com, and what do you do at Nothing?—Nothing. That's because no one can read or write. Think about it.
I am a lover of universities. I love every thing about them. You should get to know them too. You could find an organization on campus and volunteer once a week just to put yourself on campus. They got what they call the student union, find a union you like and volunteer.

Colleges and universities are always hiring people to do study, there is passing out flyers, spot jobs, and the career center. Universities are great places to make some cash.

Once you learn about universities that can be a tool for you no matter where you live to network, learn, and up grade yourself all the way around.

David Perryman
EMPLOYMENT

A SCIENCE OF BUSINESS

Now, you will need to have a career, an career is different than a job. A job is more like something simple to pull the bills. A career is a profession that pays a lot, and usually it should be your passion, what interests you.

The best way to choose a career is to make a list of what interests you. Then visit a career center at a library or university, or internet. Wreste with it till you find one that stands out.
You could start your own business. If you decide to do this, make sure you research it first. I knew a guy who started his own ice cream business on the weekends. Now it's a big business. You could buy a truck and park in the same busy spot every day, shake hands and advertise. You at the end of the month you will have more business than you'll know what to do with.

Be a business man. A lot of people have no sense of business. If I had a chance to do it all over again, I would go to college and major in business. It takes

Page

David Perryman
money to make money. You can become a financial wizard. It's easy. All you got to do is study business as a hobby or go to college and major in it.

The reason so many people have money problems is because they trap themselves in a job with a salary and have no sense of business. That won't happen if you declare yourself a businessman. A true businessman is not trapped by a salary he finds ways to continually make money and increasing his capital. Think about it.
MENTORS

Having a mentor is a good way for you youngster to get some pointer about life. Yes, I know isn't that what parents are for, and yes your right, but mentors come and go in our lives to help us along on our journey.

There are two types of mentors. One, to assist you with a particular thing like sports, music, art, etc., etc. Then there are the ones who help us with life in general. Good to have someone in your corvor who has been through a lot. You can either ask a person to be your mentor or just start being around the person quietly allowing that person become your mentor. Mentors can be a good thing in your life.
LIFE SKILLS

I believe people should take life skills at key points in their life. Most life skill classes discuss how to find jobs and such. Try and find one that discusses tools for the tool box.

I had a life skills teacher write on the board the word "think" every day before class. I believe this was his way of making us conscious and conscientious. He would come up with these life situation and we discussed it. That class did start me off thinking about life. Get into a life skill class yesterday.
NETWORKING

You got to get up on your people skill to do this one. There are two aspects to networking. The first, knowing how to make contacts. You just don’t walk up to someone and say “can I network with you?” All you got to do is start off with small talk, like mention how they have something interesting on, or where and you get that. What do you think about this place, city, etc., etc., etc. Get good at that. Next thing, you know you got a connection.

The second aspect of networking is staying in contact. Send gifts, tickets, cards, bottle wine, etc., etc., and continually upgrade your skill. Get a book on the subject.
CHOOSE YOUR FRIENDS WISELY

It took me a long time to get this right. I have had some really bad friends. I would just let anyone who wanted to be my be my friend be my friend. I have had some really bad esperances.

Now, a days I am really awared in who I allow to get next to me. Now I am really good at it. The whole point is to have a core group of friends who share positive ideas, beliefs, and goals. Having a good group of friends can really make your life better.
HELP THE ELDERLY

This is good one. Helping the elderly is a good way to do something good for others. You can get a lot out of helping the elderly.

They are rich in experiences and wisdom, they are fun to be around, and the feeling you will get from helping them. If you believe in karma, what you do to others will happen back to you. Helping the elderly is good karma. Think a good it.

David Perryman
LIFE IS SIMPLE

Life is simple. You go to work and go home. simple, I hear you tell people tell me all the time, "Don't I don't want to that, I want more," meaning crime life or fast life. Now, that's when it gets complicated.

I use to always have a sign on my wall that says "Keep it simple, stupid." My brain wants to complicate things. I don't know where that comes from, but it is there all the time. Maybe you should write that on your wall—keep it simple, stupid.
You should start to think about your health. Yea, of course taking care of your health now will determine at some percentage now you will live when your years older. But, you should also think of quality of life now. The better in shape you are the better you will enjoy life's pleasures.

Page

David Perryman
HOME LIFE NOT WELL

I get it, how can you do any of this stuff when the home life isn't well? First, if your being abused in any way you have to get courage to tell someone. That situation has to be stopped and you have to get it in your head that it has to be stopped by going to someone.

If you are not being abused but home life is still tough then definitive apply the soil solution in this book. They will help.

DAVID PERRYMAN
You can do it

Yea, I know that sounds lame. But it is true. Your first power is to be able to say I can do it. When you're on drugs you can't go to work, you have impaired your first power to be able to say I can do it. There are a lot of things that can impair your ability to do it.

You have many powers. The power to walk, run, see, talk, and live. You should give yourself more powers. Learn music, speed reading, a new language, and maybe a good hobby. Think about it.
TO THE TOUGH GUY

So, you master are you that tough guy who will not change. It's ride to die, your in it for life, you was born to the the game. Yea, ok, tough guy hear this. They got this thing in A.A. called jails, or institutions or death. If you choose a life of crime that's where you are headed. Don't expect a life of crime fun, riches, and fame. Not going to happen. Stay in the game long enough it will give you a black eye. That's a fact. So, if you got to do it the hard way at least now you know what to expect. Its not worth it you master. Think about it.

A FINAL THOUGHT

There are a lot of good things in this book. Enough to put you on the right path. You got to be willing to try them. A lot of stuff will be an effort to achieve. Like psychology where do you get? You can't just walk into a store and ask for psychology. Go to library, internets, and get hooked on self-help books.

I believe in you. You can do it. You can have a good life if you choose. Life is about choices, and I hope you choose the right path.

God be with you.

David Perryman
